TALK OF THE TOWN

Local Weather Record
U. S. Department of Agriculture
Weather Bureau
Valentine, Nebraska, week ending 6 a. m.,
June 17, 1903.
Maximum temperature 82 degrees on the 14th.
Minimum temperature, 40 degrees on the 11th.
Mean temperature, 63 1/2 degrees, which is 6 1/2
degrees below the normal.
Total precipitation, 0.1 inch, which is 0.84 inch
below the normal.

H. McP. BALDWIN,
Official in Charge.

Fancy China at Mrs. Elmore's.
Glen Rye, of Gordon, is visiting
in town this week.

Wm. Epke was down from
Crookston buying feed for his
horses.

Judge Zarr started Monday night
for Butte, Mont. to look at the
country.

Shorty Young is in town after a
long absence looking after his
chickens.

Martin P. Haley returned Monday
morning from Hot Springs,
S. D., looking well and hearty.

Born, Sunday, June 14, to H.
M. Cramer and wife a fine girl.
Mr. Cramer is the genial delivery
man.

Mr. Young, of Simeon, called
yesterday while in town and had
us insert his brand in the DEMO-
CRAT.

Miss Laura Pettijohn returned
Friday night of last week from
Fremont where she has been at-
tending college.

46 teachers were enrolled in the
Junior Normal last Saturday. A
number came Saturday night and
more Sunday night.

Max E. Viertel was in our city
Monday but he was so much in a
hurry to get back to Crookston
that we know he's busy.

Dave Hendershot was in town
Monday with a load of potatoes for
sale. He says that he is going to
Pine Ridge soon to work at his
trade.

Geo. and Boone Stotts, of Cody,
are visiting at the home of Johnny
and Henry Stetter this week.
They are sons of I. C. Stotts, of
Cody.

Miss Lizzie Wright came in from
Ervin Bristol's yesterday and last
night started for Belle Fourche,
where she has employment as a
waiter.

Miss Dora Pease went to her
former home at Wagner, S. D. last
Saturday. Her brother was to
meet her Lynch and drive over-
land from there.

State Supt. Fowler called at our
office Tuesday with Prof. Watson.
Mr. Fowler gave a lecture in the
evening on the 3 R's and the 2 S's
which was said to be good by those
attending.

N. S. Rowley was in town last
week as a witness in the Hancock-
Williams case and called at our
office on business. He has lost some
horses. See notice in another part
of the paper.

Dan Barnes called on us last Sat-
urday for a social chat of a few
moments. He brought his daugh-
ter May to town to attend the Jun-
ior Normal and came along to see
that she had a comfortable place
to board and room.

John Green, who was found
guilty of manslaughter last week
took carbolic acid Sunday and tried
to end his life but the prisoners
who were with him attracted the
attention of some young folks who
were on the lawn tennis ground
who gave the alarm and Dr. Lew-
is was called. It was found that
the carbolic acid was so diluted
that there was not much danger
and John will get his sentence after
all.

Dress trimming, notions and
millinery at Mrs. Elmore's.

The Valentine Bottling Works
puts up the finest kind of soft
drinks. 17

R. O. Pugh, of Gamble, S. D.,
was one of the witnesses in the
Green murder trial last week. Mr.
Pugh made us a pleasant visit while
in our city and we find him to be a
very nice man. He has been suc-
cessful as a ranchman and is well
spoken of by his neighbors.

Miss Leta Stetter returned Sat-
urday night June 6th from Lin-
coln where she had been attending
college. Miss Stetter is one of
Valentine's brightest young ladies
and has made a good record at
Lincoln. We over looked this
item last week by an oversight.

John A. Kirkwood, a nephew of
Samuel Kirkwood, the war gov-
ernor of Iowa, came into town last
week from the hay flats and made
a trip to Hot Springs, S. D. He
returned the latter part of the
week and started this week with
Sam Hudson and his niece, Miss
Woods, Mrs. A. Lewis and boys
and niece, Miss Grace Burnell, for
a trip down in Gregory county,
S. D. They expect to be gone
about a month.

We print an article this week
from the business men of Omaha
stating that they do not wish to
crush the unions. The people
generally we believe would not
complain if they did, if there is no
other effectual way of dealing with
them. We believe the people of
the United States are getting tired
of these strikes and want to see no
more of them. The strikers are
not congregated for lawful pur-
poses. They are insurrectionists
and should be handled as such.
They are becoming more and more
dangerous to the peace and safety
of our citizens and their property.
We do not deny any man the right
to quit his job nor the right of any
employer to employ just the man
he wants without consulting the
union as a guardian.

Last Tuesday night while Mr.
and Mrs. Breuklander were gone
to a prohibition alliance meeting
some one fired a shot through his
front window, making a round hole
as big as a half dollar. The bullet
struck in the partition opposite the
window. The little boy told the
folks Wednesday morning that
some one had been shooting there
and that he heard the glass fall.
Some one may have done this by
accident or it may have been done
in mischief. One thing that all
can agree on is that shooting prom-
iscuously on our streets should be
stopped and effective measures
used to stop it. It endangers life
and property and encourages a
would-be tough element in reckless
handling of fire arms. It is not a
good recommendation to our town.

W. E. Church Notes.

Two new members were received
in the church last Sunday.

Prof. G. A. Gregory will teach
a Sunday school class arranged es-
pecially for teachers attending the
normal. As teachers you are in-
vited to join it.

The Epworth League will give
a reception on next Friday even-
ing at 8 o'clock in the district court
room at the new court house to all
the teachers attending the normal.

Next Sunday morning the pastor
will preach the first sermon of a
special series on the subject, "The
Institution of the Christian
Church," text, "Thou Art Peter,
and upon this Rock I will build my
Church." Evening subject, "De-
prived of the Last Talent."

FROM EVERY POINT OF VIEW

LOOKED AT
from every point of view, McCormick mowers
will be found faultless in design, modern in con-
struction and thorough in equipment, with the
most practical features. These mowers are so
perfectly balanced, so easily operated and do such
smooth and even cutting that they instantly
become the favorite of every man who buys one.

The McCormick book,
"A MODEL MACHINE,"
tells all about Model mowers.
