A School for Bakers.

There is hardly a phase of modern andustrial life but which can be learned at some school specially devoted to its teaching to better or to equal advantage than the old-time apprenticing system. If there was one branch that had been overlooked it was that of the baker and confectioner, but this ind istry is no longer so neglected, as the London Nati a School of Bakery and Confectionery ouers a course of the m st advanced instruction in this

### Catarrh Causes Female Diseases.

America is the land of nervous women. he great majority of nervous women are so because they are suffering from some form of female disease. By far the greatest number of female troubles are caused directly by catarrh. These women despair of recovery. Female trouble is so common, so prevalent, that they accept it as almost inevitable The greatest obstacle in the way of recovery is that they do not understand that it is catarra which is the source of their iliness. In female complaint, ninety-nine cases

laughing over the ingenious joke played by one of the pretty sister employes. This young clerk had not been in the government service very long, but she had noticed that at lunch hour, after the girls had finished their noonday repasts, they gathered around and talked to each other and sometimes about each other. It was particularly noticeable that when a girl chanced to come to the office adorned in a new frock or wearing a new or odd piece of jewelry the other girls would ply her with all sorts of questions regarding the garment or trinket. Now it happened the ingenious young

So she went to work next morning. The locket dangled from the chain around her neck. The girls could see it from afar and their curiosity was great ere twelve o'clock arrived. Sure enough, they wanted to see whose pic ture was within. At first the girl with the locket protested. But the others insisted, and finally she said, "All right." Then one of the curious coterie undertook the task. She was nervous and excited, says the Washington Star, and pressed away vainty at the springs for a few moments. Then it came open, and this is what greeted the gaze of all: "Fie on your curiosity!"

It was neatly printed on a bit of paper carefully cut to fit the trinket.

Trees Without Leaves.

There are great forests of leafless trees in Australia. The real heroines of every day are in our nomes. Frequently, however, it is a mistaken and useless heroism.

Women seem to listen to every call of duty except the supreme one that tells them to guard their health. How much harder the daily tasks become when some derangement of the female organs makes every movement painful and keeps the nervous system unstrung? Irritability takes the place of happiness and amiability; and weakness and suffering takes the place of health and strength. As long as they can drag themselves around, women continue to work and perform their household duties. They have been led to believe that suffering is necessary because they are women. What a mistake!

The use of Lydia E. Pinkham's Vegetable Compound will banish pain and restore happiness. Don't resort to strong stimulants or narcotics when this great strengthening, healing remedy for women is always within reach.

FREE MEDICAL ADVICE TO WOMEN.

If there is anything in your case about which you would like special advice, write freely to Mrs. Pinkham. No man will see your letter. She can surely help you, for no person in America has such a wide experience in treating female ills as she has had. She has helped hundreds of thousands of women back to health. Her address is Lynn, Mass., and her advice is free. You are very foolish if you do not accept her kind invitation.

### For proof read the symptoms, suffering and cure recited in the following letters:

"DEAR MRS. PINKHAM: - I wish to express to you the great benefit I have derived from your advice and the use of Lydia E. Pinkham's Vegetable Compound. My trouble was female weakness in its worst form and I was in a very bad condition. I could not perform my household duties, my back ached, I was extremely nervous, and I could not eat or sleep, and the bearing-down pains were terrible. My husband spent hundreds of dollars to get me well, and all the medicine that the doctors prescribed failed to do me any good; I resorted to an operation which the physician said was necessary to restore me to health, but I suffered more after it than I did before; I had hemorrhages of the womb that nothing could seem to stop.

"I noticed one of your advertisements and wrote you for advice, I received your reply and carefully followed all instructions. I immediately began to get stronger, and in two weeks was about the house. I took eight botties of Lydia E. Pinkham's Vegetable Compound and continued following your advice, and to-day I am a well woman. Your remedies and help are a Godsend to suffering women, and I cannot find words to thank you for what you have done for me." -- MRS. LOTTIE V. NAYLOR, 1328 N. J. Ave., N.W., Washington, D. C.

"DEAR MRS. PINKHAM: - I write to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. "I was suffering with falling of the womb and could hardly drag about, but after taking five bottles of Lydia E. Pinkham's Vegetable Compound I was completely cured. I am now a well woman and able to do all

"I think your medicine one of the best remedies in the world." - MRS. J. M. LEE, 141 Lyndal St., Newcastle, Pa.

"DEAR MRS. PINKHAM: - Lydia E. Pinkham's Vegetable Compound has done a great deal for me. I suffered so much from falling of the womb and all the troubles connected with it. I doctored for years with doctors'and other remedies but received only temporary relief.

"I began taking your medicine, and had not taken it long before I was feeling better. My husband said that I should keep right on taking it as long as it gave me relief from my suffering, as I could not expect to be cured by one or two bottles. I did so and am now able to be on my feet and work hard all day, and go to bed and rest at night. Thanks to your Vegetable Compound I am certainly grateful for the relief it gave me. It is the mother's great friend. I would not be without it in my house, for when I feel tired or out of sorts I take a few doses and feel all right.

"I would recommend your medicine to all tired mothers, and especially to those suffering as I was." - Mrs. R. F. CHAMBERS, Bennet, Neb.
