**Methodist Musicians Meet for Convocation**  
ELMWOOD (Special)—Among those attending the 1963 Biennial Convocation of the National Fellowship of Methodist Musicians were Mrs. Swain Nielsen and Mrs. Dwight Clements of Elmwood, and Mrs. Gerald Kittrell of Ashland. The convocation was held at Baker University, Baldwin City, Kan., Aug. 4-9.

The keynote speaker was the Rev. Dr. Walter Towner, Nashville, Tenn., executive of the Board of Education of the Methodist Church. He told the convocation that "there is a colossal search going on for more effective ways of proclaiming the Christian gospel, and better use of music may be one of the answers." "Music is perhaps the most versatile way of communicating both the factual and emotional content of the gospel message," said Dr. Towner, "but we know far too little about how to use it."

He told the musicians they must guide the church in understanding the detailed procedures involved in the use of music in the development of a Christian. Dr. Towner led in the move to organize a few years ago the National Fellowship of Methodist Musicians.

Methodist Bishop Eugene Slater, Topeka, addressed the group on "Music Enriching the Whole Church" Monday morning at First Methodist Church. He is head of the Kansas area.

Bishop Slater also spoke Tuesday morning at Methodist Bishop Matthew W. Clair, Jr., St. Louis, Wednesday and Thursday mornings. All three of these addresses were at Baker University.

The Rev. Dr. Mark Rouch, pastor of the First Methodist Church, Baldwin led devotions. The Convocation staff included Dr. Holmes Ambrose, Head of the Department of Church Music, Peabody College, Nashville, Tenn.; Dr. Lara Hoggard, Conductor of Midland-Odessa (Texas) Symphony, Midland, Texas; Dr. Austin C. Lovelace, Minister of Music, Christ Methodist Church, New York City; Miss Dixie Milne, Organist and Children's Music, University Park Methodist Church, Denver; and Dr. Alec Wyton, Organist and Choirmaster, St. John the Divine Church, New York City.

Dr. Lara Hoggard conducted the group in a presentation of Faure's "Requiem". His approach to music was not for the sound, but for the spiritual uplifting and beauty it can bring to all lives.

Thursday evening the entire NAFOMM complement were transported by bus to Independence, Mo. for a concert by Dr. Alec Wyton at the new reorganized Latter Day Saints Auditorium.

The largest organ in the mid-west and one of the largest in the United States, the organ contains 128 ranks of pipes. It was built by the Aeolian-Skinner Co. two years ago at a cost of approximately \$150,000.

## Elmwood Churches

DOES YOUR "HOT" WATER FAUCET MEAN "HOT"?

CHOOSE AN ELECTRIC WATER HEATER

Just turn the faucet marked "hot" and that's exactly what you get... HOT WATER. Sounds pretty obvious doesn't it? But do you get all the hot water you want? If not, then you should be thinking of changing to a modern "QUICK RECOVERY" water heater. It's so dependable and economical that you'll even forget you own one.

Why wait... see your appliance dealer or plumber today and insist on the conveniences of an ELECTRIC "quick-recovery" water heater.
