## Airman Drowns Skin Diving at Holman's Lake

Airman 2nd Class John T. Jessel, 20, of Offutt AFB drowned Saturday morning in Holman's Lake located just north of the Platte River bridge in Sarpy County.

Mr. Jessel arrived at the lake around 10 a.m. with a group to skin dive. He was reported to be an expert and an instructor in the art of skin diving. At 11 a.m., a search was begun for Jessel when he failed to surface.

Sheriff Arp of Sarpy County summoned Sheriff Tom Solomon to the lake to take over the search.

After three hours of dragging, Solomon hooked the body in about 40 feet of water.

Jessel still had his face mask on, oxygen tank strapped to his back and 30 pounds of lead weight around his waist, the lead being used to keep the diver down and offset the lifting power of the oxygen tank. Solomon said a check of the tank showed 500 pounds of oxygen was still available for Jessel's use.

The death is being investigated by Sarpy County officers.

Last night the mercury again plunged to a record low of 33 at Valentine and a "hard freeze" was reported in the panhandle. Last night it was 43.1 in Plattsmouth.

**\$309,500 Is Still Available**  
The VA is holding \$309,500.00 in unpaid GI insurance dividends for Korean veterans living in Nebraska.

A. H. Duxbury, VA Regional Office Manager in Lincoln, said some 1,580 Korean veterans in Nebraska could collect dividends averaging \$196 if they would convert their "RS" insurance to the "W" form of policy.

Duxbury also pointed out that the "W" policy will generally cost only one-third of what the "RS" holder is paying now.

Veterans have the cash to gain and nothing to lose by making the conversion, which must be done before September 14, 1963, in order to get the dividend, he added.

Veterans desiring to make the change were urged to contact any VA office or write the VA Regional Office at Lincoln.
