Senate Will Probably Dispose of Army Reorganization Bill Early This Week.

APPROPRIATION BILLS WILL FOLLOW

River and Harbor Bill Will Be Debated Further in the House, but It is Forecasted That It Will Pass by Decisive Majority.

WASHINGTON, Jan. 14.—The army reorganization bill will continue to engage the attention of the senate, at least during the first days of the week. The opinion is quite generally expressed among senators that the bill will be acted upon by the middle of the week, and even the critics of the measure join in this prediction. Many phases of the question involved \$200,000 for a new library building at in the army bill remain to be considered and the general understanding is that there will be not a little discussion before the bill can be disposed of. The spech of Senator Platt Carter H. Harrison likes the job of of Connecticut last Friday in defense mayor of Chicago. He announces his of the bill on general principles will call for replies, and there are also special features which will require more or less attention. Among these are Senator Daniel's amendment concerning the appointment of volunteers to offices in the regular army; the question of the disposition of officers who have held staff positions and the provision for the enlistment of Filipinos in the American army. The disposal of all these questions undoubtedly will fill the first two or three days of the week.

Most of the attacks the present year the budget will be came from members who were disappointed in what the bill grants to their localities and the actual opponents of the measure will be overwhelmed when the final vote is reached. The District of Columbia committee which, under the rules, would be entitled to a hearing tomorrow, will demand a day later in the week if it gives way to the river and harbor bill. After the latter bill is disposed of the bill to revise and codify the postal laws will be taken up under a special order. It will be followed by the District of Columbia appropriation bill and the latter in turn by the postoffice appropriation bill if there is any remaining time.

GENERAL GRANT HOPEFUL.

American Commander Believes His District Fairly Pacified.

MANILA, Jan. 14.-General Grant who is endeavoring to quell the latest insurrection in his district, and who is possibly commanding his scouts at the eastern end, reported today that he had encountered a number of bands south of Bulloe mountain, all of whom retreated up the hills. He says that 100 of the enemy, who were well intrenched, made considerable resistance, but were ultimately driven from their positions. Four bodies of insurgents were found. The American casualties were a sergeant and one private of Troop A, Philippine he had a satisfactory interview with cavalry, wounded.

In the opinion of General Grant, his district is now fairly pacified, with the exception of the locality south of Bulloc mountain, and the province of Pampanga is ready for civil government. BOERS CUT THE WIRES.

A Rallying Fight That Was Maintained for Six Hours.

PRETORIA, Jan. 14.-Last night the Boers cut the wires between Irene and Olifantsfontein stations. Early this morning 800 Boers, under Commandant Beyer, invested Kaalfontein station. A hot rifle fire and shell fire with two field pieces and a Maxim was maintained for six hours. An armored train and reinforcements were sent from Pretoria, but before they had arirved upon the scene the garrison had driven off the Boers, who retired unmolested with a transport train half a mile long.

The Boers blew up the line beyond Kaalfontein, compelling the mail train to return here. It is suposed their object was to obtain supplies, a great quantity of which is stored at ualties.

Discussing the question of the meeting place of the next national encampment General Rasseur said:

"As a member of the executive committe I do not desire to express an opinion as to how I will vote at the meeting of the executive committee in St. Louis January 21. The situation will probably be changed by that time. Cleveland, however, has not yet had a national encampment of the Grand Army, and that has been the point uppermost in my mind. I think all sections should have a chance. There is a large number of members living in the vicinity of Cleveland and who would not have an opportunity to attend a national encampment unless it were held in their section of the country. I believe in looking out for the poorer members of the order.'

The secretary said he did not accept the opinion that the regulation of oleomargarine business would injure the beef cattle their own beeves. He said that more than half the
