

To Mothers of Large Families.

In this workaday world few women are so placed that physical exertion is not constantly demanded of them in their daily life.

Mrs. Pinkham makes a special appeal to mothers of large families whose work is never done, and many of whom suffer, and suffer for lack of intelligent aid.

To women, young or old, rich or poor, Mrs. Pinkham, of Lynn, Mass., extends her invitation of free advice. Oh, women! do not let your lives be sacrificed when a word from Mrs. Pinkham, at the first approach of

A NURSE'S STORY.

A Graduate of Lakeside Hospital, Lake Geneva, Tells an Interesting Experience.

Peshigo, Wis., Jan. 26, 1901.—(Special.)—One of the most popular nurses that ever graduated from the Lakeside Hospital, Lake Geneva, is Miss Lillian Dreese, of this place. Miss Dreese is the Vice Templar of the Independent Order of Good Templars, and organist of the Rebeccas of Peshigo. During her twelve years' experience as a trained nurse she has had many opportunities for observation, and her opinion in all medical health matters is held in very high esteem by the thousands who have learned to know and love her. In speaking of her experience she says:

"During my twelve years as a trained nurse I have often observed how many different physicians give their patients Dodd's Kidney Pills in cases of Diabetes and Kidney Trouble. About three years ago I myself suffered some months with a weakness and continual congested condition, and I decided to try what the Pills would do for me. I soon found that they built up the affected parts and restored harmony to the entire system, and although I often lose much sleep and rest while attending severe cases, I find that I was never in finer health nor had more endurance than since I have used these marvelous Pills."

Clergymen say they are good, Senators and Congressmen have added their evidence as to the wonderful curative properties of this medicine, hundreds of physicians recommend them and use them in their daily practice. The most skilled trained nurses advise their use and use them themselves, while tens of thousands of sick and suffering people are being cured every day by Dodd's Kidney Pills. They should cure you. They will cure you. Try them.

DEATH IN CORNSTALKS

Cattle Raisers in Clay County Suffering Many Losses.

While Some Herds Have Been Completely Wiped Out, Others Have Escaped—Evidence of an Open Winter—Miscellaneous Nebraska Matters.

OMAHA, Neb., Jan. 26.—P. A. Nelson, one of the solid stock raisers of Clay county, is in the city from the neighborhood of Harvard. Mr. Nelson said that for the first time in twelve years the cattle raisers of his neighborhood are losing stock from the "corn stalk disease." According to his statement, this disease has not yet been classified by the veterinarians and no remedy so far tried has proved effective. It has been traced by the farmers to the corn stalks, the cattle feeding in the corn fields of last year being the only ones affected. But all fields do not affect the stock. While Mr. Nelson has lost several head of steers and some of his neighbors have had their herds completely wiped out, other herds have been free from disease, although feeding upon the stalks in adjoining fields.

When the disease first made its appearance in Mr. Nelson's herd he thought diversified feed would stop its ravages, so he put his cattle upon a diet which included alfalfa hay, prairie hay and three varieties of grain, still permitting them to run in the stalks and to straw piles. The change in the feed produced no apparent results and the farmers have given up hope of discovering a remedy for the disease.

Aside from the corn stalk disease, Mr. Nelson says that Clay county farmers were never in so prosperous condition. Farm mortgages have been released in a degree never before known and in place of being borrowers, the men who raise grain have money in the banks. The crops of last year were excellent, wheat yielding from twenty to twenty-five bushels per acre and corn from twenty-five to forty bushels.

Starts Fire in Her Own Cell.

DAKOTA CITY, Neb., Jan. 26.—Deputy Sheriff Coughtry was obliged to constitute himself a volunteer fire department and rescue service to save Mrs. Estella Wertzburger, and incidentally the county court house, from a fire which she herself had started in her jail cell. For no reason that any one else attempts to explain the woman took live coals from the stove and fired the mattress on her cot with them and when the officer detected the smoke and rushed to her door the blaze was well started and Mrs. Wertzburger was standing with her face at a hole, which she had broken in the window, gasping for breath. It required quick and vigorous action to rescue the woman and extinguish the fire before the latter got beyond control.

Nebraska at Washington.

WASHINGTON, Jan. 26.—Mr. Thurston's bill authorizing the secretary of the treasury to pay to the state of Nebraska certain moneys in liquidation of its claims on account of suppressing Indian hostilities from 1861 to 1868, which was referred to the committee on claims, was reported back to the senate by Mr. Allen without amendment. The bill is to appropriate for the purpose named and in full of all claims the sum of \$14,072.49.

Representative Stark of Nebraska has called a competitive examination for March 12, to take place at the academy, for the purpose of selecting a cadet and alternate to the West Point academy. He has designated S. M. Bailey, county treasurer, of Fairbury, N. O. Anderson, superintendent of public instruction of Seward county, and A. D. McCandless, attorney, of Wymore, to act as examiners.

Dies in His Ninetieth Year.

HUMBOLDT, Neb., Jan. 26.—O. J. Tinker, an aged and honored citizen, really the founder of the city and who for nearly half a century has been connected with the history and development of this section of the state, has passed away. Mr. Tinker was in his ninetyeth year and was the original owner of the present town site, having purchased it from the government in the late 50's. The deceased came of hardy stock and up to the last year of his life had known little sickness. During the early winter he suffered an attack of grip, from the effects of which he never fully recovered.

Killing Snakes in Midwinter.

CALLAWAY, Neb., Jan. 26.—The other day the large house cat belonging to G. W. Barnard succeeded in capturing a snake, which had come out of its winter quarters to bask in the sunshine. The snake had crawled out of a pile of old hay, and happened to come out just where the cat was watching for rats, and the cat sprang upon it, and soon had it killed. The snake was of the blue-racer variety and was about three feet in length. When a snake appears in the middle of January and is full of life, it is evidence enough that Nebraska's climate cannot be surpassed.

Stolen Horse Found, but Dead.

BEATRICE, Neb., Jan. 26.—Young Mr. Shottenkirk reported to the sheriff today that his horse, which has been the object for much concern recently, had been found and that it was dead. The animal was found in a field near a straw stack about one mile from where the fence was broken down. The condition of the horse when found leads to the belief that it had been killed, which fact does not allay the fears of the family that the unknown letter writer will pay them another visit.

THE LIVE STOCK MARKET.

Latest Quotations from South Omaha and Kansas City.

SOUTH OMAHA.

Union Stock Yards—Cattle—There was a fairly liberal run of cattle on sale and although Chicago was reported generally 10c lower, the market here was quite active and just about steady. Buyers seemed to be anxious for good beef steers and the more desirable bunches were picked up in good season at practically yesterday's prices. The common kinds were not sought after as much as the first-quality cattle, but all sellers did not experience any great trouble in disposing of their holdings at steady prices. The cow market was in very satisfactory shape and no particular change was noticeable from yesterday. The demand seemed to be fully equal to the supply and as a result the market was fairly active and it was not long before the pens were cleared. The feeder trade continued in good shape today and anything at all desirable changed hands early at good firm prices. There are very few good cattle coming, and as there is a very good demand for cattle showing weight and quality, those answering to that description bring good prices.

Hogs—There was a good average run of hogs and the market opened 5¢ to 10¢ higher. The first sales were largely at \$2.25 and \$2.50, with a top of \$2.75. At those prices the hogs moved toward the scales at a good rapid rate, but before half of them had been marketed the market lowered their bids, owing to less favorable reports from other points. Heavy-weight hogs were at a premium and sold first. The lightweight hogs were left until the last and anything on the pig order was hard to move at satisfactory prices. The close of the market was very slow and weak, light hogs selling largely at \$1.75 and the general run of mixed hogs at \$2.00.

Sheep—There was not a heavy run of sheep here, but the market was slow and a big dime lower than yesterday. Eastern markets are reported as being in bad shape and the demand for wool is none too good at the present time and as a result packers and wool buyers are slow buyers. Quotations: Choice fed wethers, \$2.25@4.50; fair to good wethers, \$1.75@2.25; choice lightweights, \$2.50@4.50; fair to good yearlings, \$1.50@2.50; choice ewes, \$1.50@3.00; fair to good ewes, \$1.00@2.00; choice spring lambs, \$2.50@3.50; fair to good spring lambs, \$1.50@2.50; feeder ewes, \$1.25@2.50; feeder lambs, \$1.00@2.00.

KANSAS CITY.

Cattle—Receipts, 5,500 natives, 400 Texans; market steady; native beef steers, \$1.50@3.50; stockers and feeders, \$1.50@4.25; cows, \$1.50@2.50; calves, \$1.50@3.00; canners, \$2.50@3.25; fed western steers, \$1.50@2.50; Texas and Indian steers, \$1.50@2.50; Texas and Indian cows, \$1.50@2.50; bulls, \$1.00@2.50; calves, \$1.00@2.50.

Hogs—Receipts, 13,000 head; market 5¢ higher; top, \$2.75; bulk of sales, \$2.00@3.50; heavy, \$1.50@2.50; mixed packers, \$1.25@2.50; light, \$1.50@2.50; pigs, \$1.00@2.50.

Sheep and Lambs—Receipts, 4,000 head; lambs, steady; sheep, 10¢ higher; western lambs, \$1.50@2.50; western wethers, \$1.50@2.50; western ewes, \$1.50@2.50; yearlings, \$1.00@2.50; culled and ewes, \$1.00@2.50.

KILLS SHERIFF FROM AMBUSH.

Man for Whom Search Warrant is Out Sees Official Coming.

BUTTE, Jan. 26.—A special to the Miner from Virginia City says: James Summers, sheriff of Madison county, was shot from ambush and instantly killed this afternoon at a cabin in Morgan Gulch, about twelve miles south of Ennis by John Woolf, aged 18. Sheriff Summers left this city this morning to serve a search warrant on Woolf, who is accused of breaking into some cabins in that neighborhood. It seems Woolf shot the sheriff coming, shot him without warning and escaped.

Fun Costs Dollar a Head.

ABELENE, Kan., Jan. 26.—Mrs. Nation's assailants at Enterprise were tried today, found guilty and fined \$1 each. The joints reopened and did a big business. Injunction suits were begun against eight jointists of the county to close their places. The owners of the buildings are included in the actions. The County Temperance union has begun a crusade to close all joints in the county.

Kidnapers Are Industrious.

ATLANTA, Ga., Jan. 25.—J. T. Patterson has asked the police to find his son, Alonzo Patterson, a 13-year-old boy, who disappeared from his home in this city last Tuesday. Mr. Patterson believes his boy has been kidnaped.

The family of Bass Frazer, who is believed to have been kidnaped two weeks ago from the Georgia School of Technology, have given up hope of ever seeing him again. Frazer's brother, who left his home in Alabama today, has no idea that the \$500 in gold which he paid a negro, who promised to restore the student to his family, will ever be recovered.

Will Keep the Girls.

SIoux CITY, Ia., Jan. 25.—Candy-makers of six states entered into an agreement here affecting more than 10,000 girls employed in a score of cities. The decision was not to introduce a chocolate manufacturing machine which can do the work of forty girls. The makers all agreed to stick to the hand process. Illinois, Iowa, Missouri, Kansas, Nebraska and South Dakota are in the agreement.

Squatting on Saline Lands.

LOS ANGELES, Jan. 25.—It is said that, pending the signing by the president of the bill extending the mineral laws over saline lands, George Durrow of the Standard Salt company, with a force of men, has squatted on government lands near Salton, in the Mojave desert, from which the Liverpool Salt company is said to derive its supplies. Trouble is expected.
