Some people blossom out for a period and look as bright as sunshine can down like a tomato vine.

Some of these would be real smart editors ary very good at re-writing an article so as to make it appear as though they were the originator of the whole story, but they will roar when some one exposes them and watch and wait for an opportunity to get back at them. We have heard these soft heads roar before though, and rather take a delight in twisting their tails.

Some Editors may be gifted more or less with gab and gall but the one who can deliberately steal an article from another paper to enhance his own popularity should be dealt with as tradition tells us that Texas rid her land of horse theives; Hang them! Yes hang them to the first tree. But we suppose some people who live on western prairies are not afraid as there are no trees in some towns and the people are easily deceived as they take only one paper and can be made to believe that their editor writes very cute things. Yes the editors themselves, even boast of it and of how they are deceiving Tom, John and Ned.

There is a great deal of talk just now about talking down the fences built on government land by large ranchers. There is also two bills before Congness for leasing the government land so that these fences may be retained as formerly. Some of the kickers about fences will get little satisfaction from any one or for themselves. We do not believe either of the two bills that are before Congress are practicable or suitable for conditions in our state and would not favor any bill of any kind at present.

The homestead law will settle all of these questions and there will be less contention and more people engaged in the coming year will be onward and the stock business, more stock upon upward. Bro. Walsh was born at St. which taxes can be collected and our Louis in 1856. His schooling was had community will be better off to pay no in that bailiwick and at the age of 17 attention to any leasing bill. However he was apprenticed to the bricklayer's if the republican party thinks it can trade. In 1873 he came to Omaha, build up a record by leasing the vacant government land or passing a bill In '90 he entered the insurance office to that effect, the VALENTINE DEMO- of a former member of No. 1, Bro. CRAT will watch results and we'll avail Rocker, eventually succeeding him in ourselves of the privalege of exposing the firm of Walsh & Pumpelley. Since the whole matter as we see it. We'll find plenty of help that will stand should er to shoulder with us to fight against alone. In a social way, "Ed" as he is these special privaleges that sells privaeges in advance for twenty years to who- fellows. By nature of social disposition, ever can put up the money now. generous, outspoken and while at times There is no land in this part of the a little brusque, he is ever ready to recountry that the government will ever tract an error, and those who know spend a dollar on for irrigation and we him best admire him the most. That do not care to tax our sand hills to pay he will aim to keep No 1 on the upfor irrigation ditches where the land is permost round of the ladder goes withworth one hundred times more than it out saying, and the Bulletin bespeaks is here. Let each district pay for the for him and the Lodge a pr spercus support it receives from the govern-term. ment and if there is any favors to be distributed let it be from good soil to the sand hill country; but never rob a barren waste of sand hills to put in irrigation ditches where the land is abundantly able to pay for all expenses of irrigation to make it the most yaluable of America's fair soil.

The following article from the Rushville Standard "fills the bill" in stamp ing J. Sterling Morton's policy, as wrong in upholding Savage and Bartley. We think Morton's God is republican politics and when the "conservative" is suited, Morton's God is pleased No one who has the proper respect for the Almighty would blaspheme his name by authoritatively saying that a pardon of the prince of thieves, who has not yet shown the white feather or that he was sorrowful unto repentence. would please God:-

J. Sterling Morton, one of the most absurd republicans in the great state of Nebraska, and whose scul is so steeled against the great mass ofpeople that he can see things only through plutocratic

glasses, got off the following beautiful effusion in his last conservative;

The Conservative believes that ex-State Treasurer Bartley ought to be pardoned. He has suffered enough! Justice has been appeased. Further punishment for this mis-influenced, mal-guided man is mere savagery. It is brutal vengeance. It is not civilized Christianicy It is pagan barbarity. It is cruelty to his devoted wife and unhap,y children.

An executive with moral courage and conscience enough to let him out by a free and full pardon would suit the Conservative and please God!

Since the above was in type Govern-

or Savage has "filled the bill." Yes, Sayage has "filled the bill" and the conservative is suited, but we doubt if God is pleased. The Almighty believes in rendering unto Caesar the things that are Caesar's, and Bartley's stealing has been sanctioned by such palavers as J. Sterling Morton, which is contrary to the teachings of the Di vine Spirit. God has no mercy sympathy for rogues, thugs nor murderers, but on the contrary will meet out justice regardless of devoted wives and unhappy children. Such doctrine make them, but the first frost cuts them as the Conservative advocate is the slogan that creates political thieves and murderers. There are very few men is a remedy that, taken in time. but what would be willing to attend the flower beds of the Nebraska state penitentiary for the neat sum of \$150,- before the cold began. It can-000 a year, provided they could, like Bartley, be banqueted by most of the rag-tag and bob-tail aristocratic politicians of the state after the job was finished.

> State Deputy Edward Walsh of the W. O. W. has been in our city the past week looking after the interests of our local camp of the Woodmen of the World. Mr. Walsh is an interesting man to converse with and comes highy recommended by his home lodge of Knights of Pythias of which he is the second year chancellor commander. Mr. Walsh visited the lodge at th's place Tnesday night and gave the members a little talk which was appreciated. We clip the following from Nebraska No. 1 K of P Lodge Bulletin:

It is an old saying that "Honest effort, and duty well done brings its own reward." While at times this may be questioned, it as a rule holds good, as was well proven by the re-election of Bro. Edw. Walsh for Chanchelor Commander at our recent election. A year ago, when Bro. Walsh was elected C. C. of Nebraska No. 1, from the Prelate's chair, it was, to use his own expression," the proudest moment of his life." To his credit it must be said that the past year no member worked harder for the good of the Lodge, than he did. He performed his duties as he saw them with a whole heart. To such an extent was this recognized and appreciated by the members that he was the unanimous choice for re-election, against his own wishes Elected, however, he accepts and it goes without saying that Nebraska No. 1's path for where he continued in that vocation, Bro. Pumpelley's removal from the city; he has represented his insurance lines commonly known, is a prince of good
