POSSE AFTER THE ROBBERS

The Thieves Attempted to Rob a Third House While the Citizens Were Shooting at Them

Elyria, O., Nov. 15. - Marshal Henry Krohm was shot and an unknown burglar had his head blown off early here today. The shooting occurred during a fight with four robbers, who terrorized the town. The gang stole horses and rigs, entered several houses and shot recklessly in a wild charge down the main street of the town.

J. E Baird was awakened by burglars in his house. He got up and saw two masked men standing on either y side of his bed. Revolvers were pointat his head, but in spite of this he has recovered consciousness and no jumped from bed and fought with the intruders. In the darkness they broke away and fled from the house.

The burglars then entered the home of Fown Marshal Krohn, who opened fire on them. When he had shot three times one of the robbers, who had jumped into a buggy, got out and began shooting at the marshal. At the third shot the latter fell with a bullet through his hip.

Baird, who had meantime arrived, picked up the officer's gun and continued the firing. The robbers drove

away rapidly. Baird followed them to the home of Superintendent W. J. Hiller of the Ceveland, Elyria & Western railway. When Baird again opened fire on the robbers they walked into the Hillier home, after smashing in the door. The noise on the street aroused Hillier and he reached for his gun, loaded with quail shot.

A burglar opened the door and Hillier blew his head off with the first discharge. The other robber turned and ran, but Hillier discharged the second barrel. The robber ye led and staggered, but did not fall. He ran into the street and disappeared.

A posse was at once formed and is pursuing the robbers. Marshal Krohm is perhaps fatally wounded. It is not known how badly the other robber is hurt.

The dead robber's linen is marked "Davis." He had in his pocket a mileage book sold at Oil City, Pa., to "Mr. Davis."

Fell From a Tower.

Omaha, Nov. 15.-A remarkable escape from death was that of J. E. Adams, an employe of the Citizens' Gas and Electric company, in Council Bluffs yesterday morning. Adams fell 138 feet and while he was bruised and cut no bones were broken.

He had gone to the tip of the 150foot steel tower at the corner of Eighth s reet and Broadway to examine the four lamps there. Just as he prepared to descend a cable on the automatic elevator broke and the cage with Adams in it was precipitated to the ground. The imprisoned man was buffetted back and forth between the supports of the tower as the cage was falling. His arms were hadly lacerated in an attempt to grab a cable and stay his fall.

Twelve feet from the ground on the towers is a platform of iron bars. The cage crashed through it and onto the ground. Adams was picked up and taken to his home, 701 Harmon street.

When the physician who was summoned arrived Adams met him at the door and told him that he would no have much work to do. The doctor dressed his wounds in a few minutes.

A CHAPTER OF ACCIDENTS.

Railroad Emp'oyes Have a Run of Hard

Luck Grand Island, Neb., Nov. 15.-A romarkable wave of accidents swept over the railroad yards of this city and vicinity I'riday and last night. Yesterday morning at Wood River, while Archie Campbell, a brakeman on freight No. 27, was making a coupling, a wheel of the car ran on his foot, the car stopping while he was thus pinned down. The foot was badly crushed, though it is possible that the member can be saved. Campbell in falling struck his head on the ties and was unconcious until last night. He is reported as being in a much improved condition this morning.

while the engine of another east bound freight was taking water at the same place, Fireman Basko mounted the front of the engine to light the headlight. In some manner he slipped and fell, striking his head on the ties and receiving a slight concussion of the brain. As was the case with Mr. Campbell, he was immediately brought to the St. Francis hospital in this city. He serious results are feared.

At 3 o'clock this morning an engine of the 1800 class, just as it was pulling the passen er train from the east into the local yards, ran off a split switch, kept the ties for about a distance of twenty-five yards and ploughed into the soil and is half buried. Engineer Fonda and Fireman Bailey had time to jump and es caped unhurt.

No one was injured. The engine is pretty badly wrecked. The tender was wrenched from the trucks. While the fly wheels of one side of the en gine are buried those of the other side are up in the air.

In the snop yards, at 5 o'clock this morning, an old man named Boyer was picking up coal. He was struck by an engine. An employe of the road happened to see it and gave the alarm to the engineer. The engine had gone over the man. The locatotive was moving slowly at the time and when it stopped the engineer and fireman began to look under it for the presumably dead man. He fooled them and crawled out at the other side, between the engine and the tender, badly scratched and bleeding, but otherwise uninjured. The engine ran over him for its entire length.

J. W. Morris, a member of the Union Pacific yard gang, while letting off a brake on No. 8 last night, had his hand caught by a chain and three holes were crushed into the member.

Nebraska City, Nov. 15.-Last evening a sixteen year old daughter of Lillian Lempkey, a farmer residing near Syracuse, went before a justice of the peace and filed complaint against her father charging of the fling of the complaint, it is charged, mounted one of the farm horses and fled the country. Officers are out after him but as yet they have been unable to find any trace of him, but if he should be found he will be brought to this city and placed in the county jail for safe keeping. It is feared he would be lynched if taken to Syracuse, as another case something similar happened there last week and the man was allowed to make his escape. The girl states that the past four months she has been forced to submit to her father under the threat that if she told of it that she would be killed and that he would then kill the whole family. The father is over fifty years of age has a wife and four daughters, two of the oldest being married. He has been a resident of this county for years and always bore a good reputation.
