

THE VALENTINE DEMOCRAT.

THE OFFICIAL NEWSPAPER OF CHERRY COUNTY, NEBRASKA

VOLUME XVI

VALENTINE, NEBRASKA. JUNE 13, 1901

NUMBER 21

For Shoes

SPRING footwear in the same styles shown by leading city stores, but at smaller prices is our boast, and we make the assertion good. Our experience in this line and "know how" in picking out good quality, stylish footwear to retail at close prices, is a direct benefit to people who buy shoes here, for they get superior value for their money. Why not see if we cannot please you better than anyone else? Our shoe man knows how to FIT shoes. That's as important as quality and style, for it means comfort, too.

Hosiery

will wear out, no matter how good, but some wears out a lot sooner than our kind. We buy from manufacturers who know how to put long wear into their hosiery without sacrificing appearance. In children's school hose we have an especially desirable line at 25 cents that saves darning. Try the "BLACK CAT" hose.

Some say they got a letter. That makes the other fellows mad and they look away over the hills far away and they scowl for awhile until a bright idea seizes them and they try to look pleasant as they got one too.

Having recently purchased one of the Newcomb fly-shuttle rag carpet looms I am now prepared to do all kinds of rag carpet weaving on short notice.

MRS. ADA A. HOLSCLAW

Remember the social to be given by the ladies of St. John's church, Thursday, June 20th, from 4 to 10 o'clock p. m., in the Sparks building.

Strawberries, Strawberry ice cream, strawberry suetbert and cake will be served. Ladies waiting on the tables will wear bloomers.

Strayed or stolen from my ranch 5 miles west of Valentine on the Minne cadduzal 5 head of horses about May 1. One iron grey mare and colt; one sorrel yearling colt; one three year old horse colt; one bay or black, white spot in forehead and white hind foot; one buckskin yearling colt branded "E" on right shoulder. Liberal reward will be paid for information leading to the recovery of the above property.

GEO. J. GASKILL, Valentine.

All kinds of sport, plenty to eat, a place to sleep, good cigars to smoke and the Valentine DEMOCRAT to read while you attend the races next week.

A dollar will get the Valentine DEMOCRAT for a year to visit your home telling you what it would cost you ten times the amount to learn and then perhaps you would learn it too late to be valuable to you. You ought to have it in your home and you ought to hand a dollar to the editor when you come to the races. We are going to print five hundred receipts to use when you come to the races. One a piece would make \$500 to us—not much to you.

Clarence Sagesser, the Valentine barber, who has done a successful business here during the past five years, has sold his business to Obe Church, of Gordon, who we understand has employed Mr. Kimball of that town to run the business here.

Mr. Sagesser has made many warm friends here and has a good business which we have thought he makes a mistake in selling. If he does Mr. Church makes no mistake in buying or whoever runs the business. A good barber here can do well. We are sorry to lose Mr. Sagesser as he expects to leave Valentine. The change is to take place next week and to Valentine people we commend Mr. Kimball as a man of high character and as a good barber.

Speaking of the last term of court at Alliance the Pioneer Grip has this to say of Judge Harrington: This is Judge Harrington's first visit to Alliance in his official capacity as judge and he has made a very favorable impression upon those attending court by his courteous dignity, the quick and decisive methods of his rulings. In trials before juries any ordinary judge can preside but in these equity cases involving fine points of law with lawyers constantly watching for opportunities to take advantage of the least error, a judge must be constantly on the alert, fortified with a thorough knowledge of law to make rulings with impartiality and in a spirit of fairness. All of these qualities Judge Harrington possesses.

Local Weather Record

U. S. Department of Agriculture
Weather Bureau

Valentine, Nebraska, week ending Tuesday, June 4, 1901

Mean temp. for week 64 deg., which is 3 deg. below the average.

Highest temp. for week 83 deg. on the 2nd

Lowest temp. for week 45 deg. on 1st

Total rainfall .36 of an inch which is .38 of an inch below the average.

Highest velocity of wind 34.

Percentage of sunshine 82.

For the first time in several weeks we have been favored with all the rain we are entitled to and more.

And the end is not yet. The Chicago weather man, secure in his fair up among the clouds in the tower of the Auditorium building, has, this morning calmly ordered his minions to hand us a little more of the same; i. e., water and fireworks. In response to several inquiries I beg to state that I have as yet received no official notice that J. Pierpont Morgan is about to form a weather trust. In case such a move is contemplated, it is my intention to recommend the local disturbers of the public peace, except the alleged brass heads, as being capable of furnishing sufficient wind for any kind of a storm.

D. C. GLEASON,
Observer, Weather Bureau.

Wm. Gillaspie was doing business in our city this week.

Don't forget the races June 19-20-21, Wednesday, Thursday and Friday.

Chas. Burns, from Kilgore, was a pleasant caller at the DEMOCRAT office last week.

Geo. Fitzgerald and Hans Ulrich traded horses lately and now Hans has a fine driving team of matched roans.

F. H. Baumgartl, and his son-in-law Max E. Viertel drove down from Crookston yesterday to transact business in our city.

Mrs. Sol. Morey left Saturday night to join her husband in Lead City where he has been working at the carpenter trade for several weeks. Many friends of Mrs. Morey will regret her departure and hope that she will soon be willing to return and again be with them.

W. A. Parker, of Woodlake, was in Valentine last Saturday and stopped in to pay a visit to the DEMOCRAT office for which we were thankful and also for another dollar on subscription which is at all times acceptable. Mr. Parker has just completed a fine store building at Woodlake and now has room to store and show his goods.

Great preparations have been made to have the biggest Race Horse Meet at Valentine on Wednesday, Thursday and Friday, June 13, 20 and 21. There will be bigger purses and more races than ever before. Large posters and lithographs have been sent up and down the country and a large crowd is expected. It will be a gala day for the people who love field sport and also those who want to see Valentine as in days of old or as an eastern fair with cattle men, cowboys, visitors and hundreds of others who go to look on. The Band will play Annie Rooney or some favorite selection between races and thus keep the people interested. Let everybody come in and don't forget to hand the editor a dollar for fifty-two copies of the Valentine DEMOCRAT—a whole year for a dollar. One copy is often times worth the price. It will tell you hundreds of things you want to know.

W. P. Davis, of Georgia, honored us with a visit Tuesday afternoon while in our town on land office business proving up on a claim. We feel complimented by a social visit from this elderly gentleman and feel that we have profited by hearing him. Though nearly four score years of age Mr. Davis still clings to life and says he has no desire yet to pass into the peaceful beyond. He is a good conversationalist and his conversation proves him to have been a talented and useful citizen that any community might feel proud of and delight to honor. For the past 37 years he has been serving his country as justice of the peace. Had he been given the "ten talents" we venture to say that he would have used them just as honorably and have been a man whom time nor temptation could swerve from his duty. May the remaining days of this good old man be as peaceful and satisfactory to him as his life has been upright and useful, is the wish of his friend, the editor of the Valentine DEMOCRAT

VALENTINE - NEBRASKA

A fine rain Tuesday night adds to the glory of this splendid season for crops, hay and grass. You can't hear the corn grow yet but you can hear the farmers smile.

Isaiah Davis and Alex Hoffman drove down from Georgia yesterday morning and got in before 10 o'clock. They came down as witnesses for W. P. Davis in making final proof.

Al Graef, of near Britt, had the misfortune to have his barn burned by being struck by lightning last Saturday night, and a cow, two saddles and four sets of harness were also burned. The day before he had turned out 10 head of horses, which was very fortunate, else they would have perished in the flames.

We have dentists in Valentine who have come to stay. That means if you will be liberal with your work and with your teeth. If they should run out of teeth they may have to move on but if you would do justice to your teeth you will have them cared for while you can save them and not wait until they must be pulled out. We refer you to a business card found in another column of this paper of local dentists.
