GENERAL LAW PRACTICE
Valentine, Nebraska.

A Letter From Southern California

Many of our readers who are acquainted with Dr. Seymour, the eye specialist, who has made regular trips through this state for so many years, will be interested in a letter we have recently received from him from Southern California. Those who know the doctor personally are aware that he is not in robust health and it will not be surprising that Chicago climate was too severe on him during the past winter, from a health standpoint, and in the interests of his family he was strongly advised to seek a milder climate, which he has done. In the following letter he expresses his pleasure and gratification in California, and Los Angeles in particular, as a city in which to establish a home, as well as mentioning the wonderful advantages to be derived there from a business standpoint.

Los Angeles, Cal. Aug. 26, 1903.
From the U. S. statistics Los Angeles has grown faster in the past ten years than any other city in the United States, and now far surpasses Omaha in size and metropolitan advantages. It promises to equal San Francisco in a very few years as to size and importance. Los Angeles enjoys many advantages that are hardly equaled, and not surpassed elsewhere in the United States, being situated some twenty miles back from the sea coast in a beautiful valley protected by mountains on each side, and has over three hundred days of sunshine every year. Although situated much farther south than Nebraska, hot weather such as you have here is practically unknown here. As for hot nights, they are also entirely unknown here, having slept under a blanket and quilt every night since I have been in the state. While I am of course, enthusiastic from a personal standpoint, I do not wish to make the common mistake of seeing only the pleasant side as everyone knows there must be some disadvantages in all climates, and the one that strikes a stranger the most forcibly on coming here is the dusty appearance of the trees, houses, and in fact every object which is not subject to irrigation, or watered by hand. As you know, there is absolutely no rain from early in the spring until late in the fall, and naturally the dust and heat make the leaves of the trees look grimy for a month or two, even though they are perfectly green under the dust. This and the sand fleas have been the bane our existence in what, otherwise, seems to me the nearest an ideal climate of any I have ever visited.

I will return to Nebraska on my usual visit, and shall be pleased to see and talk with anyone who may read these letters, if they are interested in this country.
Yours truly,
DR. SEYMOUR.

Penbrook Quills.

Mrs. Hauger visited with her mother a short time since.

Mr. Allen and Miss Osburn were out for a buggy ride Sunday.

Mr. Grooms and Miss Swain spent Sunday at G. W. McFarland's.

A man who sees his own faults and not his neighbors, has purity established deep in his own heart.

A slight mistake last week in regard to Mr. Swain's fruit tree; the number of apples was 153 instead of 115.

The Rake ranch, belonging to D. A. Handcock and located on Seven Creeks, has had several visitors from Mo. recently.

Mrs. Hittle and Miss Randall went out to Valentine Sunday afternoon. Miss Randall will attend the Valentine high school.

A man from Springview, we did not learn his name, moved into the neighborhood last week and we extend a hearty welcome.

Henrich Schwendenmityer and Miss Wilhelmina Scarsenberger were married recently. The minister's name was Suberkruppe, wonder if he got one of those pups that

Rev. Ray of Valentine told about.

Mr. and Mrs. Swain recently purchased a new Kimball piano organ for their daughter Miss Roxie; a fine instrument which any young lady could feel proud of.

Here's a clipping from the Portland Argus, hoping the lawyer will get his purp alright: Stole or rund away—been loose him about two, tree weeks, bees almost black and white dog, him tail cut off pretty close to my body, somebody find her keep it, I belong to him. JOE BORDEAU.

PORCUPINE.

A CUT AND SLASH.

The Weekly State Journal, which for thirty-five years has been one dollar a year, will now be sent to new subscribers a whole year for 25 cents. Every family in Nebraska that does not have a daily paper should get the Weekly State Journal at this price, 25 cents a year. A big eight or ten page paper published every Friday, with all the news of the world, all of Nebraska news in particular and full of good reading matter for the whole family. At this price you can not only afford to take it yourself, but can send it to your friends in other states. All you have to do is to send your name and address with a quarter to the Weekly State Journal, Lincoln, Neb. why not send in your order at once?

Bailey Briefs.

Lillie Goodin is home from Wyoming.

John Seager is running a corn binder.

Kate Weede is teaching school in Merriman.

Bessie Hauger went to Cody the 5th to start to school.

Nellie Jerman was visiting a few days in Bailey recently.

Lulu Sellers and Fannie went a plumbing on the Minnetonka the 7.

Ed Weede and his sister Gertie are visiting at Ed Weede's, Sr. from Iowa and Mr. Brockway from Lincoln.

W. H. thinks he will have to send Lee Sellers to the reform school; he is away every Sunday.

Most parties are through haying in Bailey, although some have two or three weeks mowing yet.

Even brief visits at summer resorts these days convince observing ones that the young men there are of the weaker sex, the good habits and clean lives of the girls and cigaretts, strong drinks and late hours of the boys explain the causes clearly.

GUESS WHO I AM.

Junior Normal Resolutions.

(Continued from last week.)
primary work, which she has done, but from everyone in attendance come forth the same expressions of genuine satisfaction, and may she rest assured that upon the lives of the children of Northern Nebraska will be stamped the example of her life and her methods of teaching.

RESOLVED, That we extend our sincere thanks to the trustees of the M. E. church for the free use of their church for chapel exercises, entertainments, lectures and music, and be it further

RESOLVED, That we tender this sincere expression of our gratitude to the citizens of Valentine for their kindness and hospitality. Never have people more cordially opened their homes, their churches and places of amusement than have these people to us, and never were strangers made to feel so much at home in a strange place. The individual efforts of each who has striven to add to our pleasure, the receptions and entertainments given to us so many times will never be forgotten. It is an interesting fact deserving much emphasis of statement that the members of the school never enjoyed a more harmonious and profitable summer with the people of town than the members of the junior normal with the citizens of Valentine.

RESOLVED, That the county superintendents represented in this junior normal deserve much credit for all they have done to assist the students of the several counties and all the work during the entire season.

RESOLVED, That Miss Zaida Elliott has proven herself an efficient accompanist as well as an able and courteous assistant in the musical department of the normal.

TEACHERS, A powerful influence is being used in Nebraska to strengthen our educational organization, and let us resolve that our work this year will be such, that when June 1904 comes we will return two hundred strong to renew our school and social relations with the same faculty and the same people.

LIVER TROUBLES

"I used Theford's Black-Draught a good medicine for liver disease. It cured my son after he had spent \$100 with doctors. It is all the medicine I take."—MRS. CAROLINE MARTIN, Parkersburg, W. Va.
If your liver does not act regularly go to your druggist and secure a package of Theford's Black-Draught and take a dose tonight. This great family medicine frees the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile.
Theford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Theford's Black-Draught should always be kept in the house.
"I used Theford's Black-Draught for liver and kidney complaints and found nothing to excel it."—WILLIAM COFFMAN, Marblehead, Ill.
