WATER DRIVEN UP BY A HURRI-CANE ON THE GULF.

Two Towns Wiped Out by Wind and Water-Eight Lives Lost and a Score Wounded-\$10 a Day and Board for Laborers in California

Hurricane on the Gulf. A Houston, Texas dispatch says: Information has been received of a severe hurricane which visited the towns of Port Arthur and Sabine Pass Monday night. The storm came up at 6 o'clock from the ocean. By midnight it was so fierce as to produce a tidal wave all along the coast, completely wiping out both places. Eight are known to have been drowned and twenty wounded.

## GET \$10 A DAY AND BOARD.

#### California Appears to Be a Klondike for Laborers.

The problem of how to obtain help enough to harvest this year's crop has become a serious one to fruit growers of Cal-Hornia. One employment agency in San Francisco has places open for 8,000 men in Fresno and Tulare counties alone, while Napa, Sonoma, Santa Clara and Yuba counties are not far behind. Last year for this class of work men were paid \$20 a month and board. Now \$10 a day and board is the regular thing, and with this rise as an inducement the demand for men is greatly in excess of the supply. The demand is not confined to fruit growers alone, but industries of nearly every kind in need of workmen experience the same trouble in securing them.

## NEW STRIKE IN KLONDIKE.

Great Stampede from Dawson City to Gold Fields Over the Divide. The Sulphur Creek branch of Dominion Creek, which is a tributary to the Indian River, is the scene of the latest gold excitement in the Klondike. From accounts | a revolver. of the new district brought down on the hooner South Coast it seems the new diggings will rival even the famous Bonanza and El Dorado. Gold was found just below the surface running \$34 to the pan. Two men took out \$300 in a day by simply prospecting their claims. A stampede followed the reports of the new finds, which reached Dawson City August 15, and in a week 500 men had crossed the mountains between El Dorado Creek and Dominion Creek. They traveled day and night, and in two weeks the whole stream was staked out.

## OVER THIRTY DEAD. The Most Disastrous Wreck in Colorado's History.

The most disastrous railway wreck that ever happened in Colorado occurred at 12:15 Saturday morning near New Castle, Colo. A Denver and Rio Grande passenzer train, westbound, collided with a Colorado Midland stock train going east, wrecking both engines and several coaches of both trains. Fire broke out in the uins. The mail, baggage and express ars, smoker, day coach and tourist sleeper were burned. A number of passengers

aot killed outright, but pinioned in the wreckage, perished in the flames. Of the 200 passengers it is estimated that thirty were killed and as many more bruised. scalded or burned, of whom six or more are likely to die.

The trains collided on a curve round a nountain. There was no opportunity to even slacken speed. The passenger train was going at the rate of twenty miles an nour, and the freight ten or twelve. The Rio Grande Junction road on which the wreck occurred, is a joint single track operated by the Denver and Rio Grande and the Colorado Midland. The Rio Grande passenger train was an hour late. One report as to the cause of the accilent is that Conductor Burbank of the

Colorado Midland stock train, made a misake of ten minutes in figuring on the time when the Rio Grande passenger train passed New Castle. Engineer Ostrander of the stock train is believed to be under she debris.

British Steamer and 21 of the Crew Lost-Captain Suicides.

Private advices have been received in San Francisco that the British steamer Cheang Hye Teng, in the Shanghai-Pepang trade, foundered during a typhoon while on the voyage from Penang to Shanghai, via Yokohama, on or about August 15. The news of the wreck was brought to Shanghai by Mate Crossman and part of the crew who reached there in one of the ship's boats, after having suffered untold horrors for five and onehalf days, during which time they had neither food nor water. Twenty-one of she crew, nine of whom were white, are missing. Capt. Scott stood on the bridge when the steamer foundered and just as the last boat pulled away committed suiside by shooting himself in the head with

Colfax County Farmer Missing.

Gustav Marohn, a farmer who resided with his brother's family about three miles southeast of Lehigh, is missing and the conjectures are that he committed suicide. The other morning when the family arose they found three letters written by Gustav lying on a table in the sitting room, one of the letters being addressed to his brother and sister-in-law, another to his mother and the third to the brother personally. The letter to his mother was written in German, and said in substance that the next time she saw him would be at the graveyard. A posse of men on horseback has thoroughly searched the country around, but no trace has been found of the missing man. He was tall, large boned, was about 30 years of age.

#### The Long Smouldering Flames of **Revolution Break Out.**

Dispatches from Guatemala say that the long smouldering flames of revolution have at last broken out against President Barrios in the western part of the republic, which has been declared in a state of siege. The country is in a wretched condition financially and politically. During the last thirty days failures aggregating \$7,000,000 (Central American money) have been reported. The avowed intention of President Barrios to summon the assembly at an early date to confirm him as dictator, adds fuel to the fire.

## TO FIGHT WITH THE CUBANS

## New Jersey Crack Shots Accept an Offer from the Junta.

Twenty-one members of Atlantic City's famous life guard force have agreed to stand by their captain, Charles Lake, and accept the handsome offer for their services made by an agent of the Cuban junta. The expedition is scheduled to start this week and the men are ordered to rendezvous with a number of other recruits at a nearby point and await the signal. The volunteers have left the city, as have also the country recruits. The guards are all crack shots.

Pointer Is the Victor. In the match race between the Chicago turf kings, Star Pointer and Joe Patchen, at Mystic Park, Boston, Saturday for \$4,000, winner to take all, Star Pointer again proved that he is the speedier. He went as fast as Joe Patchen asked him to and that was all, the two heats being timed tas 2:03% and 2:0414. Patchen was lucky enough to get the pole in the first heat, but it availed him not. Both heats were close and exciting, the first being won by only a nose and the second by half a length.
