The Evangelists.

Rev. Jamison and Prof. E. E. Crandall, the evangelists who have been in our city the past two weeks conducting revival services in the Presbyterian and M. E. churches somewhat on the Moody and Sankey system, have made for

REV. R. W. JAMISON.

themselves a reputation in Valentine. Rev. Jamison is a clear thinker an intelligent reasoner and knows how to tell what he has learned from observation so that his hearers are interested to the extent of gaining experience from his logical methods of right living contrasted with wrong. Prof. Crandall is a professional in stronger terms in the eyes of our people than the name ordinarily implies. He has at once the faculties of organizing a chorus, of holding them together and keeping them harmonious as in song. The instruction to our singers has been appreciated and Prof. Crandall will be remembered as an earnest, active and efficient instructor and leader of the largest chorus that has sung in our churches. Mr. Crandall told the writer that he had only words of commendation for those who have sung in the chorus choir. It is a fact realized by the people of Valentine that there has not been enough attention given to music but that there is talent can be easily seen by those who have observed the progress and noted the improvement in the singing in the past two weeks. When a chorus of 35 or 40

PROF. E. E. CRANDALL.

voices can be gotten together for a series of meetings like these, it is evident that there is a love of music. The work done by the chorus has been a labor of pleasure and help to others and of pleasure and profit to those who took part.

The Revival Lectures given by Rev. Jamison will close with the Sunday evening service. By that time Mr. Jamison will have given 38 lectures sermons and addresses. The Sunday morning service will be at the Presbyterian church. The subject will be "Peace, its Price and Process." Sunday afternoon at 3 o'clock, in the M. E. church, fifth lecture will be given on "Ideal Man." Mr. Jamison says his life study has been concentrated in this lecture. Ladies are invited. Sunday evening sermon will be on "Outlooks From Mountain Peaks."

Many cattle are affected with the itch this spring, and the ranchmen are having much trouble with it. Will some one suggest a remedy?

Spring has again appeared and it is the season for farmers to plow the fields and sow their grain. White oats grow best by sowing in the spring, but wild oats may be sown any time during the season.

Quarterly meeting will be held in Clear Lake Union church on Sunday, April 27th. The committee requests each family to bring a lunch (put in plenty of chicken) and be prepared to listen to one sermon at ten o'clock and another at two. Come one and all for you will be amply rewarded for your drive.

While strolling about the yard last week, Miss Esther Benson injured her foot quite severely. A chance nail pierced through the sole of her shoe, entering the foot. Most probably the nail was old rusty, leaving particles of steel in the wound which caused great suffering. We sympathize with her in her suffering and hope to see her fully recovered before many days.

While playing with an old mowing machine last week, little Kate Kreycik had her finger badly mashed. At first the doctors thought it necessary to amputate a portion of the injured finger, but finding that the blood circulated freely they were spared the task. It is believed that she will never have any control over it as the bones were crushed and therefore the cords and nerves were injured.

I will venture to extend a good word for the DEMOCRAT and would advise anyone who desires the news of the county and gives you much valuable information. If you are engaged in business and intend to advertise I would refer you to the DEMOCRAT as it has a large circulation and a good reputation.

Man Loses His Leg at Merriman.

Merriman Nebr., April 15, 1902. SPECIAL TO THE DEMOCRAT:

An accident happened here this morning whereby a young man lost one of his legs. He was a passenger on No. 3 and claims that when the train was slowing up to take water he went out on the platform and in some manner fell off, one of his legs falling in front of the wheels which completely severed it between the knee and the ankle.
