

Queue Haters: Line Looming For Assessment

Do you have an aversion to standing in line?
Are you required to file a personal property or business assessment schedule?
If there are enough "yes" answers to those questions and the trend of schedule filing the past week continues, there are going to be a lot of unhappy Cass Countyans before the filing deadline of March 1.
Cass County Assessor Clara Olson said Friday that filing fell off to a mere trickle after a real good start the previous week.
The same trend was evident in Plattsmouth and in other county towns where special assessors have set up headquarters to assist taxpayers.
For those who want to get on the ball and avoid queuing up, these are the sites and locations for assessment filing:
Plattsmouth—Assessor's Office in the Courthouse, every day except Saturday and Sunday and Feb. 12 and 22. The office will also be open Feb. 4, 11, 18 and 25 until 8:30 p.m.
Louisville—City Hall, Feb. 8-9-11.
Weeping Water—Auditorium, Feb. 4-5-6-7.
Elmwood—Fire House, Feb. 5-6-7-8.
Murdock—Library, Jan. 30-31, Feb. 1.
Union—Legion Hall, Jan. 30-31.
Nehawka—Auditorium, Feb. 1-2.
Avoca—Fire House, Jan. 29.
South Bend—Town Hall, Jan. 29.
Assessment assistance dates in some communities have already been completed.
Anyone can file at the Courthouse. Penalties are mandatory after March 1.

Organization for Adult Class in Spanish Jan. 29

Another attempt to organize an adult class of Spanish under the tutelage of Dr. Raphael Sosa will be made in an organizational meeting to be held at 7:30 p.m. Jan. 29 in Room 107 at Plattsmouth High School.
This announcement was made through High School Principal Joe C. York who also gave the following options in regard to tuition and length of course:
Registration of 20 or more students for 16 weeks, one night per week in a two hour session will cost 50c per hour or \$1 for each night plus \$3.50 for the text, making a total of \$19.50 payable in advance or at the first regular class meeting.
A registration of 10 or more pupils for the same length of study and class time will be 75c per hour plus \$3.50 for the text, making a total tuition of \$27.50.
"It should be understood that this is a non-accredited course designed particularly for community interest and an opportunity for interested people to receive further education in a foreign language", York said.
Dr. Sosa and family have made many acquaintances in Plattsmouth and the surrounding area through school work and speaking engagements relative to the Cuban problem. Dr. Sosa and his wife are native Cubans and are "anxious for the day that they can return to their homeland under governmental policies that they enjoyed prior to Castro."

Bids for Repair Of Jail Building To Be Sought

The Cass County Board of Commissioners Thursday met with Sheriff Fred Tesch in regard to living quarters in the County Jail.
The Board moved to ask for bids "to make the place livable again."
Previously, the Sheriff and his family lived in the Jail building but the past four years the first floor of the building was used as the Sheriff's Office and is so-used at present.
The Board also talked with the Sheriff about moving the Sheriff's Office back into the Courthouse. The Sheriff used to have offices in the basement where the Highway Superintendent and Surveyor are located and prior to that the office was on the third floor.
No announcement has been made about location of the office in the Courthouse.

Ex-Cattle Feeder Recalls 'Epidemic' Of 50 Years Ago

(Following is a letter referring to a Journal account of an outbreak of pseudo rabies or "mad itch" among feeder heifers on the farm of Emil Schmidt and Fritz Siemoneit northwest of Plattsmouth. Schmidt lost about 40 head of 1-2 year-old heifers to the disease. It has evidently run its course, although the government's animal quarantine of the farm had not been lifted Saturday):
14729 Victory Blvd.
Van Nuys, Calif.
Cattle Feeders:
The Journal of Jan. 21 just received and I would like to tell you of our experience 50 years ago when we had the identical problem Mr. Siemoneit is having now when my brother Grover and I were in business with our father, A. S. Will, on the farm at Eight Mile Grove.
We had very fine fat cattle, both heifers and steers. Dr. Burns, veterinarian, could find nothing to help us. We lost about 15 head. They tore themselves to pieces and died. We shipped out all that was all right and ready for market.
The meat tasted perfect. We had about 700 head in the feed lot. We cut down on the RICH feeding on the rest and turned them out into the pastures for more exercise.
We had no more trouble but it was a terrible ordeal while it lasted.
We blamed it on over rich feeding and lack of exercise.
Sincerely,
Thomas J. Will.

Boy, 12, Hit By Car, Not Seriously Hurt

A 12-year-old boy was hit by a car but evidently was not seriously injured here Friday.

He was bruised and shaken up but apparently suffered no serious injury.
Police Chief Joe Kruntorad said the car was driven by Clyde G. Thompson, 20, 1402 15th Ave. Thompson was driving west on Main, the Chief said, at about 10 to 15 miles an hour when the boy alighted from a car and came around the back of the car crossing the street from south to north into the path of the car.
Thompson was unable to stop because of snow and ice and his car slid about 35 feet before stopping, the police report said.
