

Price Support Eligibility For '62 Soybeans Outlined

Ivan G. Aithouse, chairman, Cass ASC County Committee announced today that the same "Conservation and Idle Land Requirements" will apply to 1962-crop soybeans that applied to the 1961-crop for eligibility for price support.

Following are the requirements:

1. The soybeans must have been produced in the United States in 1962 by an eligible producer on a farm on which the total acreage of conserving and idle land in 1962 is not less than the 1959-60 average acreage of such conserving and idle land.

For the purpose of this special requirement, "conserving lands" is farm land devoted to generally accepted conservation uses as determined by the County Committee, and "idle land" is all other farm land not devoted to crop production or to conservation uses.

In making determinations under this paragraph all land on the farm is to be considered rather than crop land only. Any producer in doubt as to whether he has met requirements for conserving and idle land on the farm shall make available to the County Committee all pertinent information, prior to filing an application, which will permit a determination to be made by CCC as to his eligibility for price support on soybeans produced on the farm.

2. Each producer must sign a certification as to the above requirement for each farm on which soybeans were produced and he wishes price support.

3. At the time the soybeans are placed under loan or delivered under a purchase agreement, the beneficial interest in the soybeans must be in the eligible producer tendering the soybeans for loan or for delivery under a purchase agreement or must have been in him and a former producer whom he succeeded before the soybeans were harvested.

4. Soybeans, at the time they are placed under loan, and soybeans under purchase agreement which are in the approved warehouse storage prior to notification by a producer of his intention to sell to CCC, must be soybeans of any class grading No. 4 or better and containing not in excess of 14.0 per cent moisture.

5. If a farm stored loan is requested, the soybeans must have been stored in the Granary or bin at least 30 days prior to their inspection, measurement, sampling, and sealing.

Farm stored loans, warehouse stored loans and purchase agreements may be obtained on the 1962-crop soybeans.

Although, also reminded producers who have 1961-crop soybeans under loan that they may be rescaled for one year, providing they meet the requirements for rescaling. Storage will be earned at the rate of 14 cent per bushel for the 1962-63 storage period for 1961 crop soybeans rescaled.

CONGRATULATIONS — Harry Hasslinger, Assistant Area Field Director, Department of Veterans Benefits, Veterans Administration Central Office, Washington, D. C., and a member of Toastmaster Club 2920 Veterans Administration (Gaveliers) congratulates Stephen Danzig, Boy Scout from Troop 156, Alexandria, Va., on the speech he made before the Club.

Stephen Danzig, Scout, Addresses Toastmasters

By Joe Kvapil

Stephen Danzig, 14-year-old son of Mr. and Mrs. J. Alan Danzig of Alexandria, Virginia, and an active member of the Boy Scouts of America, was afforded the honor of addressing members of the Toastmaster Club 2920 (Veterans Administration Gaveliers) in Washington, D. C., recently.

Toastmasters cooperate with the Boy Scouts movement in its annual "Operations Patrick Henry", a public speaking merit badge program.

A report of his speech was forwarded by the club to Justice Tom Clark of the United States Supreme Court, chairman of the merit badge "Operations Patrick Henry".

Stephen has been adjudged well qualified for the public speaking merit badge. He attended training classes in Gallaudet College in Washington, D. C., and successfully passed the final test, which took place at the National Headquarters of the Selective Service System, Washington, D. C., and where he had the pleasure of meeting his head, General Lewis B. Hershey.

On two occasions Steve has appeared on television programs as a representative of the Boy Scouts from the National Capital Area Council. He and a group of other Boy Scouts from Alexandria plan to attend the Boy Scout Ranch in Philmont, New Mexico, for three weeks this summer.

This Washington, D. C. born boy, who has been in the Boy Scouts for the past six years, descends from a post-World War I family. His father has been an active adult leader in the Boy Scouts program; his mother, the former Delia Solomon of Plattsmouth, is presently Girl Scouts leader; his sister, Barbara, is an active member of the Girl Scouts in Alexandria; his uncle, Cass County, Nebraska Sheriff Tom Solomon, and his cousin, Donnie Lee Williams, son of Donald and Martha Solomon Williams, all of Plattsmouth, have participated in the scouting program for many years.

Mrs. Danzig is the Supply Specialist in the Supply Service of the Department of Medicine and Surgery at the Veterans Administration Central Office in Washington, D. C.

Stephen is a grandson of Mrs. Elizabeth Solomon of Plattsmouth.
