The well contains 60 feet of water pumped by a mill with a 12 foot wheel. John has gone to considerable expense to place this well on his place but will be amply rewarded by having an abundant supply of pure fresh water for his stock.

Mrs. S. A. Rice and daughter, Mrs. Abba Thackrey and her children, departed for Riley county, Kansas, where they will visit relatives and friends and expect to live at Mrs. Rice's home in Manhattan. Mrs. Rice has been in Valentine nearly 16 months and though she found it more lonesome than her old home she has had good health and enjoyed her stay. During this time she has been at the home of her son, the editor of the VALENTINE DEMOCRAT, and he has appreciated her company and help and will miss the kind advice of a mother.

A. Steele and wife, of Cody, were in Valentine last Monday and Tuesday transacting business before the U. S. land office. While here they made this office a pleasant business call. Mr. Steele is engaged in the stock industry on Bear creek southwest of Cody and although he came here with almost nothing and has met with the usual reverses of the pioneer he is today out of debt and independently wealthy, owning twelve hundred acres of land and several hundred cattle, fully demonstrating that industry and economy wins success in Cherry county.

Julius Rauer who went a little over a year ago to Nemo, South Dakota, and has since been working in the timber for the Homestead mine has returned to his home near Kilgore and will be contented with Cherry county from now on. He came back overland and says some places there was scarcely grass enough for his team on the way and Russian thistles abound. As soon as he got into the sand hill country the crops began to look better and the grass was better. Mr. Rauer has some land and a bunch of cattle up near Kilgore and will be very busy haying for some time. He is in company with A. Trappie visited the DEMOCRAT office while in town Tuesday and paid for a year in advance on subscription.
