Charley Maxwell had his face burned pretty bad by the explosion of Mory's balloon.

U. O'Bryan, of the reservation, handed us a couple of dollars on subscription just before the Fourth while in town.

**Cut With a Mowing Machine.**  
 Thomas Thomsen, the 12 year old son of Jens Thomsen, was run over with a mowing machine yesterday morning, 3 miles south of town on John Ferstel's farm. His arm was pretty badly cut at the elbow and above the elbow. He had been helping his father load some vegetables and when through his father started him home but being sleepy lay down in the grass and went to sleep. John Ferstel came along with his mower but the grass was high and he could not see the boy.

**Normal Notes**

The attendance has reached one hundred.

Misses Monta Herring and Ada Gould are two new students from Ainsworth.

Miss Nellie Easley has taken up work in the Junior Normal preparatory for High School work next year.

Pres Clemens, of the Fremont Normal, visited our Normal last Friday and gave an address to the students in the afternoon.

Misses Smith and Gorbail returned from Bassett Sat. night. Miss Rose Ross came with them and entered the Normal Monday.

C. V. Thorn, Principal of Lower Cut Meat Indian school, visited the Normal Wed. and expressed himself as greatly pleased with it and especially with the instructors.

Mr. Baldwin, weather observer at this place, gave a very interesting talk at chapel Monday morning and invited the students down to see "the machine which makes the weather"

The illustrated lecture of Dr. Condra last Friday evening was well attended and something learned about our beautiful places at home. In the words of the lecturer "Why teach the wonders of the Amazon before we know the beauties of the Platt, and long for Niagara when we know nothing of the grandeur of Smith Fall"

About 40 of the Normalites led by F. M. Walcott, went "walking" last Thursday evening and feel more than repaid for the exertion in climbing hills and scrambling over rocks. All were delighted with the beauty of the scenery and even some whose homes are here were surprised. We returned by way of Prof. Watson's where we were given some very refreshing lemonade.

**AS A WORKING TOOL**

for the student and the writer, as an authoritative reference book for schools, families and business men, there is one book which offers superior advantages both in the solid value of its information, and the ease with which it is obtained.

One's admiration for Webster's International Dictionary increases daily as it comes to be better known. It never refuses the information sought and it never overwhelms one with a mass of misinformation illogically arranged.

The St. James Gazette of London, England, says: For the teacher, the pupil, the student and the litterateur, there is nothing better; it covers everything.

The New and Enlarged Edition recently issued has 25,000 new words and phrases, 2364 pages and 5000 illustrations.

Our name is on the title-pages of all the authentic dictionaries of the Webster series.

**LIVER TROUBLES**

"I find Theford's Black-Draught a good medicine for liver disease. I cured my son after he had spent \$100 with doctors. It is all the medicine I take."—MRS. CAROLINE MARTIN, Parkersburg, W. Va.

If your liver does not act regularly go to your druggist and secure a package of Theford's Black-Draught and take a dose tonight. This great family medicine frees the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile.

Theford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Theford's Black-Draught should always be kept in the house.

"I used Theford's Black-Draught for liver and kidney complaints and found nothing to excel it."—WILLIAM COFFMAN, Marblehead, Ill.
