

THE VALENTINE DEMOCRAT

I. M. RICE EDITOR

EDUCATIONAL DEPT.

On account of sickness Edna Maloney was detained from school Monday.

Mary Cumbow is acting as organist of the High School Room this week.

Cora Graddy, Bernice and Mary Kief started to school this week and entered Miss Cook's room.

Jack Frost having destroyed all the wild flowers, the Tenth Grade have dropped botany for the present and have taken up physics instead.

Sarah Simpson writes home that the school opened Monday with an enrollment of 25 pupils.

Graduating exercises are over and the young people have returned to their work light-hearted and happy.

Those who are teaching in the country come to town it does one good to be at their experience meetings.

Hurrah for Bryan and free silver! Down with the gold bugs, water bugs, and bugs and the g. o. p.

Corn husking has begun with a good field. So far as we have heard corn is going from 30 to 40 bushels to the acre.

John Hittle of Penbrook went up to Valentine, Monday, on business.

David Hamar returned to these parts Saturday from Keystone, S. D. where he has been about a year and a half.

R. Grooms and wife of Valentine visited with relatives in these parts some time since. Porcupine.

Wm. Fleischman from Churn Ranch is in Cutcomb Lake vicinity on business the 3d.

George Heine built a house on his claim recently.

L. W. German was in these parts recently.

John Bishop and George Seager shipped six carload of cattle to Omaha on the 4th.

Chase Sellers is shingling his house. As the farm machine takes its annual rest the political machine begins to do its level best.

Later—Miss Suggester is no longer compelled to seek the shades of Creasland for company and is enjoying her work.

Miss McLaughlin closed her school in order to come to Valentine to see Roosevelt. The teachers say Kate is becoming quite a "stateswoman."

Lulu Hooton reports a very pleasant school and the "loveliest boarding place in Cherry county."

It Happened in a Drug Store. "One day last winter a lady came to my drugstore and asked for a brand of cough medicine that I did not have in stock."

"One was disappointed and wanted to know what cough preparation I could recommend. I said to her that I could freely recommend Chamberlain's Cough Remedy as that she could take a bottle of the remedy and after giving it a fair trial if she did not find it worth the money to bring back the bottle and I would refund the price paid."

In the course of a day or two the lady came back in company with a friend in need of a cough medicine and advised her to buy a bottle of Chamberlain's cough remedy. I consider that a very good recommendation for the remedy.

The remedy owes its great popularity and extensive sale in a large measure to the personal recommendations of the people who have been cured by its use. It is for sale by Quigley & Chapman, druggists.

173 PER CENT. ANNUALLY.

That's the Profit—Copper, the Article—Mexico, the Country.

"El Progresso" in its group of six mines has one of the richest copper ores in the richest mining country in the world. Ore runs 12 per cent. on average. The great Lake Superior district, about \$48 a ton, and in two of the mines, in addition to copper and silver, ore contains a percent to 5% per cent. gold, silver or mercury. One of our mines, the El Progresso, is a world famous mine. It is owned and operated by the El Progresso Mining Co., of Chicago, Ill., and is producing 173 per cent. annually. Copper Production.

The growth of copper production in the century has been very rapid, being in the first decade 91,000 tons, in the fifth 291,000 tons, and in the tenth decade, which ends with 1900, 3,743,000 tons, of which 1,963,000 tons is supplied by North America, the larger proportion of this being from the United States. The rapid extension of the railroad system of Mexico is resulting in the opening of some very extensive copper mines in that country; the richness of the ores, which as a rule, carry gold and silver, together with the abundance of very cheap labor and the climatic advantages will tend to greatly increase the North American production. One of the largest copper mining enterprises in the world is now being started by the Rothschilds, who have invested \$5,000,000 therein. This great property is in the state of Michoacan, and in the same mineral belt as are the El Progreso Mines that are advertised in this issue. The mainspring of the wonderful increase of the world's production of copper is, of course, the great profit that results from mining it, and at the present time no better investment is offered than the stock of a good copper mining company in the initial stages and before a dividend is paid.
