To come into universal demand and to be everywhere considered the best of its class, an article must be capable of satisfying the wants and tastes of the best informed purchasers. The California Fig Syrup Company having met with the highest success in the manufacture and sale of its excellent liquid laxative remedy, Syrup or Figs, it has become important to all to have a knowledge of the Company and its product. The California Fig Syrup Company was organized more than fifteen years ago, for the special purpose of manufacturing and selling a laxative remedy which would be more pleasant to the taste and more beneficial in effect than any other known. The great value of the remedy, as a medicinal agent and of the Company's efforts, is attested by the sale of millions of bottles annually, and by the high approval of most eminent physicians. As the true and genuine remedy named SYRUP OF FIGS is manufactured by the California Fig Syrup Company only, the knowledge of that fact will assist in avoiding the worthless imitations manufactured by other parties.

The cigars were found to be loaded with poison, and it was said that the man who recovered only did so because he used a cigar holder. The facts were at first hushed up, because, as was said, the suspected sender, whose motive was revenge on account of a lady, was a man of wealth and power.

The Manchester man was found at Leeds almost unconscious, and the only occupant of the carriage. He grasped in one of his convulsed hands the cigar he had been smoking, and after analysis showed it to be identical with the others. He recovered, but the
