

Cass Soil-Water District Entered in U.S. Competition

The Cass Soil and Water Conservation District has entered the 17th annual Goodyear competition to select the nation's top 52 conservation districts, according to Eldon Mendenhall of Elmwood, district chairman.

Activities of the district will be weighed against the performance of other districts in the state in determining the outstanding district in the annual event sponsored by the Goodyear Tire & Rubber Company of Akron, Ohio.

Key agricultural leaders will serve as judges and will select the state winner. Soil conservation efforts from May 1, 1963, through Dec. 31, 1963, will be considered.

Grand award for the 52 districts selected nationally will be an expense paid, work-study trip to Arizona in December, 1964, for one member of the district governing body and the outstanding farmer-cooperator in each of the winning districts. The 104 men selected will be guests at Goodyear Farms, a 14,000-acre general farm operation near Phoenix.

District supervisors are Eldon Mendenhall of Elmwood, Wayne Meyers of Elmwood, Harold Meisinger of Weeping Water, George Rieke of Union and Hugo Meisinger of Plattsmouth.

Mendenhall said the District's outstanding cooperator will be selected from among approximately 1,500 farm operators enrolled in the district program.

Nationally, about 1,800,000 farmers in 2,900 districts will be eligible for the grand award trip.

One Quail Area To Close Dec. 1

LINCOLN — The season on quail in the northern area will close Dec. 1, the Game Commission reports.

Quail hunters have been having good success this year. M. O. Steen, Commission director, said, and the 1963 harvest is expected to surpass the 1962 bobwhite kill.

The northern area includes that portion of the state lying north of a line extending from the Iowa-Nebraska border westward along U. S. Highway 39 to its junction with U. S. Highway 138, thence south and west along U. S. Highway 138 to the Colorado-Nebraska state line.

Gunners still interested in bagging the elusive quail can find it in the southern area until December 17. Both seasons opened on Oct. 26.

Bag limits in the northern portion of the state are 3 in the daily bag and 10 in possession and 6 and 18 in the southern area.

STREET LIGHT OK'D
A street light for 17th Avenue at Highway 73 was approved Tuesday night by the City Council on recommendation of the Council's Lighting Committee. Two property owners in the area had asked for the light.

Goose Population Here Soars to Near 23,000

The population of geese at the Plattsmouth Waterfowl Management Area (Game Refuge) of the State Game Commission rose to between 22,000 and 23,000 Tuesday, resident manager Harold Edwards said Wednesday.

This is an all-time peak count for the refuge, he said.

Previously, the high for a season was about 18,000 in 1961. Last year, he estimated the peak of visitors on the flight south through this flyway at 15,000.

Edwards said there has been great fluctuation in numbers in recent days.

A few days ago, the sojourning flock had dwindled to 13,000 to 14,000 as great numbers departed. Then, in a day or two the count rose to 20,000 and continued to climb to nearly 23,000. He said not all the arrivals were from the north.

Edwards doesn't know how long the main body of geese will stay. There is plenty of feed (grain and grass crops) on the refuge and geese could be around until mid-December if the pleasant weather holds, although departures ordinarily increase greatly soon after the first of December.

CORRECTION

A story in Monday's edition relating C. J. White's retirement with the Corps of Engineers was in error.

Mr. White's service with the Engineers was for a term of 37 years, not 47 years as the story read.
