CRAT departed last Friday morning  
for his former home in Kansas to

who are glad to see him again in the  
city.

The losses among cattle in Nebraska  
the past few years have been greatly  
decreased through the efforts of the  
Department of Animal Pathology, Uni-  
versity of Nebraska. Losses could be  
made practically nothing were the  
stockmen of the state to take the course  
in Animal Pathology offered by the  
School of Agriculture of the University  
of Nebraska which begins December  
31, 1901. At the present time the Uni-  
versity has two men in its employ, each  
of whom is thoroughly acquainted  
with the diseases of cattle, horses,  
swine and sheep. These men offer a  
practical course in the diseases of ani-  
mals. A young man who takes this  
course will in all probability save for  
his father in one year ten times the  
amount of money which it costs to at-  
tend the school for eleven weeks.  
Write to the Principal of the School of  
Agriculture University of Nebraska,  
for full information.

Martha C. Thompson, who was em-  
ployed in this office last spring and  
has for the past six months worked  
on the Republican, resigned her posi-  
tion last Saturday and departed on a  
pleasure trip through eastern Neb-  
raska, Missouri and Iowa. Miss  
Thompson is a first class printer and  
made many warm friends here who  
regret to see her leave.
