You know that if you've lived in this community long, whether you are a customer of ours or not. Well, when we started out to make 1901 our banner year we commenced the greatest campaign of progressive retailing ever seen hereabouts. The result was a business record for January, usually the dullest month in the year. Naturally we don't want to fall down in February, and we shall keep right on making this the most profitable place to buy everything in merchandise. Cash prices for next week.

J. O. Vincent was in town Tuesday on business and shaking hands with old friends. Mr. Vincent is getting along nicely out on his ranch and has built an addition to his barn lately, that doubles the capacity for stock and at comparative small expense being joined on to the main building and also strengthens it.

Some boys thoughtlessly throw paper wads or candy in church and annoy people who go for the purpose of worship. Boys will be boys but they must be good boys in church. If they do not behave they should be compelled to keep orderly in church or any public meeting. Boys should in mind and take a mild rebuke as a courtesy. It might have been worse.

Frank A. Thackrey and family came up Monday night from Anadarko, I. T. Indian school to go out to his homestead South of town. They will remain here during their vacation when they will return to Anadarko where Mr. Thackrey is principal of the school. Quigley & Chapman have placed in their drug store two eight feet glass show cases reaching from the floor taking the place of the counter formerly used as well. They are a very fine improvement over the common show case set on a solid wood counter. A great variety of articles can be shown in these show cases from the floor up, and will be an ornament as well as very useful in making a display of goods that would be damaged by the dust if left exposed.

April, 10, 1901.  
Editor of the Democrat—Your comments on the Kansas Saloon smashers case it seems to me is misleading. How can Mrs. Nation be a law breaker when the law of the state declares a place used for the sale of intoxicants to be a public nuisance, and shall be abated. If the officials elected to enforce the law of the state neglects or refuses to enforce it what is to be done? Shall Anarchism reign, grow, expand, until the saloon with all its dire results has again fastened its blighting clutch on the whole state. Mrs. Nation it seems has taken the only course left.

The governor says he's powerless. The law is behind somebody in enforcing the law. The unwritten law of public sentiment is behind Mrs. Nation and she is surely filling a long felt want in Kansas, she is not crazy out means business and has started a movement that will rid Kansas of a set of law breakers that will realize that prohibition prohibits when there is a heroine behind the law, may such spirits be multiplied and I believe they will.

T. J. Ashburn.
