Dairy Products 'Blue Chip Buy'

LINCOLN—An investment in sound nutrition is a "blue chip" buy. Stocking up on milk and milk products isn't in the least bit speculative, say foods and nutrition specialists at the University of Nebraska. The biggest dividend is well being, and the long-range saving is good health. If it's a good buy you want, milk and dairy products give you economical nutrition. American families spend a sixth of their food money for dairy foods. Their payments are about 2/3 of the daily requirement of calcium, about 1/2 the riboflavin, 1/4 the protein and vitamin A and over 1/10 the daily requirement of thiamine. Milk is a sure investment in a healthy, happy future!

Legal Notices

Nehawka WSCS

NEHAWKA (Special)—Mrs. Jack Lindsey presented the worship lesson and program on the Ecumenical Deconesses and Missionaries at the meeting of the WSCS at the Methodist Church Wednesday afternoon.

Mrs. George Sheldon opened the meeting with the reading and explanation of the Our Father.

Mrs. Floyd Joerger, the new president, presided. It was voted to donate \$10 to each of the MYF members who planned to attend the camp at Fontenelle, Neb. Five had intended to go to Camp. Mrs. Joerger announced a workshop in Omaha June 27 and one at Auburn June 28.

Hostesses were Mrs. Sheldor Mitchell, Mrs. Fred Wessel and Mrs. John Chandler.

4-H'er Tells Of Club Week Experiences

NEHAWKA (Special)—About 300 of the liveliest 4-H'ers in Nebraska assembled at the Kellogg Center in Lincoln June 12 for the 46th annual Nebraska 4-H Club Week.

From then until Saturday morning, when the last sleepy-eyed 4-H'er shuffled out his door with his luggage under his arm, there was never a dull moment.

After registration everyone headed for their rooms to see how many beds could be short-sheeted before others arrived. It is surprising to see how much can be accomplished in such a short time. The afternoon was spent in group meetings where the law was laid down. From there the delegates attended special interest groups.

Tuesday evening was the group mixer—and what a mixer! Anyone who had not made dozens of new friends by the end of the evening was given the name of a good psychiatrist.

Curfew was sounded each night at eleven, and doors were locked (of course there were always a few stragglers). And lights were out at eleven-thirty but that doesn't mean anyone went to sleep then.

Wednesday and Thursday were filled with tours of downtown Lincoln and a little shopping thrown in. We toured the Planetarium, Morrill Hall, the State Historical Society, and the Capital.

Wednesday evening Lincoln Jaycees held a banquet in our honor at the Lincoln Hotel Ballroom. Ed Sullivan gave the welcome. I was privileged to give the invocation. Elton Lux spoke, and Jimmy Sneed from the Playboys sang.

Thursday evening began by a picnic catered by Kings. An impressive flag lowering was followed by dancing to the music of Northeast High's Rockets.

Bright and early Friday morning the group boarded the train to Omaha. No depot for us though, they unloaded right in the heart of the stockyards, where our day began. We were then divided into groups. Our group of eleven visited the Northern Natural Gas Company where we were treated royally. We toured their building, were fed, and saw a movie before going back to the stockyards. Here we were again served a banquet. When we boarded the train back to Lincoln, we felt like the well known fatted calf.

Needless to say pandemonium reigned on the train back to Lincoln. Then came the sad part, saying good-bye to
