U. S. Department of Agriculture
Weather Bureau
Valentine, Nebraska, week ending 6 a. m.,
July 8, 1903.
Maximum temperature 97 degrees on the 7th.
Minimum temperature, 53 degrees on the 4th.
Mean temperature, 71.4 degrees, which is 1.2
degree below the normal.
Total precipitation, 0.33 inch, which is 0.34 inch
below the normal.

H. MCP, BALDWIN,
Official in Charge.

Geo. Hornby went east last week to be gone for a couple of weeks.

A. H. Stees came in from Kennedy last week and spent the week in town.

The Valentine Bottling Works puts up the finest kind of soft drinks. 17

Stop at Quigley & Chapman's and get a quart of Ice Cream for the family. 24 10

Mrs. L. C. Sparks returned home last Saturday. Mr. Sparks met her at Fremont and returned with her.

Several ranchmen are looking for hay hands and we think there will be work in the hay flats for all who want to work.

THE DEMOCRAT building is having some more repairing done by U. G. McBride, and we hope to have a more comfortable place as time rolls by.

C. C. Burke, of the Harrison Press Journal, came down last Friday to spend the 4th at Valentine and visit friends. We enjoyed a fraternal call from him. He returned Sunday night.

B. J. Hoffacker was in town to spend the 4th with friends. He was thrown from a horse out at the ranch a couple of weeks ago and is a little lame yet but is just as cheerful as ever and always looks on the bright side of life.

Morning subject at the M. E. church next Sunday will be, "God's Work Complete." Evening: At this service the third special sermon will be presented by the pastor on the subject, "Man's Fourfold Mission."

A. E. Tennis and wife returned last Friday morning from Idaho and went out to Simeon to celebrate the 4th with S. L. Ellis and wife. Mrs. Tennis will be better known as Miss Rose Morgareidge who was one of the Cherry county teachers, and had lived in our town while attending school some years ago. They were married June 17 at the home of W. D. Morgareidge at Moscow, Idaho. They expect to live near Kennedy. The DEMOCRAT congratulates them.

Abijah Overman was in our city Monday making arrangements for a sale that he will have on July 15 which will be this coming Wednesday. There are 88 head of cattle and numerous other articles for sale that you might be interested in. Read his sale bill in another part of this paper. If you don't want anything go anyhow. You will be welcome. Its a bona-fide sale; you pay for what you get and get what you buy. All buyers are on the same equality as yourself.

Last week while running our press at the rate of speed that makes a man hungry at supper, we were visited by a nice delegation from the Rosebud Boarding School consisting of O. E. Ramsdill, Mrs. Caruthers, Mrs. Bullard, Mrs. and Miss. Tripp, and was glad of an opportunity of resting long enough to take in a cash in advance subscription and show the people how the printing was done in our office. Mrs. Tripp got too close to the press and got her sleeve blacked some but we get use to that.

Fancy China at Mrs. Elmore's Wm. I. Wray, of Kilgore, this week becomes a reader of the DEMOCRAT having ordered it sent to him while in town Monday.

Miss Leah Wakeman, of Springfield, came up from Ainsworth Monday evening to assist Mrs. W. A. Kimbell with dressmaking.

Ely D. Valentine was up from Woodlake Monday. He says that they had a good crowd at their sale at Woodlake and that they were well pleased.

J. A. Frise gave a practical demonstration at E. H. Bohle's last Friday afternoon of the superiority of the Reception Brand of canned goods over cheap grades.

E. L. Davis and wife, of Wood Lake, spent the 4th here and went up home with Jerome Broad for a visit, returning Monday. Mr. Broad is a brother to Mrs. Davis.

J. B. Tripp and daughter Miss Anna, and Mrs. Caruthers started Friday morning for Boston to attend the N. E. A., and will go from there to Washington. Mrs. Armstrong goes to Kansas City for a months visit with relatives. Mrs. Bullard will visit relatives in Kearney for a month, starting yesterday morning.

THE DEMOCRAT acknowledges a lot of complimentary music, instrumental and vocal, from Lyon & Healy of Chicago, for which they have our sincere thanks. Lyon & Healy are at present offering big reductions on pianos and organs. If you are thinking of buying it will pay you to write to them at Chicago, Ill.

We are indebted to Bro. Church of the Atkinson Graphic for a large size photograph of the editors of the E. V. E. A. taken in front of the Graphic office. You have our thanks Bro. Church. We'll frame it as we did that taken at Chadron and hang it in our office as a memento of the day we spent in your town. You have a good town of generous whole souled people that we'll remember as the years roll by.

Geo. Tracewell handed us a letter Tuesday that he had received from U. G. Dunn stating that the family had gotten through all right to Richmond, Kan., and that he has hired to a man who had 1000 acres of timothy to run a mower at 30c per hour, and that they liked the country there first rate. Grant used to get \$4.00 a day here for single handed work but he writes that his hand is not well enough to work at his trade yet. When it is we think he will be glad to get \$2.00 or \$3.00 per day for work in Kan. and hunt for a job too. But Kansas is a nice place to live.

The Railroad compane has begun the erection of a coal chute and coal house where a car of coal will be run up the chute and dumped. It will be a great saving in time and labor. The huge tower looks like a sky scraper. There are 26 men at work at it and two cooks. They expect to finish up their part of the work in about ten days from the time they began. Other men will take the job and do the finishing work. A gasoline engine with a 3 foot stroke and 40 horse power will pull the cars up the chute and dump them. The capacity of this chute will be 140 tons of coal. It will require only a short time with this new coal house in operation to load an engine with coal and water. Several hundred feet of new side track will be laid for convenience in switching.

FROM EVERY POINT OF VIEW

LOOKED AT

from every point of view, McCormick mowers will be found faultless in design, modern in construction and thorough in equipment, with the most practical features. These mowers are so perfectly balanced, so easily operated and do such smooth and even cutting that they instantly become the favorite of every man who buys one.

The McCormick book, "A MODEL MACHINE," tells all about Model mowers.
