The English capitalists who are trying to buy Colorado gold mines are believed to have obtained an option on the Gold Coin at Cripple Creek, Colo. It is said that the price mentioned is \$20,000,000. General Joseph Wheeler's successor in the house of representatives is William Richardson, who was once sentenced to be hanged as a confederate spy by General Crittenden, but who was recaptured before the sentence could be executed. A GERMAN SHIP SINKS

Big Iron Training Vessel Goes Down in the Mediterranean Sea. THE NEWS IS FROM MADAGASCAR. Forty Persons Are Said to Have Perished in Their Efforts to Escape—Frigate Carried a Complement of 461—Belonged to German Navy. MADRID, Dec. 17.—The German training frigate Gneisenau has foundered off Malaga, sixty-five miles northeast of Gibraltar. Private dispatches that forty persons were drowned. The Gneisenau foundered at the entrance to the port of Malaga, where it was about to take refuge from the terrible storm prevailing, at the present time only the masts of the vessel are visible. The training ship had been at Malaga since November 1, practicing with guns of large caliber. She had been previously at Megador, Morocco. At 10 o'clock this morning a review of the cadets was in order. The wind was extremely violent and instructions were given to stoke up as rapidly as possible. But already the mountainous waves had struck the ship, snapping the anchor chains. She was driven helplessly toward the port and sank. The men threw themselves into the sea and clung to the wreckage, but the majority quickly disappeared. Captain Krestmann died at his post. The Malaga lifeboat made heroic efforts and rescued fifteen, but the weight capsize the boat and twelve were drowned. The other three were saved by means of ropes thrown to them. The port authorities saved many of the sailors. The survivors have been received at the hospital, the Hotel Deville and private houses. All the theaters in Malaga abandoned their performances this evening. A large number of the cadets can be seen from the shore clinging to the rigging. They are shouting and signaling for help. The captain and many of the cadets have been drowned. It is believed that a party who left in one of the ship's boats and have not been seen since are also lost. The total loss is now thought to be not less than 100. Some dispatches say 140. Forty of those saved are badly hurt. Indians Burned to Death. CANNON BALL, N. D., Dec. 17.—An Indian family consisting of father, mother and four children were burned to death last night by the explosion of a can of gasoline. Another family of father, mother and one child are frightfully burned and will probably die. The Benton Transportation company had five tanks of gasoline on the river bank at Bismarck awaiting a boat. The bank caved in and all the oil went into the river. One tank was saved by an Indian. Last night this Indian, named War Bonnet, supposing the tank contained kerosene, lit a match to fill a measure, when the explosion took place. Insurgents Not Dispersed. KINGSTON, Jamaica, Dec. 17.—Advices from Colon, Colombia, today regarding the recent fighting between the government troops and the insurgents at Tumaco, the rebel stronghold, which lasted three days, the insurgents then evacuating the town, say that the withdrawing insurgent force was not dispersed. On the contrary fears are entertained at Colon that this body of rebels will effect a junction with the force operating around Buena Ventura. Russia Defends Its Course. ST. PETERSBURG, Dec. 17.—The Official Messenger publishes an inspired statement as the views of the Russian government concerning the Yang Tsun-Shan Hai Kwan railroad, repudiating the charges that the Russians have acted illegally in handling the line, contending that Russia's actions were necessitated by military considerations, declining to recognize the British as owners of the line, but admitting that they have the preponderating financial interest. Boers to Settle in German Colony. BERLIN, Dec. 17.—According to the Lokal Anzeiger fifty Cape Colony Boers now in Amsterdam with their families, have been granted permission to settle in German Southwest Africa, the German government having just assented to the purchase of lands by them in Damaraland and Great Namaqu inland. The Boers will leave Amsterdam on January 5. New Packing Plant. CHICAGO, Dec. 17.—A charter was filed in Recorder Simon's office today incorporating the John Cudahy company with a capital stock of \$500,000. The object of the corporation is to conduct a general manufacturing and mercantile business. A new packing plant will be erected immediately at Wichita, Kan. John Cudahy is the principal stockholder. Confirmed by the Senate. WASHINGTON, Dec. 17.—Confirmations by the senate: Judson C. Clements of Georgia, to be interstate commerce commissioner (a reappointment); Nimrod S. Walpole of Pueblo, to be Indian agent of the Jicarilla agency in New Mexico. No Selection of Coadjutor Yet. WASHINGTON, Dec. 17.—Before leaving for his home in Minnesota last night, Archbishop Ireland stated that no selection of a coadjutor or assistant bishop for the archdiocese of St. Paul has yet been made. During his recent visit to Rome the archbishop suggested to the holy see the need of appointing an assistant prelate for that jurisdiction, owing to its rapid progress. It is yet a matter of conjecture whether Bishop O'Gorman of South Dakota or one of the secular clergy of St. Paul will be promoted to the office.

TARIFF FOR PHILIPPINES.

Judge Taft Declares New Measure will Be for Revenue Only. MANILA, Dec. 17.—Advices from Iloilo, island of Panay, report that the American troops have been moving northward and westward for several days and that detachments of the Sixth, Eighteenth and Twenty-sixth regiments have been active near their stations. The insurgent losses during the last ten days have been five killed, seven wounded and 140 taken prisoner. The Americans have lost two killed and three wounded. Large numbers of the natives, however, are swearing allegiance to the United States. In several recent attacks and expeditions in southern Luzon the insurgents have lost eight killed, seven wounded and about twenty captured. The Americans have lost one killed and two wounded. General Wheaton reports that 430 natives have entered Calanog for registration. Most of the time of the Philippines commission is now devoted to the tariff bill. Judge Taft said today that, generally speaking, the new rates would be about 40 per cent of the existing rates. "It will be essentially a tariff for revenue," he remarked, "but some of the industries that are already established will be given protection. The commission is not considering the question of the constitutionality of taxing United States products. The precedents have been established in the case of Porto Rico and by the military government of the Philippines. The bill requires the washing of cotton goods so as to eliminate the clay used by European manufacturers, which increases the weight. This will incidentally favor American goods. The rate on kerosene will be reduced from 11 cents a gallon to 4. Some American goods will be admitted free and almost all will come in at reduced figures."

FURTHER CHANGE DEMANDED.

Ernest Satow Instructed to Demand Modification of Joint Note. PEKIN, Dec. 17.—Definite instructions, supplementing yesterday's communication from London, have been received by Sir Ernest Mason Satow, the British minister, and he now demands a modification of a point in the joint note which the foreign envoys generally regard as important. This means further delay, as all the ministers must communicate anew with their respective governments. Just what is the nature of the objection raised by Great Britain the ministers decline to say, but they admit that the new demand will involve a good deal more diplomatic procedure. WASHINGTON, Dec. 17.—Officials here are at a loss to understand the reasons for the important modification in the joint Chinese note, which it is reported the British minister to Peking is to demand before signing that document preparatory to its presentation to the Chinese plenipotentiaries. They have no information on the subject, as nothing has been heard from Mr. Conger on the matter for some days. The understanding here has been that the joint note, as agreed upon by the envoys, was in the main satisfactory to the British government. It simply desired a slight amendment to the scope of the agreement. This did not conflict with any of the principles held out for by our government. Such being the case it was confidently expected the signature of the British minister would be promptly affixed to the agreement and the note presented to the Chinese at an early day.

Locate Regular Magazine.

PEKIN, Dec. 17.—Yesterday while a private of the Ninth United States infantry was searching for two stray mules near Ho Si Wu he arrived at a town where he found a rapid-fire machine gun with 5,000 rounds of ammunition, of which he took charge. He went back to the mail station for the night, but on returning in the morning he found several magazine rifles and 1,100 rounds of ammunition. When leaving the town he was fired upon, but he did not return the fire.

Dollar-Makers Arrested.

OIL CITY, Pa., Dec. 17.—United States marshals arrived here tonight, having in custody Samuel B. Latshaw and George E. Coast, who are charged with counterfeiting. Fifty spurious dollars, which were still warm, and a counterfeit plant were captured with the prisoners at Coast's home at Lisbon, Venango county. The prisoners are supposed to belong to an organized gang, of whom secret service men have captured eleven since October last.

Our Claim Not Settled.

WASHINGTON, D. C., Dec. 17.—Contrary to the impression which according to the Constantinople dispatches prevails regarding the United States claims for indemnity against Turkey, the statement is made that no settlement respecting their payment has been reached. All this government secured up to this time is a series of promises to settle by the Ottoman government.

Vice Consul Kills Himself.

SAN FRANCISCO, Dec. 17.—Paul Antoine, vice consul of France and acting consul, shot himself through the head last night and will probably die. The shooting was witnessed by a woman who is known as Belle Chappell. She has refused to make a statement.

May Decide to Arbitrate.

TOPEKA, Kan., Dec. 17.—Representatives of the trainmen, conductors, engineers and firemen held a conference this evening with General Manager H. U. Mudge of the Santa Fe railway for the purpose of attempting to mediate the trouble between the road and the Order of the Railway Telegraphers. While no agreement was reached the board of mediation was encouraged by Mr. Mudge to hold a conference with Third Vice President Barr. They will, it is said, seek this conference at Chicago tomorrow or Tuesday.

NEW BRAND LAW HIS PLAN.

Senator-Elect Van Boskirk Intends to Discourage Cattle Stealing. LINCOLN, Dec. 17.—The extremely rapid growth of the cattle industry in Nebraska has prompted the proposal of several very important measures for the consideration of the next legislature. From the great cattle plains come appeals for more effective legislation and with a view to remedying the inefficiency of existing laws a bill has been prepared, under the direction of the officers of the Northwestern Cattlemen's association, which is designed to increase and extend the protection provided for cattle owners and ranchmen. The measure contemplates an amendment to the Brand Marks Commission act reducing the membership of that commission to one man, and revision for the inspection of cattle at the markets, inspection of hides and the publication of an official brand book. Senator-elect J. R. Van Boskirk of Alliance will probably introduce the proposed bill in the legislature. He has been secretary of the Northwestern Cattlemen's association for several years, and it is said that his bill will reflect the wishes of the other officers and members of the organization. The principal object of the bill will be to give cattle owners absolute protection against thieves. "If we succeed in enacting the proposed law a man who steals a cow cannot escape detection unless he destroys the hide and eats the animals," said Mr. Van Boskirk. "Provision will be made for registering all brands and for the publication of an official brand book, and a man will have to prove ownership before he can lawfully dispose of any cattle. If he takes a quarter of a cow to market, he will have to exhibit the hide as an evidence that it is his property. The official brand book will enable the purchaser to compare the registered brand with the brand on the hide and determine whether they are the same in design."

Fancy Price for Live Stock.

OMAHA, Dec. 17.—The prize cattle that were on exhibition at the South Omaha stock yards were sold at the highest price paid in recent years on that market. The 3-year-olds which carried off first prize were owned and fed by John Shannon of Hoskins, and the Omaha Packing company brought them at \$7.50 per 100. It will be remembered that the same company also bought the highest priced cattle last year and paid \$7.25 for them. Mr. A. W. Clark's load of yearlings, which were awarded first premium in that class, were also sold at a good figure. There were heifers in the bunch and the fifteen head sold at \$6 to the Omaha Packing company, which is the highest price ever paid for a mixed bunch of yearlings on the South Omaha market.

New Railroad for Nebraska.

OMAHA, Dec. 17.—Mr. A. O. Perry of Atkinson, well known as a railroad promoter, is in town in the interest of his new enterprise—a railroad running from Callaway, in Custer county, to Gandy, in Logan county, a distance of thirty-five miles. About three years ago Mr. Perry conceived the idea of running a railroad from his home in Atkinson to the new town site of Perry on the northern bank of the Niobrara river, in Boyd county. He promoted the enterprise to the point where it was ready for the ties and rails and then his Chicago contractor fell down on him and brought everything to a standstill.

Gentleman Pleads Not Guilty.

COLUMBUS, Neb., Dec. 17.—Nicholas Gentleman, who did the shooting at Platte Center a week ago, was arraigned in justice court, and upon the reading of the complaint he entered a plea of not guilty, waived the preliminary examination and was bound over to the district court without bail. The witnesses for the state were each required to enter into a recognizance in the sum of \$200 for their appearance.

Is Young in Crime.

FALLS CITY, Neb., Dec. 17.—James Mahan plead guilty in the district court to the charge of grand larceny. The prisoner, who is a mere boy, was employed on the government riprap work at Rulo and stole a sum of money from a fellow employe. He broke down when arraigned and Judge Stull was inclined to be lenient and gave him the minimum sentence, one year in the penitentiary.

Farmer's Fall Proves Fatal.

SPENCER, Neb., Dec. 17.—At a lonely spot, four miles northwest of here, on the road to his home, the body of Anton Holeczek has been found, and it is thought that he was killed by a fall from his wagon. He has occasionally taken liquor to excess while in town, and two years ago a friend of his, one Turachek by name, was killed in a similar manner as the two were driving home in an intoxicated condition.

Tries to Beat the Fast Mail.

FREMONT, Neb., Dec. 17.—Patrick Tully, a farmer residing eight miles from North Bend, was seriously injured by train No. 101 while he was attempting to cross the Union Pacific track two miles west of North Bend. Tully was driving a wagon. He saw the train coming and attempted to cross ahead of it.

Jail Delivery at Beaver City.

BEAVER CITY, Neb., Dec. 17.—Charles Griffin and Arch Bisbee, two prisoners of the county jail, sawed their way to liberty last night. A hole (7x13 inches) was cut in the steel cell through which they squeezed themselves. Four other prisoners refused to take advantage of the opportunity and remained in their cells, although they later refused to divulge any of the details. The escape of the two was thus hidden from the officials.

BRAND LAW DOES NOT SUIT.

Stockmen Want It Amended so as to Be More Efficacious. LINCOLN, Dec. 15.—One of the innumerable bills that will be introduced in the next legislature for the benefit of cattlemen of western Nebraska will provide for reconstructing the state marks and brands commission and changing in many places the law which governs and regulates the exercise of its authority. It is proposed to reduce the membership of the commission to one man, who shall maintain a permanent office at the state house, and to raise the fee charged for registering a brand from \$1.50 to \$2.50. The existing commission is composed of four members, including the secretary of state, each of whom shares equally the proceeds from the registration of brands. S. P. Delatour of Llewellyn, president of the Northwestern Cattlemen's association and member of the Nebraska commission, is one of the men who are urging the proposed changes. He has devoted more time to the work of the commission than any other man and is interested in seeing its authority and jurisdiction extended so far as possible. During the few months of its existence the board has registered over 3,000 brands, and applications for nearly 5,000 have been passed upon, many of which were returned because of duplication. Cattlemen in all parts of Nebraska are manifesting considerable interest in the work, believing that the time is not far distant when the official registration of brands will greatly benefit their class. One of the arguments used in support of the plea for the amendments is that the work of the commission could be much more successfully prosecuted by one man giving his entire time than by four men who meet on a periodicity. It is also argued that an increase in the fee would enable the commissioner to enforce the law and bring it into more general operation. However, the matter of fees is considered of secondary importance and the increase would probably not be urged should it meet with any strong opposition.

Kearney Wants Extension Completed.

KEARNEY, Neb., Dec. 15.—F. J. Keens, as a representative of the Commercial club of this city, visited St. Louis for the purpose of conferring with the officials of the Missouri Pacific road regarding the extension of the line from Prosser to this place. When the line was originally constructed it was the intention to build to Kearney, but work was stopped when it was completed to Prosser, twenty-four miles distant. General Manager Harding gave him encouragement that the line would ultimately be built, and probably in the near future, but was not prepared at present to make a direct proposition. Mr. Harding denied there was any truth in the rumor that the Missouri Pacific had secured control of the Kearney & Black Hills line, running from Kearney to Callaway.

Must Show the Books.

LINCOLN, Dec. 15.—The supreme court has issued a formal order to the Standard Oil company to permit the attorney general to inspect the books of the company, giving the list of stockholders at present and from the time the company was organized, the minute books of the company and other books and papers. The order was the decision of the court a week ago, wherein it declared it was competent to try the case of the attorney general against the Standard Oil company, in which it is sought to debar it from the state on the ground that it is a trust.

Organize a New Church.

McCOCK, Dec. 15.—The Congregationalists of this vicinity held an important meeting at the Noble schoolhouse, near Box Elder, fifteen miles from this city. A church of thirty-eight members was duly recognized by a church council and Rev. W. J. Turner of this city preached the sermon and Rev. J. S. Calhoun of Indianola, Rev. A. E. Astell of Stockville, Rev. J. D. Jewett of Auburn and Rev. H. Bros of Lincoln took part in the service.

Rulo Murderer Sentenced for Life.

FALLS CITY, Dec. 15.—William Miller was arraigned in the district court on a charge of murder in the first degree, having shot and killed A. J. Wake, city marshal of Rulo, on the night of November 29. At first Miller entered a plea of not guilty, but after consultation with his attorneys withdrew the plea, interposing a plea of guilty. Judge Stull immediately sentenced him to life imprisonment.

OSMOND, Dec. 15.—W. H. Butterfield of Norfolk, closed a deal whereby he came into possession of nine quarter sections of land lying just three miles east of town. He paid \$40,000 for the tract and will open another big ranch. A Cincinnati wife attempted suicide because she didn't like her new hat. This should be a warning to other wives not to order new hats this fall.

How a Farmer Fooled a Town.

ST. PAUL, Neb., Dec. 15.—The oil boom at St. Paul has collapsed. Some time ago the excitement started over the report that oil was oozing out of a spring situated not far from town and people had visions of fortune, with Coal Oil Johnnies on every block. Investigation has broken the spell. It appears that a farmer, with a view to having some fun, "salted" the spring daily with coal oil. One day a party visited it and found no oil. The farmer was away from home and the salting process had been neglected.
