In a recent editorial the New York Herald calmly compares that place to heaven. If recent weather reports from Chicago are to be relied upon, to what locality must her citizens be comparing that city?

A directory or bulletin man never has trouble in securing advertisements, but a local paper which works, sweats and sometimes dies for a town frequently has a hard struggle to obtain patronage from merchants.

One of the most pleasant features of the Longpine Chautauqua this year will be the appearance on August 7, 8 and 9 of the "Scandinavian Sisters Concert Co." This company is composed of four ladies, the Christian sisters, and Mr. A. E. Turner, dramatic reader and impersonator, and they alone are worth a trip to Longpine.

## AGAINST BOARD

### JUDGE WESTOVER ISSUES A PEREMPTORY WRIT

Ordering the Canvassing Board to Reconvene and Count the Vote of the Precincts Thrown Out—Other Work of Court.

Judge Westover held a special term of court here Monday and Tuesday, and in addition to ordering a number of confirmations and doing other business of a like nature, heard a petition from Rock county by its attorney J. A. Douglas asking for an alternative writ of mandamus against the commissioners of Brown county, to compel them to make a special tax levy for the purpose of paying a judgement held against Brown county for \$5,541, also asking that the commissioners be fined \$500 each for neglecting to perform their duty. The court granted the mandamus, making it returnable at Ainsworth on Aug. 24.

A friendly replevin suit between Chas. T. Jones and W. E. Haley, administrator of the Enlow estate, was heard, and Jones was given the certificates of deposit which he had left in John Enlow's care a short time before he died.

A divorce was granted Amberson G. Shaw from Rhoda A. Shaw on grounds that they were "uncongenial." This is a case which was left over from last fall, but was nevertheless a surprise.

A divorce was also granted Mary Johnson from Chester S. Johnson, (assessor) on the ground that Chester shamefully treated her and called her names at divers times and in various places. The couple has two children, but they did not enter into the controversy.

J. Thackrey, of Cooper, Irwin precinct appeared to ask for a peremptory writ of mandamus to compel the canvassing board of the bond election to reassemble and count the vote of Dewey Lake, Enlow and Kennedy precincts, but by agreement the case was put off until Tuesday morning at 9 o'clock.

M. F. Harrington appeared for Thackrey, and it having been decided that no hard fight should be made, the testimony in the case was soon taken and submitted to the court on its merits, Judge Tucker appearing for the canvassing board to keep the record straight. It seems that the case was pretty much one-sided, because the judge granted the mandamus without hardly a moment's hesitation. The writ commands the board to assemble immediately, and count the votes of Nenzel and Sharp's Ranch as well as the three before named, and this the board will do as soon as D. H. Thurston can come up from Holt county.

This settles the court house bond question, unless some citizen wishes to contest the election, in which event the bonds might be declared carried. Everybody should feel glad that the case is disposed of, but the county would have been saved about \$125 or more had action been commenced sooner. For over a month after the count nothing was done, but it was finally decided that no action would be taken by the opponents of the bonds and they were ordered printed. This cost \$50, a special session of the board and a trip to Lincoln, all of which would have been saved.

The utmost good feeling prevails over the decision of the judge, and no criticisms are heard.

On account of the bad weather of the past week, which has prevented us from finishing our work here, we have rented the Shaw gallery for one more week, and will remain in town until Aug. 16, until which time we will be prepared to furnish all who come with the same high grade of photos which we have been turning out during the last ten days.

ANDERSON & SHENFF.

A man in the Indian territory is living as a hermit because he once found some money that did not belong to him and failed to look up the owner. There are a whole lot of people in this country who have money that doesn't belong to them, but they are not doing any worrying nor looking up the owners, either.

All products sent to the State Fair can be turned over to the proper authorities of the Trans-Mississippi Exposition thus gaining the benefit of double exhibit. Yours respectfully

C. R. GLOVER.

The Longpine Chautauqua begins tomorrow, and indications point to a good attendance. This is an institution which should be patronized by everyone in the northwest. It should not be regarded simply as a local or Longpine affair.

The program opens tomorrow evening with an address of welcome by C. R. Glover, which will be followed by music and short talks. The real work of the Chautauqua begins on Saturday. Judge W. F. Norris of Ponca delivers an address in the morning. Monday, Aug. 9 is "Women's Day," when the president of the Nebraska Federation of Women's Clubs, and other women of equal prominence will deliver addresses. Tuesday is "Education Day," and at that time Prof. Clemmens, of Fremont, Prof. U. O. Anderson, formerly of Valentine but now of Lincoln, Miss Stoner, Mrs. Glover, Hon. A. K. Goudy and others will be heard. Wednesday is "Temperance Day," Thursday is "State Day," Friday is "Farmer's Day," and Saturday is "Press Day."

On all of these days prominent speakers will be present. Monday, Aug. 16 is "Recognition Day," and Tuesday the last day of the Chautauqua, is "G. A. R. Day." Railroad rates are one fare for round trip, and \$1.70 cannot be spent to better advantage. Take your family and go down for a few days.

On July 21 the board of directors of the Golden Irrigation district issued a circular to the taxpayers stating that they had discovered the scheme was not feasible, the Snake and Niobrara being incapable of furnishing sufficient water to irrigate the entire district. This is too bad, and it really does seem that this conclusion could have been reached long ago, before the district had been put to so much expense. This a great feather in the caps of Miles and Berkeley of Ainsworth, and they can afford to do a little crowing and say "I told you so." As soon as the debts of the district are paid it will be disorganized.

J. W. Tucker was this week reinstated as receiving and shipping clerk for the Indian warehouse at this place. J. A. Carroll at the same time receiving notice that he had been promoted to the position of chief clerk at the Pottawatomie and Great Nemaha reservation in Kansas, about 15 miles from Topeka. These changes give general satisfaction, and Judge Tucker's many friends will congratulate him having regained his position.

The ball team came up from Neligh Tuesday night for a series of three games with the Andrews team at Fort Niobrara. The first game was played yesterday and was won by Neligh on a score of 9 to 1. Up to the seventh inning the game was a beauty the score standing 2 to 1.

## SEE THAT HUMP?

Well, that's about the size of the "hump" we've been getting on ourselves during the last two or three weeks getting our stock of goods rearranged, and it also indicates the size of the "hump" that bargain hunters must acquire if they want some of those summer goods and other bargains we've been talking about—they won't last very much longer. Just now we are selling straw hats and sunshades at ridiculously low figures. Call and look them over, and incidentally patronize our new grocery department.
