New Norge Laundry and Cleaning Village brings you coin-operated dry cleaning!

Equipped with miraculous new machines that dry clean your clothes in just 50 minutes — and save you 75% or more!

One of the best-kept and most exciting secrets in modern homemaking has just been "let out" here—coin-operated dry cleaning! Norge scientists have been working on it for years—testing and perfecting. Now here it is in your own neighborhood, ready for you to try—and save money! Here are the questions women are asking about it:

Q: Isn't dry cleaning complicated? A: It used to be. But now the new Norge coin-operated dry cleaning machines make it simple as laundering.	Q: What will the machine clean? A: Almost anything a dry cleaner will. And the Norge Certified Dry Cleaning Consultant at Laundry Village will help you eliminate the few things that can't be cleaned.
Q: How long does cleaning take? A: You pop things into the machine dirty — get them out dry and clean 50 minutes later.	Q: Do I have to handle things during cleaning? A: No. The one machine does the whole job for you in one operation.
Q: Isn't it hard to press dry cleaned garments? A: Not with Norge Wrinkle-free cleaning! Creases, pleats, ruffles, etc. stay sharp. And some wrinkles even come out!	Q: When I try to take spots out at home, it leaves a ring. Won't that happen here? A: No. Exclusive Norg-Clor cleaning fluid, leaves fabrics clean and free of rings.
Q: Can different colors be cleaned in the same machine? A: Yes—except that fluffy, light colored things should be kept separate from dark ones. The consultant will help you with this.	Q: How much can I clean in a load? A: 8 pounds. That's about as much as 2 average dresses, two suits, and 2 children's snowsuits. Think what that would cost ordinarily!
