Adding to The Donohoe. Last Friday morning work was begun on the basement of a 25x40 two story frame building to be erected on the lots just north of The Donohoe hotel, which when completed will be used as an annex to that institution, the two buildings being connected by a bridge. The new building will contain 9 bed rooms and a large sample room when completed and is a much needed addition. In the basement will be installed a heating plant, probably hot air. The building will have a square front, and will present quite an imposing appearance.

Ranch Barns Burned. About 2 o'clock last Thursday afternoon the barns on U. O'Bryan's ranch caught fire from matches in the hands of a boy, and burned to the ground with their contents. One of the barns was a frame and the other a log building. Luckily they contained nothing but a couple of sets of harness and a wagon at the time of the fire. As it is estimated that the loss will amount to about \$800.

To Town City and Back in One Day. By taking the Pacific Short Line at O'Neill. G. P. CRABB, Chairman.

Hon. O. P. Billings, representative from this district, has been quite ill since returning home from Lincoln and last week came to Valentine and has been at Dr. Dwyer's sanitarium receiving treatment. He expects to start for his home at Norden tomorrow.

Hereafter we will have to say "ye editor and family" went to such and such a place. Bro. Berkley is about the only bachelor left, and if he gets lost in the sand hills many more times we will conclude that he strayed from the road while trying to make up his mind to act sensible.

Geo. H. Palmer, of Broken Bow, has been appointed deputy U. S. Marshal to succeed W. H. Liddard in the Sixth Congressional district. Mr. Liddard informs the Standard that he will be allowed to go on and finish up the work that he has already commenced, which will be done at the next term of the U. S. court. —Rushville Standard.

We hereby publicly assert, that if at the close of this administration, the country does not experience a revival of business, such as it has not known during the past four years, then will this paper cease to be republican and we will walk down to the polls, arm in arm with Mr. Joice, and cast our first democratic or populist vote. —Gordon Journal.

A novelty in the way of a civil suit was tried in Justice Lenon's court at Guthrie Center, and the case was one of the most hotly contested known in years. The point at issue was whether the wife along with the husband could be held for the payment of a subscription to a newspaper. The evidence showed that the paper had been taken and read in the family. Justice Lenon decided that the wife was liable for the payment. —Delphos (O.) Courier.

C. R. Watson, A. T. White and Tom Yearshaw, of this place, and D. W. Parmelee, of Rosebud, went out on the Boardman fishing last week. Messrs. Watson and Parmelee returned Sunday afternoon, and reported that the crowd had caught about 200 trout up to the time they left. As evidence of good faith they brought about half that number home with them and ye editor had the exquisite pleasure of dining off one of the "scrumptious" beauties Sunday evening.

Mrs. J. M. Bates started Friday morning for Lincoln, Neb., to be absent for some weeks visiting with friends.

Mr. James Pettijohn, of Valentine, was in our city on Saturday looking after his farm interests on the flats. PRO AND CON

KENNEDY, Nebr., April 21 1897.

To the editor VALENTINE DEMOCRAT: We voted in November last, upon the proposition to bond Cherry county for twelve thousand dollars to build a court house. We decided against the proposition. Now the advocates of bonds, fearing to wait until another fall at a general election to again submit the proposition, when it could be voted on without expense to the county and inconvenience to the people, have caused a special election to be called on the 4th day of May next to force these bonds upon the taxable property of the county, relying upon the non-attendance of a large percent of the voters on account of the planting season and general hurry of spring work. We oppose the bond proposition for the following reasons:

1. The proposition has been so recently presented to the people and voted down.
2. Half of the sum proposed would build a court house sufficient to accommodate Cherry county for years to come.
3. The designing few might not be deterred in making extravagant expenses to the taxpayers of the county for the purpose of defeating the will of the majority and bonding their property.

The DEMOCRAT is pleased to publish the above letter, having often requested men who were opposing the bonds to give their reasons for so doing in print. It is hard to argue a question unless one has some idea of the opposition's base. This letter comes from a well known man, and one is impressed with the evident earnestness of the writer. He gives three reasons for his opposition to the bonds, and to the best of our ability we will answer his objections.

1st. "The proposition has so recently been voted down." Ordinarily that would be a valid objection, but in this instance it is not. About 300 citizens of this county petitioned for the election, and more would have done so had they been given an opportunity. The county board could not well overlook the expressed wish of the people, had they been so inclined. These petitioners recognized the fact that the vote at the last election was no criterion of the sentiments of the people. The total vote of the county was 1410. The total vote on the bond proposition was 902, a difference of 508. This shows that people had not studied the question and did not take enough interest to express their sentiments either one way or the other, and many voted against the proposition who will now, after study and at a special election, vote for it. As a sample of the indifference shown, "Voter's" precinct, Kennedy, cast a total of 30 votes on the project, 15 for and 15 against, while the total vote cast was 44. 37 voters in Wood Lake, 70 in Valentine, 36 in Gillaspie, 42 in Lavaea, 36 in Merriman, and various numbers in other precincts, neglected to vote on the proposition. At the special election every vote will be cast either for or against, and the will of the people will be determined.

2nd. If any objection is to be made against the bonds, it is because they are to be for too small a sum. Rock county paid \$6,000 for a frame court house and vaults and was crowded for room. The building recently burned down. Brown county paid \$10,000 for a court house, and it is not sufficiently large. Cherry county is a larger, wealthier and more populous county than either named, and should have a county building which will be in proportion to her importance. As "Voter" knows, the best is always the cheapest, and he should remember that if a court house is built it will not be a temporary structure, but one which is to accommodate the county for all time. Our people should not be niggardly. Economy is advisable at all times, but parsimoniousness is reprehensible.

3rd. No "designing few" are responsible for this movement, and no extravagant expenses are contemplated. The 300 signers of the petition for special election cannot be called a designing few, and their "designs" are specifically shown in this extract from the petition:

We further beg to represent that the rooms now occupied are inefficient and dangerous; that the destruction of our records by fire would entail incalculable loss upon the county; and that the annual rental of \$800 now being paid would pay the interest on the proposed bonds and leave a balance of \$200 per annum to the credit of the taxpayers of the county, thus saving enough during the life of the bonds to discharge one-third of the debt; all of which is respectfully submitted.

Once more we wish to call the attention of our readers to Section 2082, on page 420 of the Compiled Statutes of Nebraska for 1895, headed "Division of Property," which says:

All the property, both REAL and PERSONAL * * * belonging to the county or counties from which such new county was formed, SHALL BE DIVIDED by the several county boards of the counties interested between the county or counties from which such new county was formed and the new county, in proportion to the assessed value of property for the last preceding year, which has been taken from such original county or counties and carried to such new county * * * In case the said property cannot be divided or removed, the county receiving the same SHALL PAY TO THE OTHER a proportionate value for the same.

Adding to The Donohoe. Last Friday morning work was begun on the basement of a 25x40 two story frame building to be erected on the lots just north of The Donohoe hotel, which when completed will be used as an annex to that institution, the two buildings being connected by a bridge. The new building will contain 9 bed rooms and a large sample room when completed and is a much needed addition. In the basement will be installed a heating plant, probably hot air. The building will have a square front, and will present quite an imposing appearance.

Ranch Barns Burned. About 2 o'clock last Thursday afternoon the barns on U. O'Bryan's ranch caught fire from matches in the hands of a boy, and burned to the ground with their contents. One of the barns was a frame and the other a log building. Luckily they contained nothing but a couple of sets of harness and a wagon at the time of the fire.
