Expert Advice on State Problems Will Continue

By Melvin Paul
Statehouse Correspondent

The Nebraska Press Association LINCINN — The practice of hiring outside experts for advice on difficult state problems apparently will continue.

The last time committees of the Legislative Council met—in 1960—Dr. Lyman Glenn of California was employed to study the entire picture of higher education in Nebr.

Now, the taxation committee would like to bring in two outside experts to tell it how to go about making a thorough study of the state's tax structure.

The 1961 Legislature appropriated \$30,000 for the tax study.

Plans were approved for consulting Dr. Reuben Zubrow of the University of Colorado and Dr. L. Ecker-Racz of Washington, D. C.

One of the areas that will be studied is the sales tax, according to Sen. K. L. Bowen of Red Cloud, chairman.

Also discussed was the possibility of letting private and business organizations submit to the committee individual plans on tax changes.

A visit to other states by committee members was proposed by Bowen as a way of possibly making the senators more receptive to ideas since they would know about them first hand from the visits.

Committees of the Legislative Council are swinging into full speed looking at state problems.

The council is composed of all members of the last Legislature who study problems then make recommendations to the next meeting of the Unicameral.

The committee on tourism decided to bring in state and private agencies engaged in tourism to find out what they are doing in the field and how much money is being spent.

Sen. J. W. Burchard of Crofton, committee chairman, said the senators in his group would limit themselves strictly to tourism and would not get involved in other areas of state promotion.

One of the problems will be for the committee to decide exactly what is meant by tourism.

There was considerable discussion on this during budgetary scrapping in the last session of the Legislature.

A note for the Nebraskan arriving early in Lincoln for home football games:

Robert Newell, superintendent of buildings and grounds, says the statehouse will be open from 10 a.m. until noon on home football Saturdays. This, Newell said, will be in addition to the Capitol being open from 2 p.m. to 4 p.m. each Saturday.

Offices will be closed but the building was opened for tourists and Nebraskans wanting to get a close look at it.

Some space in the crowded

The Ford in your future will be here tomorrow!

Starting tomorrow at your Ford Dealer's, you will discover a line of Fords so long, so new, so varied that everyone will find his personal Ford—the car that fits his pleasure and needs precisely! For those who want a true luxury car, there are two distinguished new series of Galaxies—both swift as a rumor, silent as a secret. With Thunderbird styling, and quality that sets a new industry standard, the 1962 Galaxies give you every essential feature of far costlier cars. If you are looking for economy without

compromise, look to America's favorite compact: this year there are more Falcons than ever to choose from—13 in all. Wagon fanciers will find unprecedented variety—from a new wagon that seats eight to a Falcon Squire Wagon with the rich woodlike finish of the famous Country Squire. Pick the Ford in your future with this confidence: every 1962 Ford is built to a standard of quality so high that it will change all your ideas of how fine, how quiet, how enduring a car can be.

Galaxy 500 Club Victoria (foreground) GALAXIE TOWN SEDAN (background) The Galaxy 500—new in name, new in luxury—is for those who want all of the elegant extras. The 1962 Galaxy makes it easier than ever to move up to true luxury—at the low Ford price. All Galaxies are beautifully built to be more service-free. They go 30,000 miles between major lubrications, 6,000 miles between oil changes and minor lubrications. Brakes adjust themselves automatically.

FALCON SQUIRE WAGON... Brand new for '62, it's sleek and sophisticated. Inside, it is available with Futura bucket seats and console! Outside, it has elegant woodlike steel side paneling.

FALCON FORDOR SEDAN... Just one of 13 Falcons for 1962, this Falcon sedan has an improved version of the Falcon Six engine that last spring recorded the best gas mileage for a six of eight in the 25-year history of the Michigan Economy Run.
