IT ISN'T MUCH,  
but we have downed Lewis, Burge,  
Tate and Dewey.

THE DEMOCRATIC DONKEY  
is still in the harness.

EVERYBODY  
is astonished at the aggregation.

PETTJOHN  
"Kissed and made up" with those he  
formerly opposed.

THE LONG AND THE SHORT  
of it is that the democrats and pops  
made fools of themselves.

A thief in Harper county, Kansas,  
recently came to grief when he tried to  
sell stolen cattle to their owner.

The sheep pens at Kansas City stock  
yards were destroyed by fire Saturday  
night. Over 600 sheep were killed by  
the fire. The pens covered an entire  
block.

At the big Hereford cattle sale, which  
was recently held in Kansas City, Mo.,  
John Sparks, of Reno, Nev., paid \$2,500  
for the Hereford heifer, Armour Rose,  
which was the highest price ever paid  
for a heifer.

The regular annual meeting of the  
Red Polled Cattle Club of America will  
be held at the Sherman House, Chicago,  
Ill., on Tuesday, November 21, at 10  
o'clock a. m. J. McLarn Smith, Dayton  
Ohio, is secretary of the association.

W. H. Corbin shipped four car load  
of steers the fore part of the week to  
Rosenbaum & Co, South Omaha.  
According to information furnished  
they were the finest bunch of steers ever  
loaded onto cars out of Alliance. They  
averaged in weight 1520 lbs. and topped  
the market at 4.80.—Alliance Grip.

In the immense range country to  
the north of Montana, known as the  
Northwest Territory, the best stock  
growers propagate the finest strains of  
"black cattle" as the Angus and Gal-  
loway cattle are called. These polled,  
black coated cattle are hardy, docile yet  
famous rustlers and take on flesh easily  
not only, but they put on extra flesh  
where the high priced cuts lie and thus  
it is that the Angus cattle "kill well" as  
the butchers say. Bull calves of these  
breeds sell well on this side of the line  
where high grade Gallows have been  
tried and have proved themselves to be  
all that ever has been claimed for them.  
—Montana Journal.

While the auctioneer was selling  
Bonnie Prince, the Hereford calf which  
reverted to Mrs. Cross after the death  
of her husband, C. S. Cross (founder of  
the Sunny Slope, Kansas, stock farm)-  
at the great Hereford sale in Kansas  
City, recently, the first bid was \$500  
and a spirited contest was kept up till  
it was sold to Marshall Field, of Chicago.

Just at this juncture Col. Slaughter  
of Fort Worth, Texas, stepped into the  
ring and cast a silver dollar in the saw-  
dust near Bonnie Prince, calling on the  
rest of the stockmen present to make  
up a gift for the brave little woman.  
Dollars rained in the ring until an even  
peck measure of dollars was gathered  
up.

The government experiments in dip-  
ping southern cattle to de-roy the ticks  
on them, and thus render it safe to ship  
them north at all seasons of the year  
without quarantine restrictions to pre-  
vent the spread of splenic fever, do not  
seem to have been attended with success  
although it was announced some time  
ago that they were successful and the  
quarantine regulations of a number of  
states are based upon the theory that  
the results of dipping are satisfactory.  
At the recent convention of sanitary  
live stock boards, held at Chicago, Dr.  
Salmon, chief of the bureau of anim l  
industry, made an address in which he  
said the experiments of last year had  
been so unsuccessful that the bureau  
was unwilling to make any recommenda-  
tions for dipping during the coming  
year. It is probable, however, that the  
bureau will continue its experiments,  
in the hope of finding a dip that will  
be efficient for the destruction of the  
ticks, and at the same time safe for the  
cattle.—The Homestead.
