Christensen's. Nebraska is universally considered a very healthy country one otherwise desirable place to live in, but it is impossible to find a person who is not complaining about something. Some complain of having decayed teeth, others of having none. Some complain of having corns, others complain of being unable to grow corn. Some complain of a poor appetite, while at the same time they are ever trying to get rid of it. If people would but be content with their share of blessings the world would roll with less friction.

Obituary Phoebe A. Perkins was born April 8th, 1834, in Hanble, N. Y. She was married to James G. Wilson December 28, 1853 and died at her home in Georgia, Neb., June 20, 1902. Three children were born to them, a girl, who died in infancy, and two boys, James E. who is living in New York, and Wm. A., of Georgia, Neb. Sister Wilson united with the Methodist Episcopal Church in 1879 and lived a consistent christian life, always bearing testimony to the Grace that saves from sin. Sister Wilson was greatly afflicted for four years from a stroke of paralysis. She leaves a devoted husband, two sons, three brothers and two sisters to mourn the departure of a faithful wife, a loving mother and an affectionate sister. The funeral services were

Kennedy.

Received last week too late for publication. A fine rain Wednesday night. A. B. McAleavy was a Kennedy visitor last Sunday.

J. A. Gee was a Kennedy visitor the first of the week. Homer Tait was seen in these parts one day last week.

J. N. Steadman put in two wells for Don Sears last week. J. H. Bachelor made a business trip to Valentine last week.

Jess Marion has been a business visitor in Valentine the past week. Mr and Mrs. Jess Gorsuch were Kennedy callers the first of the week.

Johnie Beekley was swapping yards with the Kennedy people last Sunday. The late rains insure the finest hay in this section of the country that we have had for years.

Nearly everybody is figuring on celebrating the fourth at Quesenbury's this year as it is the finest place in the country for a celebration.

BROKEN ARM Arabia Items.

Received last week too late for publication. Masonic lodge supper was given in Wood Lake last Saturday which several of the neighbors attended.

Miss Orah Britton of Valentine was stopping on a quarter section of prairie which she expects to convert into a goat ranch.

Miss Winnifred Keeley of Valentine is working for Mrs. Cronin this spring. She is tired of city life and is now rustacating for a spell.

Mrs. J. Jordan and Miss Esther Benson started for Eppahany last Wednesday where they will consult medical aid for their many ills.

Haymaking season will soon be here and rom present appearances the flats will yield a greater crop of hay than has ever been known of in this country.

Well, I will now attempt to represent this community to the readers of the Democrat. If I do injustice to anybody, I wish they would register their complaint at my office.

Norman Vredenburg, a dental student of Omaha, is spending several weeks on his ranch near Arabia. Much conjecturing is done as to whether he will follow his profession or continue ranch life.

A ball was given in Wood Lake last Friday, which proved a grand success. A large crowd was assembled at Honey hall where they spent the night in dancing to the music of the Arabia orchestra. It seems that where good music is rendered a large crowd is sure to gather.

June Weather.

The following data have been compiled from the records of the local office of the Weather Bureau. The minimum temperature on June 21, 1902, which was 32 degrees, was the lowest temperature ever recorded at this station in June. The maximum temperature on the 10th, 100 degrees, was the second highest ever recorded during this month, making an extreme monthly range of 68 degrees, the greatest on record for the month. The killing frost of the 21st was the only killing frost ever occurring here during the month of June, the latest heretofore recorded having occurred on May 22, 1892.

Up to this time there has been a deficiency of over an inch and a half in precipitation during the month, although showers have been frequent. Temperature during the month has been somewhat below normal, decidedly so since the 10th, the daily temperature averaging 7 degrees below normal since that time. N. M. CUNNINGHAM, Official in Charge.

This Seems to Hit the Spot An exchange observes that a boy can sit on a sled six inches square tied to a sled moving nine miles an hour, but can't sit on a sofa five minutes for a dollar. A man can sit on an inch board and talk politics for three hours but put him into a comfortable church pew for forty minutes and he gets nervous, twists and goes to sleep. A man can pouce his cheeks with tobacco and the juice running down his chin feels good; but a hair in the butter simply knocks him out completely.—Chadron Journal.

Court in Sioux County The term of court that was to have been held by Judge Harrington on the 28th of May, was opened by the sheriff Alex Lowry, every day for four days, there being present only the sheriff and clerk Wm. J. A. Raum. The judge failed to come and also failed to notify the clerk, that he could not be here, so to fulfil the law as required by statute the court had to be opened each day as above stated so Sioux county has had district court for four days without a judge.—Harrison Press-Journal.

Score Another Point for Judge Westover. After deliberating six days, six nights and eight hours, the jury in the Jahnke case brought in a verdict of murder in the first degree, assigning August F. Jahnke to a life term in the state Penitentiary. Judge Westover has been highly complimented for his action and ruling in this case. The jury agreed not to agree, so the judge sent them back with the understanding that they must, and the above verdict was the result of this ruling. We have always admired the judge for his firmness and our admiration only increases in this case. Jurors forget some times that they owe their country as well as their fellowman some consideration and this disagreeing of jurors is an easy way of getting out of deciding one way or the other. We only wish we had more such judges as Judge Westover, then jurors would realize they must act and not play boy. Oliver Olson the accomplice in this murder gets 20 years in the penitentiary and Alfred Jahnke the son of the convicted murderer was turned loose as there was not sufficient evidence to make him a party to the crime.—Harrison Press-Journal.

Lee's Lice and Mite Killer is a liquid coal tar product, heavily charged with gases which kill insects without having to touch them. It is used by sprinkling on roosts for poultry, on bedding for hogs. It is vastly superior to the weak, inert, diluted imitations often offered as a substitute at a few cents less in price. It is endorsed by all experienced poultry and hog raisers. The genuine is sold by Quigley & Chapman.
