**Several Fire
Calls Answered**

Plattsmouth's Volunteer Firemen answered several alarms the past week.

Early Saturday morning, they were called to the Ruse Apartments where an overstuffed chair in the apartment of Vera Adrian was burning. There was damage only to the chair and smoke damage to the apartment. Fire Chief Joe Kruntorad said. He said the fire was caused by a cigarette.

Thursday, a two-alarm weed and trash fire had all available Volunteers out. The fire, started when a trash fire of a youth clearing a space for a garden got out of hand, burned the area along U. S. 34 from the Missouri River bottom around the Port of Entry and across the road southwest of the Port. All units of the department were in action and the City street flusher was used to haul water.

Wednesday, a weed fire at the Harry Porter home, 919 Avenue D, resulted in an alarm.

Tuesday, a telegraph pole and weeds burned along the railroad right-of-way at Oreapolis north of here.

ALL FOOL'S DAY

All Fool's Day, or April Fool's Day, is one of those traditional events that's been with us for a long time, but no one knows exactly how it started.

The most probable explanation traces it back to France.

In olden times, before France adopted the new calendar in 1564, the year began on April 1st for Frenchmen. It was the custom to exchange gifts on that day and to make calls on friends and relatives.

After New Year's Day was switched to January 1st under the modern calendar, some practical jokers continued to make mock calls on April 1st, and to present comic gifts. Even in the present time, anyone fooled in France is called a poisson d'avril... an April fish.

April Fool's Day isn't a bad day to have around... to remind us once a year that things aren't always what they seem, that a stray hat may have a brick under it... and that there's a little bit of the gullible fool in all of us, any day of the year.
