

## A NOTED JUDGE SAVED BY PERUNA.

Had Catarrh Nine Years—All Doctors Failed.

HON. GEORGE KERSTEN, OF CHICAGO.

Hon. Geo. Kersten, a well-known Justice of the Peace of Chicago, says:

"I was afflicted with catarrh for nine years. My catarrh was located chiefly in my head. I tried many remedies without avail. I applied to several doctors, but they were not able to cure me. I learned of the remedy, Peruna, through the daily newspapers. After taking the remedy for 18 weeks I was entirely cured. I consider my cure permanent, as it has been two and a half years since I was cured."

Any man who wishes perfect health must be entirely free from catarrh. Catarrh is well-nigh universal; almost omnipresent. Peruna is the only absolute safeguard known. A cold is the beginning of catarrh. To prevent colds, to cure colds, is to cheat catarrh out of its victims. Peruna not only cures catarrh, but prevents it.

All families should provide themselves with a copy of Dr. Hartman's free book entitled "Winter Catarrh." This book consists of seven lectures on catarrh and la grippe delivered at The Hartman Sanitarium. It contains the latest information on the treatment of catarrhal diseases. Address Dr. Hartman, Columbus, Ohio.

### Vienna Policemen.

Vienna policemen are required to understand telegraphy and to be able to swim and row a boat.

### "Oh! How Happy I Am."

"HOW HAPPY I AM to be able to say that I am free from pain after five years of severe suffering from neuralgia," writes Mrs. Archie Young, 1817 Oaks avenue, West Superior, Wis. "I am so thankful to be able to say that your '5 Drops' is the best medicine I ever got in my life. When I received it from you last November, I used some of it right away. The first dose helped me. 'It is impossible to explain how I was suffering from neuralgia. I thought no one could get worse and that death would soon come. I was very weak, and I hardly thought I could live to see my husband come back from his daily labor. 'Now I can say that I am free from pain, my cheeks are red, my appetite is good and I sleep well all night. Many of my friends are surprised, and say they will send for some '5 Drops.'"

Sample bottles of this wonderful remedy 25c, large bottles, containing 300 doses, \$1.00. For information write Swanson Rheumatic Cure Co., 164 E. Lake Street, Chicago.

No large city in the United States has a surplus of splinters. Baltimore comes nearest, with only sixty-five more bachelors than old maids.

VITALITY low, debilitated or exhausted cured by Dr. Kline's Invigorating Tonic. FREE! Trial Bottle containing 2 weeks' treatment. Dr. Kline's Institute, 233 Arch Street, Philadelphia. Founded 1871.

Ingratitude is the abridgment of all baseness; a fault never found unattended with other viciousness.

Mrs. Winslow's SOOTHING SYRUP for Children soothes the gums, reduces inflammation, allays pain, cures wind colic. 25 cents a bottle.

The jest loses its point when he who makes it is the first to laugh.—Schiller.

## Woman's Kidney Troubles

Why trifle with health when the easiest and surest help is the best known medicine in the world?

Lydia E. Pinkham's Vegetable Compound

is known everywhere and thousands of women have been cured of serious kidney derangements by it.

Mrs. Pincham's methods have the endorsement of the mayor, the postmaster and others of her own city.

Her medicine has the endorsement of an unnumbered multitude of grateful women whose letters are constantly printed in this paper. Every woman should read these letters.

Mrs. Pinkham advises suffering women free of charge. Her address is Lynn, Mass.

## SAYS BRITAIN IS RIGHT.

John Hays Hammond Condemns Oom Paul and His Policy.

According to John Hays Hammond, the American engineer whose activity at Johannesburg while associated with the Rhodes mining interests at the time of the Jameson raid in 1896, came near costing him his life at the hands of the Boers, America's sympathies in the British-Boer conflict should be not with Oom Paul but with her majesty's forces. Mr. Hammond gave expression to this view at a brilliant dinner given him a few days since in Chicago. He spoke of the condition of affairs in the Transvaal prior to the war and took the opportunity to say that England was carrying on a just war and that the Boers were wholly to blame for the present difficulty.

Mr. Hammond made the assertion that the Transvaal mining industry would never have achieved success were it not for the fact that English capital and American ingenuity became interested and entered the field. The Outlanders, he said, were invited to the territory by Oom Paul, who, when they had served his purpose, denied them the right to exist there by reason of the oppressive laws

JOHN HAYS HAMMOND.

he directed against them. The Outlanders paid nine-tenths of the taxes and yet had little or no voice in the government. All that is wanted by the Outlanders, said Mr. Hammond, is the establishment of the principle that there shall be no taxation without representation.

In Mr. Hammond's opinion, the present strife was forced upon President Kruger by his inability to longer control the widespread conspiracy he had built up against England. Oom Paul, said Mr. Hammond, was waiting for a rupture between Great Britain and some other power when he would make his effort to attain independence. For many years the Boers were actively pursuing a scheme of conspiracy for driving the English from South Africa and were buying guns, building fortifications and hiring foreign officers in anticipation of a conflict.

It might be supposed that Mr. Hammond was prejudiced in the matter in favor of the English because of his participation in movements against the Boers, but he claims, this view of the matter would be wrong. He spoke as an American, he said, and put the facts of the case plainly before his auditors.

## Side Lights on the Boer War.

The health of the horses in South Africa is a question which is worrying British officers almost as much as the health of the men. On account of the lack of railroads and the quickness of the enemy's moves, mounted troops are almost as essential as guns. With the change from the dry to the wet seasons comes the danger to horses. The average death rate among the horses now from sickness alone is about 25 per cent. In some localities it has been known to reach 80 and even 90 per cent. The disease works rapidly. It often happens that a trooper is riding along when his horse begins to stagger, then drops and dies on the spot. Donkeys are immune to the disease, but mules are not.

The Kafirs, Basutos and Zulus are the native "runners." But it is by running that they do the best of their work. This they do by shouting their messages from hill to hill. They are the South African telegraph system. The first news of the battle of Glencoe which reached England and America came to Cape Town in this way. Whatever message is given by a native negro is never altered by any one who forwards it, though it may be passed along by 2,000 men. The precise words that are uttered by the first man are the identical ones which the last one hears.

In the pursuit of Gen. Cronje to Paardeberg some of the British regiments marched twenty-seven miles in twenty-four hours. They got ahead of the transport, and the men lived on quarter rations. When the white flag of surrender was displayed by the Boers, a regiment stationed on a hill saw it and set up a cheer which ran down the lines and was taken up by the men in the trenches. An officer dashed to headquarters with the news.

On Christmas day three Englishmen, who had previously received passes to remain in the Free State, were commanded and ordered to proceed to the front. They declined to fight against their countrymen, and on the same day were taken to the market square at Harmsmith and shot.

Well up to the front, among the popular heroes of the Boer war, is Bugler Dunn, the boy of 15, first of the Royal Dublin Fusiliers to cross the Tugela, and who, wounded in the right hand while sounding the "advance," immediately sounded the "advance" with his left hand.

Lord Roberts is not the only British general to have lost a son in the South African campaign. Gen. Brabant, commander of Brabant's Horse, and one of the most popular military men in South Africa, had a son, Capt. Brabant, killed in a sortie from Ladysmith.

A private in the Shropshire Light Infantry wrote home from Orange river: "I am as black as a Kafir, with a beard about five inches long. I have only one suit of khaki, and the trousers are all grease and in holes."

## Worthless Stuff!

What a lot of trash is sold as cough cures. The hollow drum makes the loudest noise—the biggest advertisement often covers worthlessness.

Sixty years of cures and such testimony as the following have taught us what Ayer's Cherry Pectoral will do.

"I had a most stubborn cough for many years. It deprived me of sleep and made me lose flesh rapidly. I was treated by many eminent physicians, but could get no permanent relief. I then tried Ayer's Cherry Pectoral, and I began to get better at once. I now sleep well, my old flesh is back, and I enjoy myself in every way at the age of seventy-four."—R. N. MANN, Fall Mills, Tenn., Feb. 7, 1899.

It's the do-as-you-would-be-done-by cough medicine. Try a 25-cent bottle.
