

"PE-RU-NA SAVED MY LIFE,"

Writes Mrs. W. McRoberts.

Women Made Strong and Happy Mothers.

Catarrh of the Pelvic Organs Is a Frequent Cause of Barrenness.

Pe-ru-na Eradicates Catarrh From the System.

TO the woman of ancient Israel not to become a mother was regarded as the greatest of earthly calamities. To become a mother—more especially the mother of a strong, healthy boy—was the height of glory for the faithful woman of the good old Bible days. Even now, when maternity is not esteemed as of yore, the mother of healthy children is an object of admiration, and sometimes envy, by her neighbors. As compared with ancient peoples, the average American woman has a low appreciation of motherhood. There are, however, a great many exceptions to this statement.

The accompanying letters from grateful women who have been made strong, healthy and happy mothers need no added words of ours to make them convincing. Catarrh had weakened and impaired their entire systems. Peruna made them sound and well.

Mrs. L. M. Griffith, Arco, Idaho, writes: "Your medicine did me a wonderful amount of good. I cured me of barrenness. I am 20 years old and never had any children; but since beginning your

A YOUNG MOTHER'S LETTER.

Mrs. W. McRoberts, writes to Dr. Hartman from Delano, Miss., the following:

Delano, Miss.

Doctor S. B. Hartman, Columbus, Ohio:

Dear Sir:—I feel perfectly well of catarrh. I did as you directed me to and took Peruna and Manalin. The third of March I gave birth to a 10-pound baby girl and we are both well and happy. I am very thankful to you, and Peruna saved my life. I recommend it to everyone and can't praise it enough.

"I send you my own and my baby's picture. She is so sweet and good,—she is a Peruna baby. I have such good health now. I do all my own housework and take care of my baby, and feel so good."

"There are three or four of my neighbors using Peruna now, since it did me so much good. They were just run down, and they think it is fine. It is so good to give strength."—Mrs. W. McRoberts.

medicine I gave birth to a 10-pound baby girl. She is now six months old and weighs 25 pounds. My friends were all surprised. Some would not believe it until they came to see me.

"My husband says he never saw such a change in any one as there was in me after I had taken three or four bottles of Peruna. I am stronger than I have been since I was quite young. God bless you and your medicine forever. I cannot tell you all. My letter is too long already, but I will say Peruna cured me. I never saw or heard of anything half so good. I can never thank you enough for your kindness. In cases of a gripe it works like a charm. It cured my baby when other medicines failed. She was real bad with a gripe."—Mrs. L. M. Griffith.

Mrs. E. E. Thomas, Alpha, Mo., writes: "I have used your Peruna and Man-

alin. I had been doctoring for several years, but kept getting worse. One day a neighbor woman brought me your book, the 'Tells of Life,' and I wanted me to take your medicine. I told her that I had given up all hope of ever getting well. I had tried so much medicine. My neighbors thought I was nearly dead with consumption.

"Finally I concluded that I would make a last trial. So my husband got me a bottle of Peruna and Manalin. I commenced taking them according to directions. That was two years ago. A year ago last November I gave birth to a 10-pound baby boy, who is well and hearty; and I am doing my own housework. I can never give Peruna too great praise. I think it is the best medicine I ever heard of."—Mrs. E. E. Thomas.

If you do not derive prompt and satisfactory results from the use of Peruna,

write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis. Address: Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Money is most always a grate bother; between the desire to get more, and the fear of losing what we have got, men are kept all the time in bile-hot water.

Droll excuses are frequently written by parents in explanation of the absence of their children from school. Here are a few specimens selected from a number actually received by teachers.

The success of some people is unaccountable, considering that they never had a baccalaureate sermon preached to them.

Chili Con Carni.

Two pounds of round steak, two red peppers, one can kidney beans, one food-sized onion, one large teaspoonful of salt.

Cut the beef into small squares, dredge well with flour, place one tablespoonful of butter in a pan, and when this is hot put in the meat and cook until the flour adheres to it. Place in a stewpan, cover with boiling water and simmer slowly until tender, then add chopped onions and beans; cook five minutes and serve either hot or cold. The gravy should be nearly cooked away before adding the beans.

Souse Meat or Head Cheese.

One small hog's head, five or six pig's feet, one pepper pod, cut fine; one tablespoonful of pulverized sage; salt to taste.

Wash, scrape and singe the head and feet until clean; then put them over the fire in hot water and cook until the meat falls from the bones. Pick this meat into fine bits and work in pepper and sage with the hands, pack in a stone jar and put in a cool place. When cold, hold the jar over hot water for a few minutes and the cake will turn out whole. It will slice nicely.

Gluten Bread.

Mix together a pint of milk and one of boiling water and stir in a teaspoonful of salt and one of melted butter. When lukewarm add a beaten egg and a quarter of a yeast cake that has been dissolved in a gill of blood-warm milk. Now make into a batter with gluten flour. Set in the warm kitchen, covered with a cloth, for six hours, then add enough gluten flour to make a dough that can be kneaded and knead for ten minutes. Form into loaves and knead each for five minutes, then set to rise again. Bake for an hour.

Peanut Candy.

Boil a pint of good New Orleans molasses until it hardens in cold water. Stir in two teaspoonfuls of extract of vanilla and a scant teaspoonful of baking soda. Have ready a quantity of shelled and skinned peanuts. There should have been four quarts of these freshly roasted before shelling. Stir these well into the molasses and turn into buttered pans. Press flat and smooth with a knife or spoon and as it begins to stiffen cut or mark off the candy into bars with a knife.

Fish Hash.

Boil six good-sized potatoes and one cupful of stripped codfish together and while hot chop them fine together with three or four slices of boiled beef. Put the mixture on the stove in a granite stewpan, add a good-sized piece of butter and beat thoroughly with a silver fork. Place on a hot platter in any form desired, garnish with parsley, pieces of beet and carrot cut in fancy shapes, and slices of hard-boiled eggs.

Coffee Cake.

Into a cupful of bread dough that has had the second rising work a half-cup of butter, melted and creamed with a quarter cupful of sugar, a beaten egg, a quarter-teaspoonful of cinnamon and nutmeg and a half-teaspoonful of soda dissolved in a tablespoonful of milk. Knead for three minutes, make into a long loaf and set to rise for a half-hour. Now cover the top of the loaf thickly with sugar and bake in a steady oven.

German Fritters.

Three eggs well beaten, one pint of milk, two tablespoonfuls of sugar, one-half teaspoonful of salt, one saltspoonful of cinnamon and a small pinch of powdered mace. Cut slices of bread in squares or oblong pieces, soak in the mixture until soft, and fry a golden brown in butter, putting a small piece of butter on each before turning. Serve very hot with butter and sugar or maple syrup.

Plain Canned Pumpkin Pies.

One canful of pumpkin, two cupfuls of boiled milk, three eggs, one and one-half cupfuls of sugar, butter the size of a walnut, one-half teaspoonful of salt, one-half teaspoonful of cinnamon. This will fill three pies. Molasses may be used instead of sugar if preferred.

Short Suggestions.

After washing a saucepan dry it in the fire before putting it away.

To whiten clothes put a tablespoonful of turpentine in the boiler when they are boiled.

To clean plaster of paris ornaments, cover them with a thick coating of starch and allow it to become perfectly dry. Then it may be brushed off and the dirt with it.

To cover jam pots easily, brush white of egg over white kitchen paper, cut into pieces of proper size and cover the pots while they are hot. The paper will stick tightly and be airproof, like parchment.

Spinach that is left from dinner may be at once mixed with a French dressing, packed in small cups or molds or in a bowl and put away. Next day turn it out on a bed of lettuce, and more French dressing and it is ready for the table.

To make a cheap floor stain mix one part of Brunswick black with seven parts of turpentine. Apply to the wood with a flat brush. Next day polish with beeswax and turpentine. Use more or less turpentine to make lighter or darker stain.

Medicine Never Healed a Wound

Nature performs the healing process and medicine can only assist her in doing her work in healing wounds and throwing off diseases. Nine-tenths of the diseases of man and beast have their origin in some form of germs and if allowed to run and multiply form complications. The reason that Liquid Koal prevents all germs diseases and cures them, unless fermentation and inflammation have too far developed, is that it contains every antiseptic and germicide known to science. All germ diseases such as hog cholera, swine plague, corn stalk diseases, tuberculosis, blackleg and numerous others can be prevented by giving Liquid Koal in drinking water, because they are germ diseases and no germ can live where Liquid Koal reaches it. Liquid Koal is unaffected by the gastric juices of the stomach, passes through the intestines and from there into the circulation, permeating the whole system and still retains all its germicidal properties. Diluted with water, in the proportion of one to one hundred, it makes the best lice killer known.

Price of Liquid Koal delivered at your station is as follows:

ONE QUART OAN - \$1.00 TEN GAL. KEG, \$2.50 PER GAL

ONE GALLON - 3.00 25 GAL.-1-2 BBL., \$2.25 GAL

We, the undersigned stock raisers of Madison County, Nebraska, raising from 100 to 200 head of hogs each year have, after a fair and impartial trial of Liquid Koal manufactured by the National Medical Company, of Sheldon, Iowa, and York, Nebraska, found it to be the Best Disinfectant, Germ Destroyer and Appetizer that has been our pleasure to use, and we jointly think that a man is standing in his own light who does not try it. When their agent calls we advise any stock raiser to buy and use Liquid Koal.
