ACTION SPEAKS LOUDER...

Our fair and reasonable prescription prices take direct action against the cost of illness—action that speaks louder than the empty words of political critics of drug prices.

Ask yourself this question: "What did my last prescription do for me?" Then measure the benefits you received against the price you paid for the medicine. You'll have proof positive that prescription medicine is the biggest bargain in history.

Arbor Lodge To Open April 15

LINCOLN—"Our state parks are girding themselves for what we think will be the largest attendance on record," stated Nebraska Game Commission Chairman Robert Hall, Omaha, today.

First of the parks to open will be Arbor Lodge Historical Park in Nebraska City. The mansion unlocks its doors to visitors on April 15.

Other parks begin business May 15.

Last year's visitation at Arbor Lodge was 173,000, a big jump from the previous year's 113,000. An admission charge of 25 cents for adults and 10 cents for children is made to tour the 52-room mansion. Entry to the grounds and picnic area is free. Special prices are available for school groups.

"They're really setting up a flurry of dusting, cleaning, and laundering, especially at the cabins, from top to bottom," Hall said.

Ponca, Niobrara, Chadron, and Fort Robinson state parks and Victoria Springs Recreation Area will all have cabin or lodge facilities for overnight guests. Reservations are being accepted now for the summer season.

\$500 Ak-Sar-Ben County Fair Grants Distributed again

Omaha, Neb. — Ak-Sar-Ben's \$500 grants for permanent improvements at each of Nebraska's county fairs went into the mails this week for the eighth consecutive year.

This popular improvement plan follows the dollar-matching principle in that Ak-Sar-Ben agrees to put up \$500, providing the people of each county also raise at least an equal amount.

Last year most of the counties that took advantage of the grants raised far more than \$500, resulting in greatly-increased facilities throughout the state.

This is one of a series of projects of financial assistance to county fairs, made possible by funds from Ak-Sar-Ben's annual race meeting.

In addition to nearly \$50,000 which Ak-Sar-Ben sets aside

each year for the improvement program, it makes available more than \$100,000 a year for "clean-up, spruce-up" campaigns and for county fair premiums, part through the State Racing Commission and part paid directly to exhibitors by Ak-Sar-Ben.

To date, Ak-Sar-Ben has contributed nearly two million dollars to Nebraska county fairs since racing was legalized. According to J. L. Thurmond, chairman of Ak-Sar-Ben's Public Affairs Committee, the organization plans to continue the projects as long as its financial circumstances permit.
