Tiny Gas Rate Refund Ordered

A refund of \$1,307.48 for this community collectively has been announced by Western Power and Gas Co. after a reduction in firm natural gas rates by the Federal Power Commission.

The reduction is 3 mills per one-thousand cubic feet of gas consumed, made in the rate application case of Northern Natural Gas which became effective Nov. 27, 1958. The refund is on rates collected since Dec. 27, 1959.

The new rate (still \$1.50 for less than 600 cubic feet, 1.437, instead of \$1.44, for the next 1-400 cubic feet etc.) became effective May 27.

Gas Company Manager Walter Gleason here said the refund for this community will be invested in government securities and held until further refunds are cumulatively great enough to warrant expense of returning individual refunds to customers.

Westside Rooters

The Westside Rooters met at the home of David Fleischman. We planned the pig tour and discussed going to 4-H camp.

David Fleischman gave a report on "Swine Erysipelas." John Rosnow gave a report on "Caring for Hogs in Hot Weather" and Wayne Althouse gave a demonstration on "Ringling Pigs."

The meeting was adjourned and lunch was served by Mrs. Fleischman.

The July meeting will be held at the home of Myron and Cheryl Ann Hollenbeck—Theron Bornemeyer, reporter.

It's the unity
in a community
that gets the job done

In Ogallala A THRIVING INDUSTRY

Founded more than 40 years ago by the late R. A. Goodall, the Good-All Electric Manufacturing Company of Ogallala has grown from a 2,000-square-foot operation at the rear of Mr. Goodall's jewelry store into one of Nebraska's larger industries.

The company is now a subsidiary of Thompson Ramo Wooldrige, Inc., with Q. T. Wiles, a native Nebraskan, as president. It operates two plants in Ogallala, employs approximately 800 people, and had 1960 sales in excess of six million dollars.

Relations between the company and the community have always been over a "two-way street". Members of the firm have given generously of their time and energy to community activities. In return, the community has demonstrated such loyalty and support that the company has refused numerous attractive offers to re-locate.

This is another in a series of salutes to local and regional achievements which demonstrate the power of people working together.
