Highest and lowest temperature for corresponding week last year, 30 degrees and 21 degrees respectively.
Total snowfall, .02 inches, which is .13 inches below the average.
Highest velocity of wind 28 miles from NW.
Percentage of sunshine, 64.
D. C. GRUNOW,
Observer, Weather Bureau.

G. H. Q. Smith is on the sick list this week.

M. P. Jordan was a pleasant Valentine visitor last week.

F. H. Baumgartl of Crookston was in our city the first part of the week.

J. H. Whillians of Sparks tarried in town a few hours one day last week.

Mrs. E. McDonald was a visitor for a few hours in this city Monday of this week.

Alex Charboneau, from over on the reservation, was in this city the first of the week.

Rev. Cumbow went to Chadron Sunday night to assist Rev. Clark in revival meetings there.

Elmer Bristol, who is teaching school near Crookston, was in town a few days the first of the week.

Robert Good attended the meeting of the democratic editors at Lincoln, February 4th, and reported a good time.

Mr. Meltendorf, Dr. Compton, Miss Donohoe and others were out for a chase after coyotes Tuesday afternoon.

W. Honey, W. A. Parker, J. L. McElderry, E. W. Levic and J. H. Day, all of Woodlake, were transacting business in our city Tuesday.

Dr. V. A. Goodrich, dentist, on account of his business here will not be at Norden the 13, 14, 15 but will be there the 20, 21 and 22.

There was a horse buyer, W. G. Wendell of O'Neill, in town last week. We hear there are some local buyers here, too. Ask the boys. They know.

John Neiss, who is engaged in the stock business on the reservation, was transacting business and visiting with friends in town the fore part of the week.

U. G. McBride has returned from putting the finishing touches on the magnificent residence of Mr. Ballard, south of Woodlake. It is said to be the finest ranch residence in Cherry county.

The ladies of the Presbyterian church contemplate giving a High Tea on Saturday evening Feb. 22nd. More particulars will be given next week. Reserve that evening for the supper as it will be worth going to.

Judge W. H. Westover came up last Thursday evening on 27 from Ainsworth where he had been holding a short session of court, and on Friday held a special session in the Cherry Co. court house and granted J. W. Smyser a divorce from Edna Smyser.

There was some shooting in town a few nights ago when some of the boys got bowled up a little. We think there were some pretty badly scared people in town about the time the popping began, especially those nearest the bullets. It began with a noisy crowd and ended with a rough house.

W. D. Morgareidge one of the old pioneers of Cherry County came to town Monday and closed a deal for the Beers and Clark land near him and will now have a good ranch of 1600 acres. On this Mr. Morgareidge can cut about 500 tons of hay and can run a thousand head of cattle on his range which is mostly fenced. Mr. M has lived in Cherry Co. since the spring of '84 and is as well known as most any of Cherry Co. citizens, and now that he has a good ranch and has built up a nice home for his family he is ready to leave it and contemplates moving to town in the near future where he can further enjoy the fruits of his labors in the years when it was a hardship to live in a western frontier. We bid this family welcome to our fair city and commend them to our citizens as worthy people of which any town or community might justly feel proud. Mr. Morgareidge is still a democrat and proud of the name.

Andrew Schatzthauer runs a livery stable and buys and sells horses.

Elden Sparks spent Sunday with his family and returned Monday to Cody on 25.

Miss Ada Anderson visited friends at Longpine several days last week, returning home Monday.

Mr. Redfern came in with a load of hay Tuesday and took back some supplies to his place near Simeon, yesterday.

David D. Dunn of Britt was in town yesterday and called to have us put his name on our list for a year to the VALENTINE DEMOCRAT.

Wm. Franche and Henry Ballard went out on a wolf chase yesterday afternoon. We didn't hear how many wolves or coyotes they got.

Monday, Geo. Elliott began moving his mammoth stock of drugs and toilet articles into the new building just completed by Frank Brayton under the Fraternal hall building. The room is much more spacious than where Mr. Elliott was previously and there will be room for lots of customers and plenty of room for goods generally found in a drug store.

Harry Hilsinger, R. S. Dennis and Geo. Hershey went out to their homesteads last Sunday. They're a jolly crew and undoubtedly enjoyed ranch life and getting away from the city's noisy din for a few days at home on a ranch. They didn't bring the editor in any spuds, turnips, cabbage or beets from last year's crop, nor did they bring a sample from the hen roost to jolly the editor with. We like the good old fashioned farmers who has a cellar full of good things to dish up and a fat hen for a Sunday dinner.

First Sunday in Lent

Services at St. John's Episcopal Church next Sunday as follows:—Holy Communion 7:30 a. m. Sunday school 10 a. m. Morning prayer and sermon 11 a. m. Evening prayer and sermon at 7:30 p. m. All are cordially invited.

A Small Fire

Yesterday forenoon while Pete Simons was driving past the livery stable of Smyser and Hammond he noticed smoke coming out of the office in the south east corner and also some coming out near the roof. Stopping his team Mr. Simons took a hammer and tried to knock off the boards on the out side of the barn but soon discovered that he could get to the fire better on the inside which was burning between the laths and the weather boarding having caught from the stove which was near by. Mr. Smyser was in his dwelling near by and hearing the hammering of Mr. Simons ran out and soon had the fire put out which hadn't burned very long and did very little damage. As is usual in such cases there was no one about or there would not have been a story. The stove was full of coal that apparently wouldn't burn when it was needed and when it got started there was no one to shut off the draft.

Educational Department.

BY LETA STETTER.

"This learned I from the shadow of a tree
That to and fro did sway upon a wall
Our shadow selves, our influence may fall
Where we can never be."

The seniors wish it to be understood that they do not "pursue" stories.

The rule concerning tardies seems to be having its effect upon the H. S.

Many have been detained from school during the last week by illness.

The members of the 11th grade are remarkable for their Sunday school stories.

We learn of the death of Miss Bixby, formerly one of the teachers in our school.

Miss Allie Cyphers visited in the H. S. and some of the gards last Wednesday afternoon.

The students of the H. S. are at present much interested in one of Miss Hess' class books.

March 21st and April 18th have been selected as the dates for our next programs, the Non Partisels having the first date.
