

# This Is 'Good Grooming Week'

By MRS. KAY LEIDING  
Extension Home Agent

The week of April 21-27 has been set aside as Good Grooming Week by the National Institute of Dry Cleaning.

This might be an appropriate time to take stock of the contents of our clothes closets.

Now is the time to put winter clothes into temporary retirement and make room for spring and summer clothes. Before storing some garments, analyze their value. Some garments may have served their purpose. Many agencies will be glad to have them.

Garments that warrant storage space are worthy of good grooming. The best insurance against permanent damage which may occur during storage is to put clothing away clean. Spots and stains which are allowed to remain on fabric may cause color change or fiber deterioration.

**What Next?**

Spices and flavorings may be marketed in aerosol cans. You'll just push a button to measure vanilla, for example. A metered valve in the can lets you measure exact amounts.

**Craft Workshop**

A workshop "Creating with Fabrics," will be held at the State 4-H Camp at Halsey, May 20-24. This workshop is planned for adults — beginners or advanced craftsmen — who are interested in stitching, applique, textile printing and other ways of making objects of art with color.

Under the direction and guidance of well qualified instructors, participants will explore processes and techniques and create objects of their own choosing.

The cost, which includes food, lodging and instructional fee, is \$25.

Enrollment is limited to 40. The deadline for registration is May 15. Anyone interested in attending should contact the Extension office.

You do not have to be a 4-H leader or Extension club member in order to attend. Anyone and everyone is welcome — until the 40th person has registered.

Exhibits and instructors are well known designers in the area of textiles and home furnishings. Sounds like a real inspirational meeting.

**Spring Tea**

The annual Spring Tea will be held on April 30 at 1:30 in the Agricultural Auditorium in Weeping Water.

The public is cordially invited. Nancy Childs of Lincoln is the speaker for the afternoon program. She will be discussing "Personality and Charm."

The Plattsmouth Fairview Extension club will furnish special music.

Won't you plan to come to the tea — and bring a friend!

## This 'n That In Agriculture

By CLARENCE SCHMADEKE  
County Extension Agent

### Nodding Thistle

"When and how is the best way to control Nodding Thistle?" is a popular subject these days. A lot of inquiries such as this have been asked at the County Extension office recently. It is a timely question because the time is here.

Nodding thistles are more easily killed before the flowering stalks begin to lengthen. The recommended treatment is 1 lb. of active 2,4-D per acre. If 40% material is used this would mean mixing 1 quart in the amount of water the sprayer will supply per acre.

### Feeders Day

The University of Nebraska's 1963 Feeders Day here May 16 will feature comprehensive reports on nearly every aspect of beef production from forage to finished steak.

The "well-rounded" program begins at 10 a.m. in the judging pavilion on the UN College of Agriculture campus, according to Dr. R. M. Koch, chairman of the Department of Animal Husbandry which co-sponsors the event with the Nebraska Livestock Breeders and Feeders Association. UN scientists in agronomy and veterinary science as well as animal husbandry will speak.

### Starter Fertilizer

Liquid mixed fertilizer that is applied with a lister or planter attachment as a starter for corn or milo, should be placed 1 to 2 inches to the side of the seed row. In addition, it should be placed at least as deep or slightly deeper than the seed for best results.

This is the same placement recommended for solid (dry) starter fertilizers, according to Clinton Hoover, University of Nebraska Extension Agronomist.

The phosphorus in liquid fertilizers will not move significantly more in the soil than will the phosphorus in solid fertilizers. In both cases, the fertilizer must be placed at a depth where the young plant roots can reach it to be used most effectively.

It also is risky to allow liquid mixed fertilizer to come in contact with the seed, just as it is with solid mixed fertilizers. Damage to seed germination and young seedlings can occur from fertilizer-seed contact, particularly when the soil is dry at planting time and remains dry for a week or more following planting. Placement of starter fertilizer (liquid or solid) in such a manner that the fertilizer either comes in contact with the seed or is placed in an area above the seed row, is much less effective and is not recommended.

Mixed fertilizer solutions are fully equal to solid mixed fertilizer of equal available phosphate content for starter application and phosphorus deficient soils, according to Hoover.

## Mrs. Sand Was Nominee for 'State Mother'

NEHAWKA (Special) — Mr. and Mrs. F. O. Sand and their daughter, Mrs. Art Zech, attended the presentation of the Nebraska Mother of 1963, Mrs. John Ingall of Omaha, at the capitol building in Lincoln Wednesday morning.

Seventeen were entered and Mrs. Sand was among the nine nominees present. Other nominees present were Mrs. Archie Murphy, Fremont; Mrs. T. R. Dapen, Lincoln; Mrs. Roland Kelly, Davis City; Mrs. N. P. Nelson, Bristow; Mrs. C. R. Botzger, Grand Island; Mrs. Pearl V. Bruns, Chappell; Mrs. Flossie Cooper, Lexington; Mrs. Floyd Bosson, Arcadia.

Each received corsage and Governor Morrison presented each with a Certificate of Merit.

Mrs. Sand was nominated by Miss Evelyn Wolph and Mrs. Oren Pollard. Letters of reference were written by Miss Wolph, Mrs. Pollard, Mrs. Will Ost, Mrs. Emma Nutzman, Mrs. Amelia Balfour, Miss Ruth Miller, Mrs. George Blachof and Oscar Zimmerman.

Governor and Mrs. Morrison entertained Mrs. Ingall and family, the nominees with their relatives and friends at a coffee at the Mansion following the ceremony.

## NEWS FROM EAGLE

Mrs. John Fischer Phone 984-6141

Joe French, son of Mr. and Mrs. Harold French, was awarded a trophy in the junior division of the Lancaster County 4-H speech contest.

The Eagle Alumni Banquet will be May 24 and the Alvo Alumni Banquet May 25.

Mr. and Mrs. Dale Halvorsen entertained six couples at their home Saturday evening honoring the former Eagle residents, her sister and husband, Mr. and Mrs. Melvin Doran of Wilmar, Minn. Guests were Mr. and Mrs. Valjean Stall, Mr. and Mrs. Duane Stall, Mr. and Mrs. Eldon Oelkerling and Mr. and Mrs. Wendell Cook of Alvo.

## Federal Crop Insurance Program

The Federal Crop Insurance Corporation has again approved several new and important features as it relates to all-risk corn insurance for Cass County farmers and land owners. These changes will apply to new contracts on corn for the 1963 crop year. Policy holders with contracts in force for 1962 will have an opportunity to convert their policy to this new improved program.

Paul M. Peterson, District Director for Federal Crop Insurance was in Cass County this week meeting with fieldmen, who are contacting farmers explaining the program.

Under the improved plan the policy holder may select one of three different rates per bushel, \$0.80, \$1.00 or \$1.20. This price per bushel will be paid for each bushel that the insured falls short of his guarantee. This rate can be selected to fit the cost of operation.

In the event of a total loss 100% payment is made.

The bushel guarantee will be increased by 3 bushels per acre for any acreage from which 3 bushels or more is harvested.

Discounts in premiums are still given for good experience. Applications are being accepted at the present time, Mr. Peterson states, and farmers are being contacted by representatives of the corporation. Inquiries may be sent to State Office of the Federal Crop Insurance Corporation, Room 303, Post Office Bldg., Lincoln, Nebraska.

City. There, they also visited their son, Mr. and Mrs. Everette Smith and family and continued on to Ottawa, Kan., to visit a daughter and husband, Mr. and Mrs. Robert Duffield. The latter brought them home Saturday.

Mrs. Laura West spent the Easter weekend with her daughter, Mrs. Florence Gay, and two children at Des Moines.

Mrs. Sue Francis of Loveland, Calif., visited a couple of days with Mr. and Mrs. Billy Kelel-hut and called at the home of Edward Gerhard and the Eldee McKays.

Mr. and Mrs. Don Mack and daughter Teresa of Peru visited at the home of her parents, Mr. and Mrs. John Rothovde, and family last weekend. Mack is a student at Peru.

Mr. and Mrs. Orville Conner and family of Battle Creek, Mich., and Mr. and Mrs. Norman Anderson of Atkinson visited their father, Harold Wall, and grandfather, Ray Wall, East-

ter weekend. The Conners arrived Thursday afternoon and the Andersons, Friday. All had dinner "out" and left for home Saturday afternoon. The Conners planned to visit his parents at Burwell on the way home.

Mr. and Mrs. Billy Stillwell and two daughters of Omaha visited their parents, Mr. and Mrs. Seeley Stillwell, Sunday. Beth and Gail remained for a few days with their grandparents.

Mr. and Mrs. Melvin Doran and family of Wilmar, Minn., visited at the homes of her mother, Mrs. Mabelle Elliott at Alvo and her sister and family, the Dale Halvorsens at Eagle as well as with his mother, Mrs. Carolyn Doran and other relatives in Lincoln.

Mr. and Mrs. Charlie Scattergood met their daughter, Faye, and family, the Eldon Sorensons of Ruakin, at Beatrice Thursday afternoon. Lynne and Lila Rae Sorenson accompanied their grandparents home and they went to the Sorensons' Easter Day.

Mr. and Mrs. Harry Pierolf of Walton were supper guests at the home of his sister and husband, Mr. and Mrs. Charlie Scattergood Tuesday evening.

Mrs. Anna Fifer returned to her home from the hospital on Sunday afternoon accompanying her son, Mr. and Mrs. Dallas Fifer of Lincoln. Her daughter and husband, Mr. and Mrs. Jake Rodaway of Eagle will remain with Mrs. Fifer, during her convalescence.

Mr. and Mrs. Henry Umland, Mrs. Dorothy Sybrandt and family, were dinner guests at the home of Mr. and Mrs. Lowell Umland and family at Lincoln Sunday. The latter's mother and son of Omaha were also guests for the Easter dinner.

Mr. and Mrs. Neal Whitney and children of Lincoln were Grill steak supper guests at the home of Mr. and Mrs. Richard Weyers last Friday evening.

Richard Weyers left via plane for Pittsburgh, Pa., Monday morning for a 3 months special schooling on machines for office work. Mrs. Weyers and daughter remained home and will also stay at the home of her parents, Robert Walker Sr. during his duration of training.

On Monday, Mrs. Marlon Wulf and children spent the day at her parents, Mr. and Mrs. Herman Kruger at Sterling, Nebraska.

And as Cold as Cash  
Have you heard about the new drink? It's Foreignade, the refreshment that never pangs. —The Tribune, Ames, Iowa.

FT. MYER, Va.—Glenn E. White (right) of Plattsmouth, Neb., receives oversize chevrons upon his promotion to senior master sergeant during a recent ceremony here. Sergeant White is sergeant major of the 1020th United States Air Force Special Activities Wing at Ft. Myer. The 33-year-old sergeant is the son of Mr. and Mrs. Clarence J. White Sr., of 415 Hillcrest Drive, Plattsmouth, and is a graduate of Plattsmouth High School. He entered the service in July 1947. His wife, Mary Lou, is the daughter of Mr. and Mrs. Thomas J. Walling of 1233 Main St., Plattsmouth. Colonel Robert W. Elliott, 1020th commander, makes the presentation. —(U.S. Air Force Photo).

'Joyrider' Caught After Chase Here

An Omaha man, caught after a chase by car and afoot here early Saturday morning, admitted taking a pickup truck in Glenwood, Iowa, and a car east of Plattsmouth.

Police Chief Joe Kruntorad said Richard W. Wellman, 27, of South Omaha was sentenced to 90 days in the County Jail and fined \$100 after pleading guilty to a charge of "joyriding" on arraignment in County Court Saturday.

Wellman admitted taking the pickup truck of Otis Turner, in Glenwood. He drove it toward Plattsmouth but stopped when he realized he was coming to a toll bridge. In trying to turn around he high-centered the truck and abandoned it.

Wellman walked across the bridge and later stole a car belonging to James Kennedy of Pacific Junction, Iowa, from the yard of Wendell Peterson east of here.

Peterson and Kennedy gave chase in Peterson's car and caught Wellman near the Masonic Home in north Plattsmouth. They put him in Peterson's car but Wellman slipped out and ran across a field, the two men giving chase. They caught him and took him to the home of the Police Chief.

Bank Gets Award For Farm Letter

The Award of Distinction for bringing to the community a farm management and price outlook letter, "Farming for Profit," for the past 10 years, has been awarded to Plattsmouth State Bank.

Farm management and price outlook information included in the letter is designed to increase farm income. The material aids the farm operator in planning and marketing crops and livestock.

"Farming for Profit" is prepared for the bank by Doane Agricultural Service, Inc., organization engaged in farm management, agricultural writing, rural appraising and agricultural research.

### WAYNE FEEDING RESULTS REPORT

March 22, 1963

Allied Mills, Inc.  
Fort Wayne, Indiana

Gentlemen:

I was particularly pleased with the success I had with Wayne Feeds because my pigs started fast on Wayne T. C. Jr. and continued gaining very well all the way to market. They went to market in a short period of time and at a reasonable cost. I believe Wayne Pig Balancer "400" has helped me more than any feed I have ever fed. It will keep hogs gaining rapidly at low cost even when a stress condition exists.

I highly recommend Wayne Pig Balancer "400" to any hog producer.

Below are the records I had recently on 150 pigs.

No. Hogs Started	150	Breed	Crossbred
Date Record Started	August 15, 1962	Total Wt.	450 lbs.
Date Record Completed	January 23, 1963	No. Marketed	148
Total Days Fed	169 Days	Total Gain	33,650 lbs.
Av. Wt. Per Hog At Start	2 1/2 lbs.	Av. Wt. Per Head At Finish	236.04 lbs.
Av. Mkt. Age	169 Days	Av. Gain Per Head	224 lbs.
Selling Price	\$15.07 per cwt.	Total Cash Receipts	\$5,138.87

#### FEED RECORD

Wayne Tail Curler Jr.	2,750 lbs.	\$ 176.00
Wayne Tail Curler	1,000 lbs.	\$ 64.00
Wayne Pig Balancer "400"	9,400 lbs.	\$ 659.90
Wayne Pip-Z Wormer	500 lbs.	\$ 28.50
Corn	73,920 lbs.	\$1,452.00
Total lbs. Feed & Cost	87,570 lbs.	\$2,370.40
Lbs. Feed Per Lbs. of Gain		2.80 lbs.
Feed Cost Per Lb. of Gain		\$.07
Profit Per Hog Over Feed Cost		\$18.07

#### OTHER COSTS

Sanitation Products	\$15.50
Vaccination Cost	\$95.50
Grinding, Mixing, and Shelling Cost	\$181.95
Total Other Costs	\$292.95
Total Cost Per Lb. Gain	\$0.786
Total Profit Per Hog	\$16.09

The above is a feeder's own statement and record on 150 head of hogs which he fed. Usually we only recommend pig balancer 400 for smaller pigs or at times of stress due to the extra cost of \$1.00 per hundred over pig balancer regular or \$1.60 over the cost of hog balancer.

This feeder was so impressed with the results of pig balancer 400, with its high level of antibiotics that he decided to feed it all the way to market.

We would have told him that it would take an average of 125 pounds of WAYNE FEEDS and 8 bushels of corn to make a 200 pound hog.

He produced 230 pound hogs with 87 pounds of WAYNE HOG FEEDS and 8.8 bushels of corn. He proved to us again that by using a higher fortified feed, even though the cost per pound is higher, it reduced the cost of production.

**WE BELIEVE HIS FEED COST OF 7c PER POUND OF GAIN WILL BE A HARD ONE TO BEAT.**

**WHY DON'T YOU LOWER YOUR HOG FEED COSTS WITH WAYNE?**

## Farmer's Feed & Seed

Plattsmouth, Nebraska
