**Plattsmouth Woman's Club
Entertained in Griffen Home**

The Plattsmouth Woman's Club met with Mrs. G. G. Griffen Monday afternoon. Co-hostesses were Misses Helen Hunter and Clara Weyrich, and Mesdames A. W. Propst, R. Sosa, Mabel Engelkemier, David Rutherford and George M. Hall. Guests were Mrs. R. A. Thompson, of Lincoln; Mrs. Harlan L. Horswill of Seattle, Washington; Mrs. Carl Schneider and Mrs. Ralph Wiles, for a total attendance of 26.

Mrs. J. G. McMaken, president, welcomed members and guests and opened meeting with Mrs. Dale Philpot leading in pledge of allegiance to the flag of the United States of America, followed by Club Collect repeated in unison.

Mrs. Philip Rihn brought an Easter Message for devotions, using Scripture from Luke 24, verses 1-9. She gave the Story of Easter and a poem "Easter in the Hills", and closed with the simple faith of the Indian version of the 23rd Psalm and a prayer of resurrection to fit the times in which we are living.

The club voted to donate \$5 to the Brownville Historical Society, a project of First District NFWC. Also voted an initial order for the first of the red bud trees to be planted as a city beautification plan.

Mrs. J. G. McMaken introduced Mrs. R. A. Thompson who gave an illustrated lecture on the topic "A High School Senator's Impression of New Zealand." Her daughter Sue Ellen, a senior in Lincoln High School spent eight months attending school in New Zealand under the American Field Service (AFS) program. She was the only young person from Nebraska and the middle west to qualify for this educational adventure, spending two thirds of a year (from August 1961 until June 1962) as a member of a New Zealand family, attending school along with members of her "adopted family" at Matamata College. The courses in this college would correspond to our High School.

Selection of students to receive this privilege is a very exacting procedure both as to scholastic ability and general character and family background. The AFS program is a volunteer set-up, started by a group of ambulance drivers after World War II. Its purpose is to make for better understanding between peoples of other countries. It began in 1952 and at the present time, said Mrs. Thompson, there are between 2,000 and 3,000 students involved in this program. It is not a student exchange program, as we know it, but it is financed by the family of the student. There are 35 students in this area under the AFS plan now (not all in Nebraska however, some are in Iowa.) She said there are about 125 young people from South America now in the U.S. under the AFS sponsorship.

Mrs. Thompson related, in a most interesting manner, the experiences as told her by her daughter. Sue Ellen left the states on Christmas Day and made the journey over by boat, returning by plane. Regulations as to spending money were very strict—each student was allowed but \$10 per month—and a total of \$50 extra only could be given them during their stay. She described New Zealand as a "little island country" near Australia. The climate is somewhat tropical in that for the most part the temperature range is from 87 to the low 50's, necessitating no heating in the homes. The people are of Polynesian extraction, originally, the majority of them coming from Hawaiian islands by dug-out canoes. Seventy five years ago they were considered a cannibalistic people. In that short space of time the inhabitants coming from England and Scotland have advanced until

now they are a very English culture people, very thrifty (reflecting their Scottish ancestry), and very athletic.

The chief industry of New Zealand is farming.

Sue Ellen found family life much like the American way in many aspects as to housing and modern household equipment—but differed in many other manners. They are not as style conscious as the Americans, making use of whatever they have in the way of attire.

The students wear uniforms—all alike. Much stress is placed on athletics—and all students participate in sports daily—chief ones being basketball and soccer. The chief diversion for older retired folk is "Bowling on the Green." The New Zealanders are a friendly people.

Mrs. Thompson was very appreciative of the privilege afforded her daughter and expressed the work of the AFS plan as a great step toward better understanding.

Following a social hour hostesses served refreshments.

Mrs. Thompson was a luncheon guest of Mrs. McMaken.

May meeting closes the club year with the annual Banquet on May 6. Club resumes in October.

Four members of the Plattsmouth Woman's Club plan to attend the NFWC convention at Hotel Cornhusker, Lincoln April 4—they are Mrs. J. G. McMaken, Mrs. R. B. Keller, Mrs. Dale Philpot and Mrs. W. L. Heinrich.
