

Louisville

Mrs. Earl Pils, Ralph and Shelley were Tuesday evening supper guests at the home of Mr. and Mrs. Kenneth Roebber and family near Murdock.

Mr. and Mrs. Frank Wildrick left Tuesday to spend several days with Mrs. Wildrick's cousin and family, Mr. and Mrs. Carroll Zappa and daughters at Grant, Iowa.

Mrs. Floyd Gauer and daughter Linda of Louisville and Miss Barbara Arends of Manley were Omaha shoppers Thursday.

Mr. and Mrs. Leonard Churchill of Lincoln and Mrs. Betty Sawyer of Syracuse were Tuesday afternoon callers at the home of Mr. and Mrs. James Sawyer and children.

Mr. and Mrs. Carl Lange of Omaha were Sunday guests of Mr. and Mrs. Tom Toman.

Mrs. Grayce Ahl, Mrs. Conrad Wehrman and Mrs. Arnold Heil were coffee guests Thursday morning of Miss Laura Schoeman.

Mrs. Carol Alley and sons, Douglas and Steven of Huntington Park, Calif., are here visiting her mother, Mrs. Clara Sjogren and other relatives. They accompanied Mr. and Mrs. Roger Lühring and sons of Columbus here. The Lührings had been visiting his parents in Maywood, California for two weeks. They arrived in Louisville Sunday morning and the Lührings continued on to their home Monday.

Mrs. Sjogren is taking her vacation from her work at the Masonic Home in Plattsmouth while her daughter and grandsons are here.

Saturday callers of Mr. and Mrs. D. C. Huffman were Mr. and Mrs. John Webb and family of Omaha and Mrs. Charles Freed and children of Denver.

Mr. and Mrs. George Hansen and Judy and T-Sgt. and Mrs. Bill Larson and children, Corky and LaDonna of Lincoln, and Mr. and Mrs. Robert Thuston, Bobby and Debbie of South Bend were Sunday evening supper guests at the Lloyd Larson home. Kenneth Sjogren returned home with Corky for a few days visit.

Kathy Hennings, daughter of Mr. and Mrs. Dayton Hennings, was badly burned on the leg when hot gravy was spilled on it.

The children of Mr. and Mrs. Leonard Vaughn of Palmyra visited Thursday evening with their grandparents, Mr. and Mrs. Henry Doermann while their parents attended the Primrose Chapter meeting of the OES at Springfield. Mrs. Lillie Ritter and Mrs. Lucille Thompson of Talmage, sisters of Mrs.

Doermann are also visiting at the Doermann home.

Mr. and Mrs. Gene Ingram and family of Lincoln were Father's Day supper guests at the Ed Ingram home.

Mrs. M. K. Schroeder of Syracuse was a Sunday afternoon and evening guest of her parents, Mr. and Mrs. Tom Tennant. Mrs. Schroeder's niece, Tanya Payne of Springfield went home with her for a few days visit.

Nebraska 2nd In Production of Castorbeans

LINCOLN — Nebraska now ranks second in the nation as producer of castorbeans.

This is the report of J. H. Williams and J. A. Hooks in the new issue of the Nebraska Experiment Station Quarterly, published at the College of Agriculture.

This is not as spectacular as it sounds, since only 15 per cent of the castorbeans used in the United States are produced domestically.

However, it is significant, the authors state, because castorbeans have been raised commercially in Nebraska for only three years. The size of the market will permit continued spectacular growth of castorbean acreage when the answers to several problems are found by Nebraska scientists.

About 160,000 acres of castorbeans are needed to meet present United States demands. Nebraska farmers planted 6,000 acres in 1962 and may plant as many as 10,000 in 1963. Nearly 50,000 acres would be needed to support a processing plant in Nebraska.

Growth of castorbeans as a field crop in Nebraska will depend in part on finding varieties and hybrids adapted to Nebraska soils and climate.

Needed are early maturing, high yielding, disease resistant, dwarf varieties and hybrids that have high oil content and resist lodging and shattering.

To meet these needs, a breeding program was started last year by the Nebraska Agricultural Experiment Station, supported by state funds.

The complex job of developing adapted varieties for Nebraska will be done by improving available varieties and developing new ones through hybridization and selection, the authors say.

At the same time, inbred lines will be developed for use as seed parents for hybrids.

Single cross hybrids are superior in yield to inbred lines, but at present hybrid seed is costly to produce, requiring much labor. As many as six or seven roguing to remove pollen bearing plants are needed. Some lines of research being followed show promise of getting around this cost.

In the meantime, varieties developed in other states and federal programs are being evaluated here. A new inbred variety, Lynn, released by Texas, performed well in 1962 and will be grown on a limited scale in Nebraska in 1963.

While most Nebraska acreage is in the southcentral and southwest areas, trials indicate a potential for the eastern cropping districts. More information is needed on this, however.

The Final Test
"I thought you said this bathing suit was in fast colors, said the customer, indignantly. "Why, every confounded stripe in it has come off on my back."
"Ah but wait," said the shopman, suavely, "wait until you try to get them off your back — then you'll see."

On Tuesday were dinner guests at the home of Mrs. Stewart's son, Dr. and Mrs. Hubert Stewart and family at Pawnee City, Nebr.

Mmes. Nina Fröhlich and Nelda Norris visited former Eagle folks at Elmwood, Sunday afternoon. Mrs. Ansel Norris and daughter, Naomi and Mrs. Ida Oberle at the Elmwood Nursing Home. Mr. and Mrs. Rudolph Wulf also called on his brother and sister, Victor and Mary Wulf at the home during the afternoon.

Mr. and Mrs. Howard Read have sold their Lincoln property and moved to Miami, Florida recently. Their daughter, Bettie and family the Jim Overmans from Florida are visiting her sister and family the Art Sackitts' at Lincoln and other relatives during their stay. All are former Eagle residents.

Independence Day Observed in Denmark, Too

John Adams thought the birthday of the United States ought to be celebrated "from one end of this continent to the other" and prescribed pomp and parade, bells and bonfires for the occasion. But one of the largest and most impressive observances of Independence Day takes place thousands of miles away, in Denmark, according to World Book Encyclopedia.

Each year as many as 40,000 Danes and Americans gather at Rebild National Park in northern Jutland in an enduring gesture of international friendship. While the Stars and Stripes waves beside the Dannebrog, Denmark's flag, and television cameras glide along an avenue of U. S. state flags, there is band music and singing and even the traditional Fourth-of-July oratory.

The Rebild Festival was the inspiration of a group of Danish-born Americans led by Dr. Max Henius, a chemist who became a prominent citizen of Chicago. In 1911 they purchased 200 acres of Denmark's heathery hills and in 1912, reports World Book Encyclopedia, they presented the land to the Danish government with the stipulation that the U. S. Independence Day be observed there every year.

The celebration has taken place annually except during years of war. But even in 1940, when Denmark was an occupied country, a group of Danes raised the American flag alongside the Dannebrog within the park grounds.

In recent years, American speakers have included Chief Justice Earl Warren, Paul G. Hoffman and former vice president Richard M. Nixon. True to the memory of John Adams, however, the pomp doesn't end with the speeches. After the ceremonies in the park, the guests move to the neighboring town of Aalborg, where they end the Fourth with parades and fireworks.

Despite the fact that the amount of available exhibit space has been increased by about 25,000 square feet this year Supt. of Space and Exhibits Jack Hutchens already is hard pressed to find room for everyone who wants to place a display.

"I've never seen anything like it," Hutchens said. "Space is being reserved the earliest and the fastest in the history of the Fair."

One of the chief reasons for this surge of interest is the fact, according to Schultz, that the Nebraska State Fair has become known all over the United States as one of the best Fairs at which to exhibit.

"That's because we have maintained a balanced program and hold the interest of every segment of the population in Nebraska," Schultz added.

Reversing a trend that started several years ago when major farm machinery manufacturers began limiting their exhibits at State Fairs, one of the biggest such manufacturers has booked a major block of space for 1963 at the Nebraska Fair, Schultz said.

A Classified Ad in The Journal cost as little as 50 cents.

MRS. MAE BLUNT, Estate

Harold Blunt, administrator
Young and Morris, Auctioneers

THANK YOU!

We wish to express our sincere thanks to our friends and many patrons of MARGE & ELMERS' BAR who have so loyally supported us over the past years. It has been a pleasure to serve you. We commend to you the new owners of the business and wish

ERNIE AND ELVINA SCHULTZ

The very best of success in operating this business. AGAIN. . . THANK YOU, EACH AND EVERY ONE.

MARGE & ELMER WURTELE

CAPITOL CORNER

By Rep. Glenn Cunningham

WASHINGTON, D.C. (Special) — An Omaha woman wrote me recently to ask if post offices could be supplied with scissors, so that persons tying packages for mailing or bundling letters for mailing, especially at Christmas time, could have some means of cutting the twine.

I referred this question to the Post Office Department here in Washington, and I asked the Department officials to see if something could be done.

I am pleased to say that Assistant Postmaster Fred Belen has advised me that instructions will be sent to all post offices to see that scissors or some other means of cutting the twine would be available for postal patrons.

There are complaints about how the Government is not responsive to suggestions such as this, but this action by the Post Office Department illustrates that such suggestions are considered and in this instance put into effect.

Positive suggestions for action against the Communist menace to this hemisphere posed by Cuba continue to come from within this country and from other American nations.

A blue-ribbon group representing all walks of life, known as the Citizens Committee for a Free Cuba, has issued a 16-page statement of findings and recommendations. It states that American policy must rest on these three objectives:

1. The elimination of the Soviet political and military base in Cuba.

2. The halting of Castro-Communist subversion, sabotage, and guerrilla warfare against Latin-American peoples.

3. The liberation of the Cuban nation from Castro's brutal police state.

These are goals that every American will agree are realistic and vital. This committee their listed 28 specific steps which could and should be taken to increase direct economic pressure on Cuba, assist anti-Castro Cubans, increase hemispheric solidarity and plan for post-Castro Cuban reforms.

Not If They're Good 'Uns
"You've been convicted fourteen times of this offense — aren't you ashamed to own to that?"

"No, your worship. I don't think one ought to be ashamed of his convictions."
