

Street Signs Asked Here

A survey by the Plattsmouth Junior Chamber of Commerce shows the city needs 174 street intersection marking signs, Wayne Schneider of the Jaycees told the City Council Monday night.

He said the Jaycees would help install signs if the city would purchase them. Better street marking to aid visitors and residents in finding their way around is a JC project.

Schneider said his organization's checking showed the signs (embossed) and steel posts could be bought for \$1,480. Councilman Warren Rhylander said he thought a better price than that could be obtained if it were decided to go ahead.

The matter was referred to the Streets and Alleys Committee for a meeting with the Jaycees, and recommendation.
