The task of securing exhibits for the Trans-Mississippi Exposition is being vigorously proscecuted by the Department of Exhibits and the prospects continue to brighten. It is stated that more exhibits are already contracted for and in process of preparation than are to found at the Tennessee exposition and the indications are that the Trans-Mississippi Exposition will develop in astonishing proportions.

A man can use a wart on the back of his neck for a collar button; ride on the back coach of a train to save interest on his money until the conductor comes around; stop his watch nights save wear and tear; leave his "i" or "t" without a dot or cross to save ink; pasture his mothers grave to save corn: but a man of this kind is a gentleman compared to a fellow who will take a newspaper, and when asked to pay for it, puts it in the office and has it marked "refused."

The tariff on cotton is a howling farce. The cotton raisers know it the republican managers know it and the trusts know it, but a few congressmen posing as democrats were caught by the bait. They bit like fish. The cotton imported is of the long staple variety, which cannot be grown in this country in sufficient amount to supply the demand, despite the belief on the part of some that tariff lagislation can reverse the laws of nature. It will not | Ft. Robinson would not schedule their benefit the cotton planters a penny, but it will afford the manufacturers an opportunity to gouge the consumer a little mare. The mullet is considered the most foolish fish. Its brain is smaller than any other member of the fish family. And the mullet is the only fish that will bite at a bare hook. There was no bait on the cotton duty hook .- World Herald.

It seems, that a inson-Niobrara bail game score was 30 to 15, when it was 30 to 10, and so on It's a pity that so great a paper as the World-Herald cannot give facts for news instead of fakes. Three different times now this paper has called attention to the falsity of reports sent from here. When the Omaha ball team was here a few weeks ago the World-Herald published a fake report en alley and street crossings with poll of the game. It is these little things tax labor so far this spring, besides that hurts a paper's reputation for ve- putting about 100 loads of cinders and doubt saved his life .- Republican racity. TRUST GETS "ITS OWN."

The Senate Friday voted to take not less than \$53,241,000 out of the pockets of the American people and present it to the Sugar Trust. The republicans were able to force the bounty through only with the aid of the democrat McEnery, of Louisiana and Jones and Stewart, the two ancient Nevada friends of the Sugar

The republicans felt that they did not dare pass this schedule in silence. So in the absence of Aldrich, Senator Allison undertook to defend the indefeusible and excuse the inexcusable. But he made a sad mess of it.

When Mr. Gorman proved that the trust was getting double the protection of the present Tariff law, Mr. Allison could not deny it. When Mr. Jones, of Arkansas, showed that the schedule was based upon talse figures furnished by the trust, Mr. Allison could not get around it. When Mr. White showed that the bounty to the trust was at least \$53,241,000, Mr. Allison could only wave it aside .--New York World.

A Rank Shew.

Prescelt & Torrey's Comedy Co. was n town last Friday and Saturday evenings. Friday night the company did fairly well playing "For a Million," but the Saturday night show was a rank fake. There was simply nothing to it. In the first place they advertised both by bills and word of mouth that they would play "The False Face," and that there would be spe cialties by every member of the company, but neither "The False Face" nor the specialties materialized. The spectators were regaled with "Finnegan's Troubles" and the comedian sang one lonesome little song which originated some years before the deluge. Considering the fact that Valentine gave this company bettier houses than any other town on the road where they have stopped, the action of the manager in breaking his word is still more reprehensible. The people of Valentine know a good thing when they see it, and henceforth a company must be first class if it is seen here at all. Our citizens will refuse to give 50 cents to see a 10 cent show. Companies traveling this way will please take notice.
