DOWAGER STEPS BACK

Chinese Empress Appoints a Commission to Breast the Public for Her.

SEE IS NOT SO ARBITRARY NOW.

New Plan Seems to Indicate Less Inclination to Run Things Herself-The News as Received in Washington Regarded as Most Important.

WASHINGTON, April 27.- The following cablegram has been received at the State department from Mr. Squirers, the United States charge at Pekin, dated today:

"The empress dowager has appointed a board of national administration to relieve her of her public functions. They embrace three members of the cabinet now with the empress at Sian Fu and Prince Ching, Viceroy Li and Prince Kung, who are now in Pekin."

This news is regarded as of importance, indicating as it does the relinquishment by the empress dowager of the arbitrary powers she heretofore has exercised. It also is apparent that she has placed herself in a position to avoid direct responsibility to the foreigners for whatever may happen in the future and the board will have to bear the brunt of any complaint. It is felt that the appointment of this board will make it much easier for the foreign ministers to transact business with the Chinese government. The three members of the Chinese cabinet now at Sian Fu include the notorious Jung Lu, who was one of the most active in the outbreak against the foreigners last summer. One of the other members of this council is 70 years old and is said to be greatly debilitated. The third member has been at least lukewarm toward foreign interests. The choice of these three is looked upon as likely to complicate the good which Li Hung Chang and the others may accomplish.

The foreign establishments here are receiving a number of important dispatches relative to the question of indemnity and how it shall be guaranteed, by a Chinese loan or to each of the powers individually.

One of the dispatches coming through an European foreign office says that Sir Robert Hart has concluded that China can pay a total of \$200,000.000, and the impression is conveyed that this will be the amount agreed upon, the various claims being scaled down to this limit. Another dispatch comes from one of the most prominent Chinese officials and from a plenipotentiary in the peace negotiations. He makes a suggestion that when the amount of indemnity is agreed upon it will be greatly to the interests of China as well as to the powers if the amount payable to each power can be made by installments and not by a gross payment outright. In that case China would not be compelled to negotiate a large loan. The view prevails among officials that while this proposition is fair it is not practicable and there is little idea that it will be favorably entertained.

Other dispatches which have passed within the last few days revive the idea of having The Hague tribunal administer the indemnities after the total is once agreed upon.

GRASPS BEAUMONT FIELD.

Standard Oil Company Has New Texas Fields Nalled In

BEAUMONT, Tex., April 27.-The Beaumont Oil exchange today posted the statement that the Standard Oil company had purchased the railroad terminals, wharves and shipping facilities at Port Arthur and 90,000 acres of land surrounding the port. The price was not given,

Port Arthur is the nearest deep water port to the Beaumont oil field, and by controlling this outlet the Standard Oil company can control every barrel of oil taken from the Beaumont field. The railroads cannot compete in freight rates with pipe line and ship via Port Arthur to New Orleans and Galveston. Thus owning Port Arthur, the Standard Oil company will control even the domestic trade in crude oil.

Minister, Wife, Daughter and Miss Pierce

Are Safely Over. H. Conger, United States minister to China, accompanied by his wife, daughter and Miss Pierce, arrived from China this afternoon on the steamer Nippon Maru.

Asked in regard to his future plans Mr. Conger said he would remain in this city until Saturday morning, when he would leave for his home in Des Moines, Ia. At the expiration of his sixty days' leave of absence he intended to return to China. He would go back sooner if anything important should come up.

When told that it was planned by the citizens of Des Moines to give him a public reception he said that although he did not care for public demonstrations he would accept a reception at Des Moines. cH belonged to the people of Des Moines. In fact, the entire people of Iowa had always been kind to him, giving him everything that he asked for, refusing him nothing. In return he had been compelled often to refuse the people of Iowa favors.

Owing to quarantine regulations and the necessity for giving personal supervision to the landing of his baggage, Mr. Conger did not reach his hotel until 6 o'clock in the evening. Mr. Conger's arrival was awaited with considerable interest, not only on account of his connection with events in China, but from a political standpoint. There was a great desire to know what position Mr. Conger would assume with regard to the coming gubernatorial nomination in Iowa.

The Trial of the Alleged Kidnaper Draws a Great Throng-The Youthful Victim Takes the Stand and Relates His ex-

OMAHA, Neb., April 25 .- Edward A.. Cudahy, sr., and Edward A. Cudahy, jr., father and son, testified at the trial of James Callahan yesterday. The story of the kidnaping and the subsequent payment of the \$25,000 ransom, as related by Mr. Cudahy, sr., was a repetition of the reports of the affair as published at the time in the news columns of the Bee. The testimony of the boy, giving the details of his abduction and imprisonment, also tallied with the reports heretofore published in this newspaper. In no detail did the evidence given by Mr. Cudahy and his son differ with the authentic and exclusive stories of the crime printed.

Yesterday forenoon was taken up with the opening statements of counsel and a visit by the jury to the scene of the crime, and in the afternoon the taking of testimony began.

Young Cudahy was placed on the witness stand at 4 o'clock and when court adjourned at 5:30 o'clock his evidence had not reached that point where he is expected to positively identify Callahan as one of the kidnapers. It is apparent that the prosecution is leading up to an identification, for the boy was made to relate in detail the numerous conversations he had with his guard during the twenty-eight hours he was confined in the Melrose Hill house. It is the intention, evidently, to show that young Negotiations have been completed in Cudahy had become sufficiently familhim at some future time. As previously published, after Callahan was arrested the Cudahy boy was given an opportunity to hear a conversation belatter's office, after which he declared that Callahan's voice and peculiarities A number of New York capitalists, of speech were the same as those of dicted that the prosecution will today ask young Cudahy to identify Callahan by his voice and articulation.
