How many times has this man saved your life?

Like most of us, when the kids are in the car, you get that "extra careful" feeling. You know, that's the same way your friend—the service station dealer—feels when you stop by to see him.

Over the years, you've probably come to take your service station dealer pretty much for granted. But when your kids are riding with you, aren't you glad you took his advice and had your brakes checked? His suggestions—small though they may seem to be—may have saved your life more than once. His interest in your safety is more than interest in a customer—it's concern about a friend.

And what a valuable "extra" if your own service station gives you S&H Green Stamps.

THE MAN WHO KNOWS YOU BEST...SERVES YOU BEST!

**Piane Forced Down In Ash Grove Quarry**  
LOUISVILLE (Special) — Melvin J. Eichman of Arvada, Colo. was flying back to Denver from Des Moines, Iowa when he was forced down into the Ash Quarry last Wednesday evening by the fog and hazy weather. He was following the Platte River when he saw an opening at the Quarry.  
As he landed the mud forced his plane to slide around and the plane nosed itself into the ground and bent the propeller and blew a tire. Eichman suffered a head cut when an oil can behind the seat flew up and hit him in the head.  
Eichman called a friend in Lincoln who came and got him. The next day, Mr. Brown of the Weeping Water Airport helped him check his plane and fix it. The plane, a single engine Cessna, was repaired and Eichman, a veteran pilot, was able to take off Friday.
