Skimming Station

The village election passed off quietly, Tuesday, although there was considerable suppressed excitement among the partisans of the two tickets in the field. The ladies of the W. C. T. U. gave a free lunch to voters all day, and although no prohibition ticket was in the field this led many to believe that there was a secret understanding which would result in the refusal of saloon licenses if the Peoples' or Anti-Saloon League ticket was elected. The election board was composed of Messrs. Zarr, S. W. Holsclaw, J. M. Clarkson, W. A. Taylor and J. M. Tucker, and their canvass of the ballots showed the following result:

For trustee, two years—Simons, 117; J. W. Stetter, 105; J. A. Sparks, 94; Cornell, 69; Elliott, 62; Pettijohn, 61. For trustee, one year—Burleigh, 112; Stinard, 127; U. G. Dunn, 51; Morgareidge, 52.

This elects the entire Citizens' ticket by majorities ranging from 25 to 76, the average being 52. A total of 179 ballots were cast, against 142 last year, and of these nine were spoiled and not counted. The election insures Valentine having saloons for at least two years more.

Brownlee Store Burned

A letter received from Brownlee, yesterday morning, conveys the intelligence that the general merchandise store of Skirving & Son and the post-office at that place were burned to the ground about 1 a. m. April 2d. Nothing was saved but a part of the postoffice supplies, and as the entire building was in flames when the fire was discovered it is generally supposed that the conflagration was the work of incendiaries. The loss amounts to about \$3,000, with not a cent of insurance. This is a sad blow to Skirving & Son, and we hope the fiend who started the fire will be discovered and severely punished.

Citizens Ticket Elected

The Valentine skimming station looks like business, now. The building is being erected on the lots west of Smyser's, where a well has been sunk, the boiler is in place, all the machinery is on the ground, and everything is expected to be in working order within a week from this time. This new industry will, we believe, prove of great and lasting benefit to the people not only in Valentine but the surrounding country, and from time to time we will publish articles calculated to assist those interested, and interest those who wish to be assisted.

Journalettes

Merriman had two or three fights last week and things were lively for a time. And yet some folks think the town ought to have a saloon.

Johnny Stetter, of Valentine, was in Gordon this week, looking over the situation with a view of embarking in the wet goods business in case the license ticket is elected.

Ed Ross left for Detroit, Michigan, last Saturday night to spend some time in the school for stammerers. It would be most gratifying to his many friends should he return cured.—Gordon Journal.

Patent Calf Weaner

John Melshaw, our republican friend in German precinct, is the inventor of a new calf weaner. This explains how he turned so many democratic votes in German last fall, but his weaner will not help his cause any this year. All the "calves" have been taken away from the party. We might bargain for the use of his invention on the republicans, but it is impossible to wean them from the public teat. Forcible removal is the only way to keep them from the milk.

Offers a Big Reward

C. H. Jacobson, of Gregory, was in town yesterday and informs us that he has decided to make a change in the reward offered on account of his 16 head of stolen cattle. He will pay \$100 for the return of the cattle, and \$300 for the arrest and conviction of the thieves. The cattle were stolen about January 22. He also offers a standing reward of \$250 in connection with his brand advertisement which appears elsewhere.

Kincaid Goes to Stanton

W. T. Kincaid left Sunday morning for Stanton, where he has secured a situation with the Scott Mercantile Co. "Billy" has a wide circle of friends in Valentine and Cherry county who will be sorry to learn this news, but will wish him success in his new location. Personally we can recommend him to the people of Stanton as a thorough gentleman, a good business man and a staunch friend.
