Shafter's Cows in the Pound.

General Shafter owns three Jersey cows which roam at will over the Presidio reservation. Several times the animals have wandered beyond the reservation, but until the other day were found and returned by people who knew to whom they belong. One day of last week they failed to return to be fed and milked and a search party eventually found them in the public-pound, along with a lot of other beasts. The poundmaster refused to release the cows until his fee of \$3 per cow was paid.

Century's Service by Father and Son.

William Barrow, timekeeper at Gillo's cabinet works, Lancaster, England, has been in the employ of the firm for sixty-six years. Although over 80 years of age, he is still active, being invariably the first on the premises every morning and the last to leave at night. His father held the keys before him, having joined the house of Gillo's in 1801, so that the present year crowns "a century of service" by father and son.

Just a Spite Case.

Mrs. M. A. Radcliffe of Denver, Colo., who was arrested on charge of illegal voting, has been discharged by the court, not a particle of evidence being presented. It was a case of anti-suffrage spite, and the accusers were well raked over for their meanness. So the case of the first woman ever charged with illegal voting turns out a boomerang.

Charleston Wants the Liberty Bell.

The managers of the South Carolina exposition, to be held in Charleston, opening next December, have asked to have the Liberty bell in Independence hall, Philadelphia, loaned to them for exhibition during the continuance of the fair. They plead that it would excite patriotic enthusiasm.

Consolation and Comfort.

Who is it that does not wish to be out in the open air or alive in some field of sport, whether it be with the bat, rod or gun; whether we go coasting over the hills and vales on the wheel or sailing over rough waves or into serene coves, it is all sport, and the springing muscles seem to need it. It is bound to happen that some mishap will occur. Thus it is that we have sprains in abundance. Light sprains, sprains that cripple, sprains that give great pain, sprains that rob us of sleep, but sportsmen of all kinds have come to know that there is nothing better than the old reliable St. Jacob's Oil. Have it with you for use; you may rely on its cure of the worst sprain and restoration to the comforts of life.

THE LIVE STOCK MARKET.

Latest Quotations From South Omaha and Kansas City.

SOUTH OMAHA.

CATTLE—There was a light run of cattle. The big end of the receipts was corn-fed steers, comparatively few westerns being on sale. Packers all seemed to want the cattle and as a result trade was active and fully steady all around. There were quite a few corn-fed steers and the quality was exceptionally good, as high as \$5.75 being paid for a number of bunches. The demand on the part of all the packers was active, so that steady to stronger prices were easily obtained and the yards were cleared at an early hour. Even the less desirable grades sold without difficulty at fully steady prices. There was by no means an over-supply of cows, so the market was fully steady. As compared with yesterday's close, it was perhaps a little stronger. Buyers were all anxious for supplies, so that anything at all good was disposed of at an early hour. There was no particular change noticeable in the prices paid for bulls, calves and stags, though the better grades sold readily at very satisfactory prices. There were only a few stockers and feeders on sale, and what few were offered were mostly of rather common quality.

HOGS—There was a very light run of hogs, and as packers were all anxious for supplies the market opened active and 100 lbs. higher. The general run of hogs sold at \$6.25 and \$6.27, with the choicer grades going largely at \$6.30. At those prices the hogs changed hands rapidly and it was not long before the bulk of the receipts was out of first hands. Along towards the last, however, packers seemed to weaken a little on the late arrivals, as they thought they were paying too much for their hogs as compared with Chicago. At that point the advance was reported as only 50 lbs.

SHEEP—There were very few sheep on sale and hardly enough to test the market. Buyers seemed to want a few, and from the way they acted it was evident that they would have bought good stuff at strong prices. Lambs were also scarce and there was practically nothing offered to make a fair test of the market. Feeder sheep and lambs were in fairly good demand and sold at steady prices. There has been a good trade all the week on feeders, and that fact has prevented the market from breaking a great deal worse than it has.

KANSAS CITY.

CATTLE—Corn-fed cattle, 100 lbs. higher; cows and heifers, steady to 10c lower; heavy feeders strong, others slow; choice export and dressed beef steers, \$5.50@6.10; fair to good, \$4.80@5.40; stockers and feeders, \$2.40@3.35; western-fed steers, \$4.50@5.75; western range steers, \$3.25@4.25; Texas and Indians, \$2.70-3.85; Texas cows, \$2.50@2.90; native cows, \$2.50@4.00; heifers, \$2.75@3.25; canners, \$1.50@2.40; bulls, \$2.10@4.50; calves, \$2.50@5.25.

ROOSEVELT AT HELM.

Under the Constitution Duties of the President Devolve Upon Him.

WASHINGTON, Sept. 7.—Steps are being taken to provide for the future of the executive branch of the government. It is realized that even under most favorable conditions the president's injuries are of such a character as to make it almost certain that he cannot undertake for a long time to discharge the duties of chief executive even in the most formal way.

Every member of the cabinet able to travel is expected to speed at once to Buffalo and there a cabinet council will be held to decide upon the course to be followed by the executive branch. Vice President Roosevelt is said to be in Vermont, this being the information furnished by his relatives here, and of course will hold himself in readiness to do whatever is necessary and to meet the obligations imposed upon the vice president by the constitution of the United States. These are contained in paragraph 6, section 1, article ii, in the following words:

6. In case of the removal of the president from office, or his death, resignation, or inability to discharge the powers and duties of the said office, the same shall devolve on the vice president, etc.

Under the terms of this article as soon as Mr. Roosevelt is assured by proper authority, probably in this case by the senior member of the cabinet, Secretary Hay, who will doubtless be in Buffalo by tomorrow evening, he will undertake at once in a provisional way to discharge such duties as may devolve upon him.

Much will depend upon the character of the president's injuries as to the extent to which Mr. Roosevelt will discharge the presidential duties, if he undertakes them at all, and it is almost certain that in the absence of great emergency in public affairs, even if called to assume these obligations, the vice president will confine himself in the exercise of his powers to the discharge of the most routine and indispensable functions.

A METHODIST BISHOP GIVES PE-RU-NA GREAT CREDIT.

BISHOP GRANT, OF INDIANAPOLIS.

Bishop A. Grant of Indianapolis, Ind., writes the following letter:

Indianapolis, Indiana, 3349 N. Pennsylvania Street. Peruna Medicine Co., Columbus, O.: Gentlemen—I have been using Peruna for catarrh and can cheerfully recommend your remedy to anyone who wants a good medicine. A. Grant.

Prominent members of the clergy are giving Peruna their unqualified endorsement. These men find Peruna especially adapted to preserve them from catarrh of the vocal organs which has always been the bane of public speakers, and general catarrhal debility incident to the sedentary life of the clergyman. Among the recent utterances of noted clergymen on the curative virtues of Peruna is the above one from Bishop Grant.

Jackson in "Mythology."

The Memphis Commercial-Appeal has been delving into the life of Andrew Jackson with startling results. A correspondent writes to the paper that its legend "giving the pedigree of Jackson, running back many centuries to the Scottish kings, making of him a descendant of Sir Robert Bruce, is the boldest venture into the unknown past to be found in historic mythology."

Rose Bush 100 Years Old.

A rose bush that has attained the age of 101 years is one of the interesting sights at the old Salem homestead in Middle Haddam. The bush was planted in the year 1800 by Mrs. Lu-cilla Hurd, and it is stated on good authority that it has borne roses every year for 100 years. Mrs. Hurd, who planted the rose bush, was 94 years of age when she died.

The Museum's Rich Endowment.

It is now estimated that the Metropolitan Museum of Art in New York will get about \$6,000,000 from the estate of Jason S. Rogers, of Paterson, N. J., the odd old fellow who used to talk with Di Cesnola by the hour about the finances of the museum, but never in twenty years asked a question about the contents of it.

Easy Come, Easy Go.

The man who creeps along bent over, with his spinal column feeling in a condition to snap like a pipestem at any minute, would readily give a great deal to get out of his dilemma, and yet this is only the commonest form by which lumbago seizes on and twists out of shape the muscles of the back. This is commonly known as backache, a crick in the back, but by whatever name it may be known, and however bad it may be, 10 minutes vigorous rubbing with St. Jacob's Oil on the afflicted part will drive out the trouble and completely restore it. It is a thing so easily caught, it may be wondered at why there is not more of it, but because it is so easily cured by St. Jacob's Oil may be the very reason that we hear so little of it.

Every man knows worse of himself than he knows of others.

Writes His Recommendation for the Famous Catarrh Remedy, Pe-ru-na.

The day was when men of prominence hesitated to give their testimonials to proprietary medicines for publication. This remains true today of most proprietary medicines. But Peruna has become so justly famous, its merits are known to so many people of high and low station that none hesitates to see his name in print recommending Peruna.

The following letters from pastors who use Peruna speak for themselves:

Rev. E. G. Smith, pastor of the Presbyterian Church, of Greensboro, Ga., writes:

"My little boy had been suffering for some time with catarrh of the lower bowels. Other remedies had failed, but after taking two bottles of Peruna the trouble almost entirely disappeared. For this special malady I consider it well nigh a specific."—Rev. E. G. Smith.

Rev. A. S. Vaughn, Eureka Springs, Ark., says: "I had been prostrated by congestive chills and was almost dead; as soon as able to be about, I commenced the use of Peruna. I took five bottles; my strength returned rapidly and I am now enjoying my usual health."—Rev. A. S. Vaughn.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.
