

CAPITOL CORNER

Congressman
GLENN CUNNINGHAM

Washington, D. C. (Special)—This is the first report on the new Congress, the 88th Congress in our history.

Each week these reports will be sent to the newspapers of the Second District, which now contains just four counties—Washington, Douglas, Sarpy and Cass. I hope that there will be information of sufficient interest to warrant your time and such space as the editor devotes to it.

It was a moving occasion to assemble with the other Congressmen for the swearing-in ceremony, the fourth I have had the high privilege to participate in here in the House of Representatives.

As is true with each new Congress, some of the old faces were missing. New leaders are arising through the ranks, and they reflect the changing face of this country—more urban, more interested and concerned about government affairs at home and around the world.

This Congress will bear a resemblance to the last. The same President is proposing legislation, and the political make-up of this 88th Congress is not too different from the last. There will of course be battles throughout the year yet cooperation as always in the vital matters of foreign policy and national defense.

The President commented just before the opening of this Congress that there are "two separate offices and two separate powers," referring to the Presidency and the Congress.

He added, "There is bound to be conflict . . . no President's program is ever put in . . . the President is never wholly successful."

As ever, the President proposes, the Congress disposes. Through Congress, elected within the past weeks, the people will rule on matters of national policy.

Obituary

Ralph Ransford

EAGLE (Special) — Funeral services were held at Eagle Methodist Church Jan. 17 for Ralph Ransford, 62.

The Rev. Wm. Doran and the Rev. John Bartleson Jr. officiated. Music was by the Ronhove quartet, John Ronhove Jr., Pearl Ronhove Sorenson and Marla and Jerry Ronhove. Mrs. John Fischer was accompanist and organist.

Masonic services were held at the church.

Mr. Ransford was a member of Eagle Methodist, American Legion, Elmwood Masonic Lodge and Order of Eastern Star.

He lived at Eagle 47 years, serving on the Town Council, Volunteer Fire Dept. and in several capacities at school, including announcing at football games. He was also a manager of the Cass County Noxious Weed District.

Pallbearers were Ed McHugh, Charles Scattergood, Herbert Stoll, Orin Lansing, Henry Wolf and Jack Zinsmaster. Honorary pallbearers were Wesley Lowell, Pete Karabatos, Don Schmidt, Keith and Doyle Trumble, Doyle Gump, Dale Halvorsen, Fritz Bull, Dick Weyers, Dick Carr, Verle Flack and Ralph Beach.

Students and members of the Athletic Club sat in a body for the services, also the Masonic and Eastern Star attendants.

Survivors are his wife, Evelyn, and a brother, Arthur of Napa, Calif.

4-H Tractor Club

NEHAWKA — Twenty-three boys met Monday night at the home of Roger Hild to organize a 4-H Tractor Club. Two members were absent.

Officers elected were: president, Paul Rice; vice president, Ronnie Noite; secretary, John Todd; and reporter, Larry Gregg. Roger Hild will be the leader with Bert Worthan, assistant.

Meetings will be the second Monday of the month and "names for the club" will be the answer to roll call the next meeting. There were eight adult guests and Mrs. Hild served refreshments.—Larry Gregg, reporter.

Favorable Outlook Forecast For State Swine Industry

LINCOLN — A favorable outlook in the swine industry is forecast for efficient producers in 1963, and confidence in this prediction is reflected in plans by Nebraska hogmen to increase farrowings through May by six per cent.

Relative stability of the swine industry in 1961, brought about by a better balance of pork consumption, production and prices, resulted in cash receipts of \$3.1 billion for American farmers last year. Swine ranked third among livestock and livestock products and ahead of all field crops as a cash dollar earner, economists report.

The importance of swine in Nebraska is borne out in recent figures compiled by the U. S. Department of Agriculture, showing an estimated 1962 pig crop of over 4.5 million head, up one per cent from 1961. The number of all hogs and pigs on hand in December, 1962 in the 10 important Corn Belt States was up three per cent above the previous year.

In general, profit prospects for the Nebraska hog producer appear to only slightly less in 1963 than for the past two

years. But dividends are not automatic, as any progressive swine producer knows, cautions Dr. Leo Lucas, Extension animal husbandman at the University of Nebraska.

High standards in swine breeding, feeding, management, housing and disease control must be met if adequate profit margins are to be realized, Lucas stressed. While lack of volume plagues many Nebraska swine operations, an increase in numbers alone will not assure a producer of a slice of the profit pie.

New techniques that are bringing greater efficiencies in swine production demand greater managerial skills, he warned. As an example, producers turning to confinement rearing, perhaps accompanied by slatted floors, are discovering that much know-how is required to assure success. While some of this know-how can only be acquired through experience — and perhaps trial-and-error — the experiences of others, along with applied and tested research, can save much time and grief, the University of Nebraska swine specialist observed.

Research in the various areas of swine production, plus the counsel of researchers and University swine specialists, will be made available to Nebraska producers through three area swine day programs later this month.

Arrangements are being made for an Illinois commercial swine producer, who has had considerable experience in the use of slatted floors for swine manure disposal, to appear at the McCook, York and Laurel Meetings January 29, 30 and 31, respectively. He has spoken on the controversial item of slatted floors before interested audiences of swine producers in several states.

Other speakers include Dr. E. R. Peo, University swine nutritionist, who believes that good swine nutrition is not complex, nor is it as simple as understood by producers whose feeding program consists of throwing ear corn over the hoglot fence in time-honored fashion. Dr. Peo outlines mineral requirements of a swine ration.

E. A. Olson, University Extension agricultural engineer, will speak on an all-important topic of swine housing: farrow to finish houses. Olson notes that the modern farrowing house with floor walls, and ceiling insulated, running water, ventila-

MURDOCK

Dorothy Mills
Phone 2956

The Friendly Neighbor Club met at the Mills home on Jan. 16th. All members but two were present. Our new president, Evelyn Neitzel presided over the business meeting, the pancake feed was discussed.

With only about one-third of all hogs going to market considered "meat-type," carcass evaluation is increasingly important to the producer. Developments in this area will be discussed by Dr. L. J. Sumption of the University animal husbandry research staff.

Hog cholera eradication, progress in combating baby pig diseases, the opportunity for increased feeder pig production in Nebraska, and the outlook for expansion of hog raising in southwest Nebraska are other subjects to be covered by program participants during the 3-day series of hog meetings.

The three clubs around Murdock will sponsor it and money will go for March of Dimes, Cancer and Heart Fund. It will be Jan. 31st.

Dorothy Bornemier had charge of entertainment which we enjoyed very much.

Guests were Margaret Dickmeyer, Mark and Lisa of Omaha. Lunch was served by the hostess assisted by her daughter. Next meeting to be at the Leo Rikil home.

Mary Thiel, Anna Stander and Dorothy Mills attended the Royal Neighbors meeting in Louisville on Wednesday evening and helped them install their officers for the coming year. Their new Oracle is Geraldine Peck.

Mary Thiel and Anna Stander were Ceremonial Marshal and assistant while Dorothy Mills was Installing Officer. Lunch was served after the meeting by a committee.

Lillie Harger.
Mr. and Mrs. Jim Carson are the proud parents of a baby boy, born Jan. 12th. He has been named Ricky Allen. The Carsons recently moved from here to Onawa, Iowa. Mrs. Carson is the former Leona Timm. This is their fifth child.

Mr. and Mrs. LeRoy Timm had the misfortune to lose their baby son who was born Jan. 12 and only lived for a day, funeral services were held on Saturday from Marcey Chapel in Ashland. We wish to extend our sympathy.

The Lions Club held a pinocle party in their hall on Thursday evening. There were 15 tables of players. Prizes were won by Wm. Blum and Mrs. Reynolds, high score; August Wendt and Hollie Mills, low scores; traveling prize went to Deloris Rieck and door prize to Lily Oelkerling. On the serving committee were Mr. and Mrs. Paul Kupke, Mr. and Mrs. Leonard Fornoff and Mr. and Mrs. Elmer Guelstorff.

Mrs. Clara Williams underwent major surgery at Bryan Memorial Hospital in Lincoln on Thursday. It is reported she is recovering satisfactorily. Emil Miller is quite ill at his

home here. Their daughter, Maxine arrived by plane from Calif. At this writing he is showing some slight improvement.

Mr. and Mrs. Vernon Schewe have gone to Calif. visiting relatives and enjoying the warm climate. Their daughter Betty did not accompany them.

The Stuart Mills family were Sunday dinner guests of the Frank Mills family at Sutton, the occasion was to celebrate Mr. and Mrs. Stuart Mills wedding anniversary and little Jeffrey Mills birthday.

Janice Klemme celebrated her 12th birthday with a party after school on Friday. Thirteen of her classmates came to join in the fun. Her mother served a lunch after games.

The Alvin Klemme family and Otto Klemme spent Sunday at the Loren Hanke home near Ceresco.

The Happy Hustlers Calf Club met at the Harold Zierrot home on Thursday evening, there were 28 members and their parents present.

Officers were elected and plans made for the coming year. Games were played after which Mrs. Zierrot served lunch. Next meeting will be at the Grant Neitzel home.

STANDER'S ANNUAL MACHINERY SALE

To be held in HEATED TENT ON THE GROUNDS at the east end of Main St. across the railroad track in Plattsmouth Nebr.
