No satisfactory reason was found for the high temperatures, and Brian was sent home after a week with medicine to be given at home.

Brian is the grandson of Mr. and Mrs. Guy Hughson of Plattsmouth.

Eagles Auxiliary Here Backs SSA Benefit Increase

The Ladies Auxiliary of the Fraternal Order of Eagles, No. 365, passed a resolution at its regular meeting on Thursday, seeking Congressional action to increase survivors benefits under the Social Security Act.

The resolution stated: "Present benefits as they apply to widows are inadequate and unfair. Under the present setup, when a wife dies and leaves her husband a widower after retirement, the man continues to draw full benefits.

A married woman of 65 receives one-half benefits; if her husband, after retirement, predeceases her in death, she gets three-fourths of what he received. Survivors benefits should be identical for the survivor whether it's the husband or wife who died first."

Local Auxiliary President Vera La Hoda stated that when President Franklin D. Roosevelt signed the Social Security Act in 1935, he called the measure the cornerstone of a structure "which is by no means complete." Statistically speaking, women tend to outlive their husbands by six to eight years.

"We think it's appropriate, therefore," said Mrs. La Hoda, that women's groups such as ours familiarize themselves with the workings of Social Security and strongly support measures correcting any inequalities inherent in it."

The Eagles' active interest in security legislation, said Mrs. La Hoda, predates the introduction of the Wagner-Lewis Bill in the 1935 Congress which became the Social Security Act.

Eagles began their campaign for old age pensions in 1921.

The pen, with which the late President Franklin D. Roosevelt signed the bill, was given to the Eagles. It has been placed in the Order's archives in Seattle, Washington, birthplace of the fraternal group.

IN NEBRASKA YOU PAY \$1.10 TAX ON TEN GALLONS OF GASOLINE!

How Do You Vote?

I Believe Gasoline Taxes Are Too High!

YES NO

HOW DID YOU VOTE? No matter how you voted, these facts on gasoline taxes are important to you:

- In Nebraska, car owners pay \$1.10 tax on every 10 gallons of gasoline they buy!
- Gasoline taxes across the nation amount to a 50% sales tax—and that's five times as high as the tax rate on luxuries like diamonds and mink coats!
- Since World War II, there have been three increases in the Federal gasoline tax alone. This brought the Federal tax to 4 cents a gallon, in addition to the State tax of 7 cents a gallon!
- In the last ten years gasoline taxes have skyrocketed 51%—yet the price of gasoline itself has risen only 5.5% during the same period!
- Each year the average motor vehicle owner in this state pays \$86 for gasoline taxes alone. That's just a few dollars less than the average week's pay for most people!

HIGHWAYS AND GASOLINE TAXES Your gasoline retailer, naturally, favors construction of the roads that the motoring public needs. He believes in fair and reasonable taxation for this purpose but feels that taxes on gasoline have now reached unreasonably high levels. He also believes that all special taxes on the motorist should be used only for highway purposes. Yet last year, out of every automobile tax dollar collected by the Federal Government from highway users, more than 40 cents went for non-highway purposes. If these automotive tax revenues were dedicated for highway purposes, there would be no need for the latest increase in the federal gasoline tax.
