Prices for the 1962 corn crop will be supported at a minimum of \$1.20 per bushel in Cass County, Ivan G. Althouse, chairman, Cass Agricultural Stabilization and Conservation County Committee, has announced. This is 4 cents higher than the 1961 support rate for Cass County.

The chairman said that the minimum rate will not be reduced, but may be increased if the final 1962-crop corn support price determined on the basis of data on Oct. 1 is higher than the minimum price announced last spring.

Althouse stressed the importance of a full understanding by growers of how the 1962 Feed Grain Program affects price supports for the crop. "Corn producers who participate in the 1962 Feed Grain Program will be eligible for price support on the 1962 production," he declared. "But there will be a limit on the amount of corn from eligible farms that can be put under support."

"The quantity eligible for support will be based on the farm's established per-acre yield, based on the 1959-60 average, times the 1962 corn acreage as determined by the ASC County Committee.

"Producers of corn who do not participate in the 1962 Feed Grain Program will not be eligible for support on the 1962 corn crop."

To be eligible for support, corn also must have been produced in 1962, must grade No. 3 or better or No. 4 because of test weight only, must meet certain moisture requirements, and must be in adequate storage. The schedule of premiums and discounts is unchanged from the 1961 program.

As in the past, the price-support program for 1962-crop corn will be carried out through farm and warehouse-stored loans and purchase agreements. These will be available from harvest-time through May 31, 1963. Loans will mature on July 31, 1963.

TREE HIT—What a difference a few feet makes! That was the feeling of the Sam Rouse family after lightning struck this small tree in a fenced lot less than 50 feet from their house, a mile west and a half-mile north of here during Friday's thunder storm. Minutes before the strike, Mr. and Mrs. Rouse and two of their children had been in the lot a few feet from where the lightning struck. They'd put some chopped apples for nine Guernsey calves near the fence on the other side of the lot and the calves had just vacated the spot by the tree before the blast hit. It was a close call for both the Rouses and their calves.

Films of Martyrs To Be Shown at Louisville Church

LOUISVILLE — Sometime in January, 1956, five young missionaries, Jim Elliott, Pete Fleming, Ed McCully, Nate Saint and Roger Yonderian, were engaged in an attempt to reach the mysterious legendary tribe of Auca Indians in the heart of Ecuador.

Suddenly, members of the tribe swooped down upon them and murdered them in cold blooded fashion.

The story of these modern day martyrs will be related in two film showings sponsored by the Youth Fellowship of Faith Baptist Church, Louisville Monday evening, Sept. 24 at 8 o'clock.

The film strips are entitled "Unforgettable Friday" and "Mid Century Martyrs." They were prepared by the Missionary Aviation Fellowship with whom the five were associated.

A free-will offering will be taken to promote the work of this group.

LONG FLIGHT-NO TICKET

Redondo Beach, Calif. — John O'Rourke, 13, took a jet flight from Los Angeles to New York. The only difference about this trip, the boy did not have a ticket.

New York police, alerted by Trans World Airlines, met the plane, gave him breakfast and placed him back on a plane in time to have lunch in Los Angeles.

His father, a former Marine drill sergeant, said the boy had run away before.
