

Dr. PRICE'S CREAM BAKING POWDER

For a third of a century American housewives have found Dr. Price's Baking Powder invariably a guarantee of light, sweet, pure and wholesome food.

Always makes the perfect biscuit, cake and bread.

NOTE.—Baking powders made from alum and other harsh, caustic acids are lower in price, but inferior in work and injurious to the stomach.

Wayside Notes.

Hot! Hotter!! Hottest!!!

The celebration at Georgia passed off all O. K. The weather was made to order for celebration purposes, the crowd was good sized and good natured and everybody enjoyed themselves to the full. Nenzel furnished a good delegation including Ed. Sattarlee and after looking Ed. over carefully we accused him of changing his tonics but he said no it was only the effects of a quiet conscience and plenty of good grub.

At no time in a residence of nine years have we seen stock in a finer condition on the range or grass so good in the sand hills and the few who have crops of corn planted all boasting of the prospects of a good crop. This will help to swell the "Battle cry" of a full dinner pail.

When the children of Israel longed for bread The Lord did send them manna And when Bill McKinley needed a head The Devil sent him Hanna.

Reports say the owners of the town site of Georgia are about selling the same to parties in Chicago who will locate here and engage in business.

We are often asked "When is our convention to be and what officers are to be elected this fall." Tell us and oblige,

OLNEY.

Nebraska Independent—COUNTING TIES

A good many of the unthinking parasites of the railroad corporations will soon have a lesson that they will remember during the remainder of their lives. Many of them have sold their souls to these gods of commerce who will without the least compunction now be cast adrift, although they have spent their lives in the most adject slavery to the interests of the corporations. When they come down the road for a back door hand-out treat them kindly. They are no earthly good to anything but a corporation and now that the corporations have sent them adrift, they will be added to innumerable throngs of men out of work. They cannot barress a horse or hold a plow. They don't know a pumpkin seed from a celery plant and they are too old to learn. The farmer will have to support them as he supports tens of thousands of other non-producers.

There is a persistent rumor to the effect that the accounting officers of the Union Pacific, Southern Pacific, Oregon Railway and Navigation company and the Oregon Short Line are to be consolidated.

It is generally believed that some important changes are about to be made in the accounting department of the Southern Pacific Railroad company. Several officials in the auditing department of the service have received notices requesting their immediate appearance at Omaha. What the outcome of their trip will be is hard to say but the close affiliation of the Union and Southern Pacific roads seems to point to the fact that there will be a consolidation of the Union and Southern Pacific accounting departments.

It is announced that that chap that mid-readers called Prof. Royce, a partner of Clem Deaver, has been rewarded by McKinley with a good office. The thousand men who voted the mid-road ticket were lunched in a fashion that was never equaled.
