Some Stores are Dull now but we are Busy as Bees "

One don't have to look far for the reason, either. We are busy because we offer people inducements to spend their money with us. It is, and always has been, our policy to do business, even if it were necessary to give our customers a good share of the profits.

The prices we are quoting on desirable goods below are an object lesson in this respect. Certainly no local merchant or city dealer, either, will sell those goods at our prices.

Put Up Hay.

The drouth in Dakota and Montana is driving out so many cattle some should find a wintering place in Cherry county. That being the case it would seem to be a most excellent idea to put up plenty of hay. The upland as well as valley hay is fine this year, therefore it should be cut and cured for winter feed. No doubt some one will be along either to buy hay or furnish cattle to consume it.

The Skimmery.

The patrons of the skimmery have had their second pay day and from expressions heard among them they are very well pleased.

First—They are receiving a stipulated price for their butter in cash monthly. Second—The work now, compared to that incident to butter making is so largely in favor of the skimming station that the farmers' wives all favor it enthusiastically. Third—The presence of the skimmery has taken so many out of butter making that butter is now 12 to 15 cents a pound here, when heretofore, at this season it has averaged 6 to 10 cents. Taken as a whole it is believed it will prove highly satisfactory. More localities in our county should have skimming stations.

Cure for Cholera Infantum—Never Known to Fail.

During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given up all hope of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea remedy to the house, telling them I felt sure it would do good if taken according to directions. It two days time the child had fully recovered. It is now vigorous and healthy. I have recommended this remedy frequently and have never known it to fail.—Mrs. Curtis Baker, Bookwalter, Ohio. For sale by Quigley & Chapman.
